

# 2011-12 1<sup>ST</sup> INTERIM BUDGET

Board Approval: December 12, 2011

José L. Manzo Superintendent

Laura Phan Assistant Superintendent, Business Services

## STATEMENT ON THE BUDGET

The 2011-12 Budget demonstrates how the Alum Rock Union Elementary School District's (ARUESD) Board of Trustees (Trustees) expects to spend its educational dollars during the 2011-12 school year. As ARUESD's policy makers, the Trustees have translated educational dollars to educational programs that will serve to enhance the learning opportunities for the children of ARUESD.

## **BUDGET PRIORITIES**

The budget is a policy statement. It is an evolving, comprehensive fiscal document that puts into action the school board's policies, priorities, and commitment to the district's students, employees and parents. In order for the district to meet its goals, a large part of its budget is committed to the salaries and benefits of employees – employees who are dedicated to delivering education to the district's students. The budget reflects long and short-term goals, achievable over a three year period. Due to limited resources, it is challenging for a district to accomplish everything desired by the community, the board, the superintendent, and the staff. This budget attempts to describe what can be accomplished projections over the next year, and the next several years based on the revenue and the expenditure reflected on Federal, State, and County assumptions as of the date the budget was prepared.

The budget constantly changes as goals evolve and as the environment changes. Demographics, state funding, politics and the economy all influence the budget process. The Superintendent and the Board of Trustees must monitor the changes and modify the budget accordingly.

#### **UNDERSTANDING SCHOOL BUDGETS**

School budgets are sometimes daunting to read because they reflect a complex organization which performs many functions, funded by many sources, each of which has different provisions governing how their funds may or may not be used. This Budget report is a document which links the district's educational policies and goals with its strategies for achieving them. It calculates expected revenues and reflects district plans for using them during the fiscal year which begins July 1, 2011 and ends June 30, 2012.

School districts use a system called "fund accounting". All revenues are placed in the General Fund or in one of the Special Purpose Funds which are either required or permitted by law. Most of the district's transactions flow through the General Fund. Most of the funds are spent for general purposes (Unrestricted programs). Expenditures from the funds must be made strictly according to their specified purpose. Much of the budget is regulated by law.

Each fund includes: A beginning balance (last year's ending balance), revenues, expenditures, and an ending balance. The ending balance in the General Fund is usually divided between money which is restricted for a special purpose. In all funds, revenues and expenditures are recorded line by line according to the purpose of the account.

In summary pages, the revenue and expense for funds are broken down into their major categories. Following the summary page, the reader will find several pages which detail the components of these categories, with some explanation.

Each fund also shows a Multi-year Report of Income and Expense. This page reveals a financial history of the fund. This report tracks growth or decline of revenues and expenditures over time.

Restricted programs are funded and regulated by a government agency with restrictions either on the characteristics of the children it may serve or on the aspect of any program it may fund. An explanation of the Restricted programs is offered on page 7. Special Purpose Funds are explained on page 16.

All unusual terminology is explained in the glossary. Reviewing the glossary before approaching the financial pages will be helpful in understanding the relationships of program revenues and expenditures.

In addition, refer to the Executive Summary in section *iii* for a discussion of District operations.

# **Executive Summary**

The following narrative of all funds is in accordance with AB 1200 and AB2756, which require projections for the current fiscal year and two budget years in the future. Two major criteria are positive cash and positive fund balances at the end of the fiscal year. If a district indicates that either of these qualifications cannot be met, then the district has a qualified certification (the district may not meet its financial obligations for the current fiscal or subsequent two fiscal years) or negative certification (the district will be unable to meet its financial obligations for the remainder of the fiscal year or for the subsequent two fiscal years).

In accordance with AB2756, Qualified and Negative Certification districts must wait for County Office of Education review before the Board of Trustees can act to ratify bargaining unit tentative agreements.

Based on the current assumptions and projections, the District's Proposed Budget has a Qualified Certification. This means that ARUSD will be able to meet its financial obligations for the current fiscal year and subsequent fiscal year two, but may not be able to meet its financial obligations in subsequent year three.

### Financial Highlights

The ARUSD Board of Trustees approved the 2011-12 original budget on June 16, 2011 based on the Governor's May 2011 Proposed Budget. The First Interim Budget presented herein has been revised to reflect the projections of income with new funding information per the State Budget Plan and AB114 as signed into law by the Governor on June 30, 2011. The expenditures also reflect total staffing with step and column increases and collective bargaining settlements, new expenditures, and other operational changes.

