Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2013-14 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement- Most Recent Year

Joseph George Middle School is located in East San Jose within the community of Alum Rock. George was designated a Visual and Performing Arts Anchor School (VAPA). The integration of visual and performing arts instructional strategies are used in the Social Studies, English Language Arts, Science, and Math. We are proud to offer the following elective classes: Band, Drum Corps, Choir, Beginning and Advance Art, Digital Art, Career and College Readiness, beginning and advanced Dance, and Leadership. Joseph George provides the staff, students, and parents a showcase of student talent a minimum of twice a year at scheduled VAPA Showcase Events. We utilize state approved curriculum in all subject areas and provide technology resources in the form of Promethean Technology interactive classrooms, computers, and teacher resources to enhance instruction. Each student receives core subject supplementary materials along with guides to effectively utilize them according to the standards being taught. Our teachers have begun utilizing data to inform instruction by creating formative assessments through our academic data management systems-OARS and Cruncher. Through this process, we took steps to collaborate by department and create methods to increase student achievement. Departments have broken down the new Common Core State Standards into Essential Learnings. This endeavor is in the beginning phase, but we anticipate further enhancement in the future. In addition, trainings have been offered and completed by teachers in Direct Instruction. A school wide positive behavior intervention system was created and adopted. The Viking Acts were created by a team of staff members in order to build a positive community environment. To promote social and civic responsibility, students participate in Character Counts monthly activities. We offer a variety of extracurricular programs such as organized sports, arts and music. Every year, we hold a "Turkey Trot" race; a physical fitness exercise for students, parents, and staff. Students also participate in local VAPA Showcases and music concerts. Each spring in collaboration with one of our feeder elementary schools we put on a musical production. To completely support our students, along with our VAPA program, we offer an afterschool tutoring program. MESA (Mathematics, Engineering and Science Achievement) is a community-based afterschool math and science program. We also offer participation in our yearbook, Leadership, and the science fair; all of which give students opportunities to expand their knowledge and skills. Our 6th graders participate in Extended Learning Time through Citizen Schools. This provides students with homework assistance, master skills building, and apprenticeships with local business volunteers. We want you to know that parents are important and valuable partners in the formal process of educating children. We find that the majority of our parents are working and we have been highly successful with "just-in-time" volunteering. We request assistance through our email list, our monthly meetings at the Parent Coffee and on our website. Parents assist us with teachers' duplicating requests, mailers home at the beginning of school and financial support through fundraisers and donations. We feel highly supported by parents and guardians concerning the common goal of student academic improvement. Our Back-to-School night, book fairs, English Learner Advisory Committee, Parent Coffee, School Site Council, Turkey Trot, sports events, awards assemblies, Open House, VAPA Showcases and promotion ceremonies are all well attended. We welcome parents to visit classrooms and participate in the planning and implementation of our activities and programs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

School Facility Conditions and Planned Improvements - Most Recent Year

The District makes every effort to ensure all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

George Middle School was built in 1970. School facilities are being renovated according to the Field Act requirements of the State Building Code with a focus on earthquake safety. In the event that asbestos and lead containing building materials are found, they are removed according to Environmental Protection Agency (EPA), State, and Local requirements. Deferred maintenance funds have been used to properly maintain and renovate district buildings. Needed repairs and maintenance projects are completed in a timely manner.

School facilities are comprised of six classroom wings, an administrative building, cafeteria, boys/girls locker room, music building, dance studio, and community MESA classroom. Whenever possible, school facilities are upgraded to support and maintain a safe, clean and secure campus. Sufficient classroom, office, library, playground, staff space, and restroom facilities are allocated to support stakeholders' needs and the instructional program. The Alum Rock School District maintenance staff, in conjunction with day and night custodians, ensure the school buildings and grounds are safe, clean, and in good repair. Rigorous daily custodial schedules ensure that classrooms, lavatories, serving kitchens, eating areas, offices, and playgrounds are clean for both student and staff use. Regular oversight by district maintenance ensures that grass and landscaped areas are well maintained, and that the school's buildings, grounds and play areas are safe for use.

Maintenance, Grounds and the Custodial staff continues to work together to provide a safe, clean and well maintained learning environment to help support student achievement.

During the 2014-2015 school year, the physical education black top will be repaved with improved drainage.

School Facility Good Repair Status - Most Recent Year

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: 'N/D' means that no data were available to the CDE or LEA to report. 'B' means the school did not have a valid API Base and there is no Growth or target information. 'C' means the school had significant demographic changes and there is no Growth or target information.

State Priority: Other Pupil Outcome

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of English, mathematics, and physical education.

California Physical Fitness Test Results (School Year 2013-14)

Grade Level	Percent of Students Meeting Four of Six Fitness Standards	Percent of Students Meeting Five of Six Fitness Standards	Percent of Students Meeting Six of Six Fitness Standards

9	N/A	N/A	N/A

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement - Most Recent Year

George values and includes all stakeholders in all facets of the educational process. We have many ways for parents to participate in the educational experience at Joseph George. To encourage parent participation, George maintains a system of open two-way communication and employs a variety of methods to increase stakeholder communication. Not only is the School Accountability Report Card available on the district's website and Joseph George Webpage, but pertinent school information, including results of the school evaluation process, school data, and school programs are also available to parents in the principal's monthly newsletters, which are written in English and Spanish.

