

2005 - 2012

James Rydland
Superintendent
(2005 - 2014)

2006

Transportation Center
relocated from the High
School to North Aurora.

2008

The Field of Dreams that now serves
multiple P.E. classes, Band and multiple
athletic programs, was funded almost
entirely by private contributions at a very
successful community drive.

2009

The A+ Foundation launched a
unique opportunity for donors to
connect directly with classroom
needs. The Fund-A-Need program
enables School District 129
teachers and staff to promote the
needs of their students on the A+
Foundation website. Donors then
are able to choose and fund those
needs directly.