The state budget contains "trigger provisions" that require the Director of Finance to assess tax receipts in December 2011, and to make additional expenditure reductions if revenues fall short of forecasts. If tax receipts are more than \$2 billion below estimates, schools would be cut in the following manner:

- Home-to-School Transportation funding would be cut by 50%
- Revenue Limit funding would be cut proportional to the revenue shortfall up to 4% of revenues

If the "triggers" are pulled, school districts are given the option to reduce the school year an additional 7 days, in addition to the 5 days reduction previously authorized. However, reducing the school year and imposing corresponding furlough days on employees require agreement by the collective bargaining units.

Key financial highlights for the General Fund Budget are as follows:

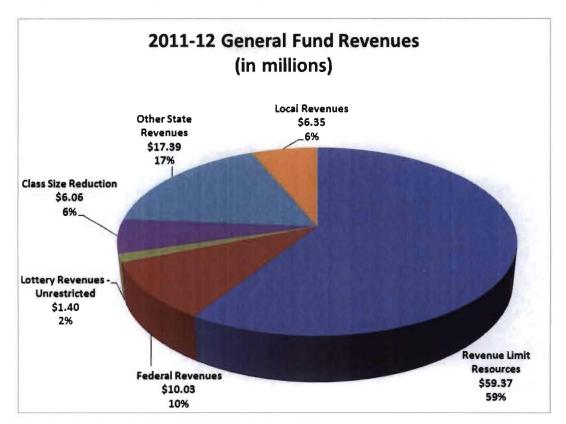

- Base Revenue Limit per average daily attendance (ADA) is \$6,266.07, but <u>funding is at \$4,698.27 per ADA</u> based on the statutory COLA of 2.24%, deficit factor of 19.754% and a one-time revenue limit reduction of \$250.00 per ADA.
- Average Daily Attendance is projected at 12,057.03 but the District will be funded at the higher prior year ADA of 12,181.58 (adjusted for loss to charter schools).
- Home-to-School Transportation revenue is reduced by \$703 thousand (50% cut) pending mid-year triggers.
- Total expenditures and other uses are projected to exceed revenues, and therefore reducing reserves, by \$9.7 million.
- The \$2.1 million Federal Ed Jobs Fund received in 2010-11 is used in 2011-12 to fund positions previously paid for by the State Fiscal Stabilization Fund (SFSF). This allows the District to reduce the number of layoffs necessitated by revenue decrease.

#### General Fund

The general fund is the main operating fund of Alum Rock Union Elementary School District. It is used to account for all activities except those that are required to be accounted for in another fund. All of the District's activities are reported in the general fund unless there is a compelling reason to account for an activity in another fund.

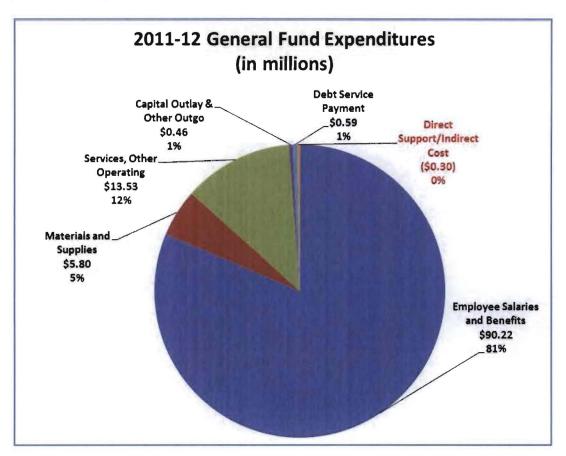

Alum Rock Union is a revenue limit school district, which means that the District operates under general-purpose revenue limits established by the State Legislature. Increase in revenue limit funding is set by a statutorily determined Cost of Living Adjustment (COLA) plus individually determined equalization aid, if any. Revenue limit income is calculated by multiplying (1) the actual daily attendance ("ADA") by (2) a base revenue limit per unit of ADA. In recent years, revenue limit funding has been reduced by the deficit factor which means that the District is not receiving all the funds it is entitled to.

In addition to revenue limit income, the District receives federal and state revenues for categorical programs. These resources are highly restricted and may only be expensed within the guidelines provided for each program. Local revenues include property parcel taxes, leases and rentals, interest income, and miscellaneous local sources.

The District's expenditures are primarily to provide classroom instruction, student intervention, or instructional support. Administrative and support services are in

accordance to requirements or mandates by California Education Code, and other federal and state regulations. Employee salaries and benefits take up approximately 81% of total general fund expenditures.