In order to facilitate communication between home and school students were given a student agenda for homework and parent communication. This is a venue for teachers and parents to communicate back and forth.

The school has Parent Link which can send out custom messages to the parents. All parents and students have access to Home Access Center which provides a parent a look at their student's attendance, grades, behavior concerns and contact information for parents and teachers.

Because parent and community participation is essential to student achievement, George School provides a number of parent and community involvement opportunities. Parents and community members are encouraged to become involved in all aspects of activity at Joseph George. Parents may participate in school committees such as School Site Council (SSC), English Learners Advisory Committee (ELAC), District English Learners Advisory Committee (DELAC), and the District Advisory Committee (DAC). The School Site Council is composed of parents, staff, and student representatives. This important committee reviews and revises the Single School Plan for Student Achievement. Other opportunities for parents to volunteer include helping in the library, assisting teachers in classrooms, chaperoning dances, coaching sports, organizing clubs or activities, and speaking to students about their jobs or hobbies.

Parents are also encouraged to attend Back-to-School Night, Parent Teacher Conferences, Winter and Spring Concerts, various sport competitions, Citizen School events, and Honors Night. Our Annual Winter Showcase held in December is attended by 500+ community members, parents, and students.

For more information, please contact our parent Liaison, Carmen Rubio at 408 928 7608

You may also contact one of our two administrators: Ms. Campbell or Mr Kleidon at 408 928 7600.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

Joseph George Middle School has a very detailed, comprehensive school safety plan that outlines protocols, systems, and procedures in the event of any/all emergencies. School grounds are carefully monitored by school staff at all times. Joseph George Middle School has a School Resource Officer (SJPD) five days a week for four hours a day, strategically coordinated around brunch, lunch and student dismissal times. Teachers supervise selected areas of the school before school, at brunch and lunch, and at student dismissal. All outer gates are closed and locked during the school day. The plan also contains the yearly safety goals as determined by the students, staff, and parents. The Safety Plan is developed by the George Safety Committee before it is presented to the Alum Rock Union Elementary School District Board of Trustees for annual approval.

The Safety Plan and drill procedures are reviewed during the year with all staff. Safety alerts are shared with all staff as needed throughout the school year. In addition, all required drills are calendared and completed, and the results are shared with staff. The George Safety Plan has a comprehensive, enforceable, and continuous behavior policy, set of rules and regulations, dress code policy, set of protocols for safety/emergency drills, tardy policy, attendance policy, referral policy, non-discriminatory policy on student rights and responsibilities, campus security policy, harassment policy, and Internet safety policy.

All visitors are required to check-in at the school office. Fire drills and disaster procedures are specifically outlined and regularly updated and practiced. Safety programs include drug awareness, personal safety, and personal growth. To ensure a safe environment, the district provides SJPD School Resource Officers. The school grounds and playground are safe because they are well-supervised by staff before, during, and after school.

The physical safety of the facilities is supervised through a district manager who supports two custodians. Our safety plan is part of our School Site Plan and is revised twice a year using a cycle of inquiry process. School Site Council members approve the plan and participate in its management. School rules are published in the free student handouts, posted on the school website, and available at any time in the front office.

The staff reviews how to recognize and intervene in harassment and bullying at staff meetings each semester. We stay up to date with current research by attending a variety of conferences and professional development focused on bullying. We participated schoolwide in Anti-bullying week where students made a pledge against bullying and teachers provided a variety of lessons in their classrooms on the topic. Our Viking Acts Newsletter address bullying and students are reminded consistently at a schoolwide expectations assembly. Our on site counselor worked individually with students and helps set up counseling groups to address issues.

Types of Services Funded (Fiscal Year 2013-14)

The Joseph George Middle School, School Site Council convenes monthly to review the school budget and to assess program implementation and outcomes.

The following services are provided by the regular program to enable underperforming students to meet academic standards:

Teachers identify at-risk or low-performing students and provide in-class intervention

Afterschool intervention programs provide additional instruction to students falling below benchmark in the areas of reading, writing and math

These additional services are provided for underperforming students to help them meet standards:

Ongoing staff development is provided in differentiated instructional practices in the areas of reading language arts, and math. New this year is the focus on Direct Instruction.

Teachers and principal meet to analyze and assess student data to determine if English learners are meeting standards.

Professional Development opportunities are provided for staff onsite by other staff members, with the contracting of a consultant, and outside PD opportunities. The school participates in the districts transformation PLC in English, Math and Science. This work prepares teachers to provide Common Core State Standards teaching in their classrooms.

Additional opportunities are provided for grade levels and/or department levels to meet for planning and sharing best practices to increase student learning.

Technology to enhance the student learning experience such as laptops for Khan Academy, Active votes, Active expressions, Neo's for Accelerated Reading, Think Clients for student to research online and word processing are provided through the school.

Professional Development - Most Recent Three Years

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The Alum Rock District provides extensive training for teachers and administrators in the implementation the the California Content Standards. Most staff members have participated in AB466 training for teachers. All administrative staff members have participated in AB75 training for administrators. These trainings are sponsored by the state to improve instruction for all students. In addition, staff meeting time is regularly devoted to reading and discussing current professional literature.