# Changes in the General Funds at First Interim

Total revenues decreased by \$2.4 million, from \$103.0 million at Revised Adopted Budget to \$100.6 million at First Interim as follows:

- Revenue Limit revenues decreased by \$3.0 million as a result of projected midyear trigger cuts of \$250.00 per ADA;
- Federal revenues increased by \$1.0 million primarily due to 2010-11 categorical carryovers not included in the Adopted Budget;
- Other State revenues decreased by \$.4 million from a reduction in Transportation apportionment as a result of mid-year trigger (-\$702 thousand), and mandated reimbursements not included in the Adopted Budget (\$327 thousand); and
- Class Size Reduction revenues decreased by \$56 thousand due to revised K-3 enrollment.

Total expenditures increased by \$4.5 million, from \$105.7 million at the Adopted Budget to \$110.3 million at First Interim as follows:

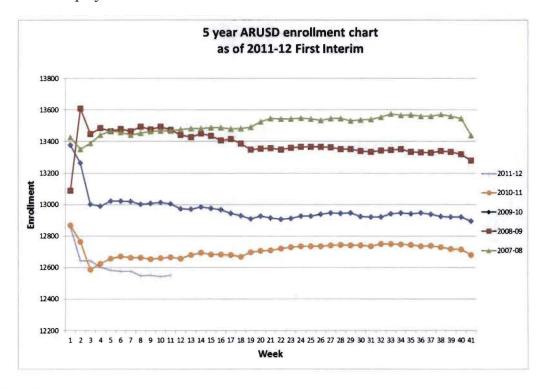

- Employee salaries and benefits increased by \$1.0 million to reflect the addition of 11.43 FTEs, adjustments in budgeted step/column increases, and one-time \$750.00 per FTE stipends per collective bargaining agreements with CSEA and Teamster;
- Materials and supplies increased by \$2.3 million, with the majority of the increase (\$2.1 million) in the restricted funds;
- Services and other operating expenditures increased by \$1.1 million as a result of unanticipated services and contracts as approved by the Board; and
- Capital Outlay increased slightly by \$.1 million for technology equipment to support the iDream Project at San Antonio and LUCHA schools.

### Demographics and Data

#### **ENROLLMENT**

Student enrollment for the District peaked in 1998 and has been in a decline since. In addition to families moving out of the area as a result of the economic downturn, charter schools continued to erode district enrollment in recent years. The District has lost 985 students since 2005. The CBEDS October 2011 enrollment count was 12,541 (including special education), a decrease of 140 students from the prior year ending enrollment. The 2011-12 enrollment loss was actually lower than estimated for the Adopted Budget when the loss was projected at 274.

#### **STAFFING**

The District already settled with both classified units, CSEA and Teamster, for fiscal year 2011-12 for one-time stipends of \$750.00 per FTE. There are no salary increases except for Step and Column movements. The District is in continuing discussions with the Alum Rock Educators Association (AREA), as the contract expired June 30, 2011. The \$750.00 per FTE stipends have been disbursed for CSEA and Teamster members.

Class sizes across the district for 2011-12 are as follows:

Grade K-3	20:1
LUCHA Grade 4-5	25:1
Adalante Grade 4-6	25:1
Grade 4-8	32:1
Special Day Class (SDC)	11:1 (average across the district)

Teacher FTEs increased due to addition of intervention teachers paid by categorical funds (Restricted General Fund). One administrative position, Dean of Academic Affairs, was added to provide support for McEntee Elementary and Linda Vista Elementary. Reduction in classified support FTEs is due to elimination of one custodian position, one sign language interpreter position, one office assistant position, and adjustment in noon duty hours.

#### **EMPLOYEE BENEFITS**

The District pays approximately 74% of employee health benefit premiums on average. In addition, mandatory payroll taxes include the following.

<b>Employer Tax</b>	<u>2011-12</u>
STRS	8.2500%
PERS	10.9230%
PERS Reduction	2.0970%
OASDI	6.2000%

#### INDIRECT COST

Indirect costs are those costs of general management that are district-wide. General management costs consist of expenditures for administrative activities necessary for the general operation of the district (e.g., accounting, budgeting, payroll preparation, personnel management, purchasing, and centralized data processing). The district is

allowed to recover administrative costs from federal and state programs without having to time-account for the general administrative support provided to each program by applying the approved indirect cost rate.

The indirect cost rate has decreased since 2006 (6.45%) as a result of the district's reduction of general administrative costs. ARUSD's 2011-12 approved indirect cost rate for allowable categorical programs is 5.23% and 4.80% for Child Nutrition Services. However, some categorical programs only allow the district to recover up to 2% in indirect costs.

For 2011-12, the Unrestricted General Fund is projected to recapture \$1.6 million of indirect costs from the categorical programs and \$.3 million from Child Nutrition Services.

#### General Fund - Unrestricted

It is important to note that the Unrestricted General Fund accounts for all of the District's instructional and operational activities, plus contribute to the restricted programs when costs of the mandated activities exceed resources. In addition, the required 3% reserve for economic uncertainties comes from unrestricted fund balance.

The District's revenue limit funding is accomplished by a mix of (1) local property taxes and (2) State apportionments of basic and equalization aid. Generally, the State apportionments amount to the difference between the District's revenue limit and the local property tax revenues. Revenue limit funding accounts for approximately 82.9% of total unrestricted resources.

The State allows for flexibility in forty-two Tier III categorical programs, only fifteen of which pertain to ARUSD. Funding for these programs will be provided as unrestricted funding from 2008-09 through 2014-15, with a two-year extension from the original end date of 2012-13. Total revenues from the Tier III categoricals are projected at \$6.1 million. Approximately \$1.6 million has been budgeted to continue activities originally intended by these programs. The remaining \$4.5 million is retained to offset revenue deficits.

The District remains committed to maintaining Class Size Reduction (CSR) in Kindergarten through 3<sup>rd</sup> Grades. However, state funding of K-3 CSR is woefully short of the costs to maintain class size at 20:1. Parcel tax revenues contribute approximately \$1.9 million to the CSR program.

Approximately \$3.3 million of the unrestricted ending balance must be set aside for economic uncertainties and encumbrances and obligations. Unassigned Ending Fund Balance is projected to be \$5.1 million at end of 2011-12, and this will enable the District to offset projected deficits in 2011-12 and 2012-13.

#### General Fund – Restricted

#### ROUTINE RESTRICTED MAINTENANCE (RRM)

The Routine Restricted Maintenance program concept is a strategy for managing Alum Rock School District facility and plant assets. The purpose of the RRM is to protect investment in infrastructure, reduce the maintenance backlog, control and reduce costs, minimize waste, and to maintain school buildings and facilities in a safe and efficient manner to support and enhance the learning environment for students, faculty, and staff.

The District is required to set aside 3% of total adopted budget general fund expenditures for routine restricted maintenance. For 2011-12, \$2.1 million will be transferred from Unrestricted General Fund to Routine Restricted Maintenance. The RRM fund supports grounds and routine facility maintenance, and non-major facility repairs. Custodial services are considered operational activities and cannot be paid from this fund. Approximately 52% or \$1.3 million of RRM expenditures are for employee salaries and benefits. Projected ending fund balance of \$287 thousand is legally restricted for future maintenance needs.

#### **CATEGORICALS**

Categorical funds provide additional instructional support for our students in the areas of intervention, staff development, resource teachers, academic coaches, district support services, and classroom technology.

Federal revenues are projected at \$7.5 million, state revenues are projected at \$8.4 million, and local grants are projected at \$.3 million.

Included in the current year categorical budgets is one-time funding from the Federal Ed Jobs Fund. This fund will be used in 2011-12 and 2012-13 to alleviate layoffs of nonadministrative positions.

#### TRANSPORTATION

The District currently operates 41 bus routes, two of which are regular home-to-school busing to Painter, McCollam and Sheppard schools. The remaining thirty-nine routes (an increase of five routes from prior year) transport special education students within the district and also to programs outside district boundaries. A total of 207 regular education students and 416 special education students are bused daily for a total of 1710 miles.

State funding for Home-to-School Transportation is budgeted to be cut by 50% (\$703 thousand) in anticipation of the mid-year triggers.

For 2011-12, it is projected that Unrestricted General Fund will have to contribute \$2.2 million to offset state funding shortfall. This is approximately 75% of the \$2.9 million total expenditures.

#### SPECIAL EDUCATION

ARUSD is a member of the Southeast Special Education Local Plan Area (SELPA). Special education funding comes from both the federal and state, and are apportioned through the SELPA. Included in the budget are district programs and services, excess cost paid to the Santa Clara County Office of Education for district students in county programs, and the cost of non-public schools and agencies.

Special education is highly regulated by the IDEA, and the District risks lawsuits and sanctions if the Individual Education Plan (IEP) process is not followed. Although district staff continues to review programs to contain costs, the Federal government requires the District to maintain a certain level of services (expenditures) as in the prior year (maintenance of effort) which limits the District's ability to reduce expenditures in this area.

For 2011-12, the District is providing instruction and specialized services for 399 special education students in district operated programs and 143 students in county operated programs (as of October 2011 CBEDS count). The cost to operate special education programs is \$14.7 million and the District will only receive \$5.6 million from revenue limit, federal and state sources. Special Ed deficit of \$9.1 million (62% of total expenditures) will have to be transferred in from the Unrestricted General Fund.

#### Cashflow

Cash flow continues to be impacted by the current economic crisis and other events. Prior to the current cash crisis, the most significant indicator of fiscal solvency has been the General Fund reserve levels. Now that we are in an era of State Budget cuts and cash deferrals, cash has moved into the forefront.

Not all of the General Fund reserve is available to meet obligations at a given point in time because not all assets are liquid or accessible. For example, accounts receivable are an asset, but until the cash is in the bank, we can't spend it for current obligations. Another area that bears discussion is the difference between budget and cash—a budget is a plan that transpires over a year-long period, while cash needs to be available at the time the obligation is due. In addition, while budget revisions are typically adopted at least several times a year, cash is even more volatile than budget - cash flow projections are likely to change every month.

The State's 2011-12 Budget Plan includes several changes and additions to the deferrals for the 2011-12 fiscal year. The updated deferral schedule results in 38.4% of the cash flowing from the current-year apportionments into the 2012-13 fiscal year (this is an increase in the cash deferral rate of 28.3% in 2010-11). As a result, ARUSD will not have access to approximately \$15 million to pay for budgeted expenditures until after July 1, 2012. The District monitors cash on a weekly basis and prepares updated cashflow projections monthly, and will manage accounts payables to get through the negative cash months. See projected Cashflow in the State Reports section.

The Board approved a Resolution in November, 2011 authorizing the borrowing of funds for fiscal year 2011-12 and issuance of Tax Revenue Anticipation Notes (TRANS) up to \$10 million. The District has not issue a TRANS as of First Interim, but may do so before March 2012 in order to finance cash shortfalls arising from the mismatch between the timing of expenditures and the receipt of revenues.

## Multi-Year Projections

Revenues are projected using guidelines by Santa Clara County Office of Education (SCCOE) and State Department of Education. The factors applied are based on the State's 2011-12 Budget Plan, SCCOE Guidelines and School Services of California Dartboard.

Expenditures are projected based on projected enrollment decline and corresponding staffing level with estimated step and column increases; provisions have not been made for collective bargaining settlements in either Year 2 or Year 3. Estimated step and column increases are included in the projections at 1.0% for certificated and 0.5% for classified employees.

Operating expenditures and contracted services are based on projected Consumer Price Index (CPI), and additions or deletions of 2011-12 one-time only expenditures.

See Budget Assumptions on page 4.

#### YEAR 2: 2012-13

- COLA is estimated at 3.1% with continuation of the deficit factor of 19.754%
- Net increase to revenue limit base is 3.1% (approximately \$193 per ADA)
- Due to projected decline in enrollment, revenue limit ADA is projected at 12,053.06 based on estimated 2011-12 Period 2 (P-2) attendance; enrollment for 2012-13 is projected at 12,037
- Mandated cost reimbursements have not been budgeted
- Classroom staffing has been adjusted to reflect enrollment decline, while maintaining K-3 class size at 20:1
- Contribution from Unrestricted General Fund to Restricted programs is projected to be at \$13.0 million.

#### YEAR 3: 2013-14

- COLA is estimated at 2.8% with continuation of the deficit factor of 19.754%
- Net increase to revenue limit base is 2.8% (approximately \$179 per ADA)
- Continuing the trend of declining enrollment, revenue limit ADA is projected at 11,546.70 based on estimated 2012-13 Period 2 (P-2) attendance; enrollment for 2013-14 is projected at 11,730
- Classroom staffing has been adjusted to reflect enrollment decline, while maintaining K-3 class size at 20:1
- Contribution from Unrestricted General Fund to Restricted programs is projected to be at \$13.4 million. The increase in contribution reflects transportation and special education expenditures that increase on the natural

The multi-year projections table below shows that the District is operating with ongoing deficits. The combination of declining enrollment and negative funding by the State do

not generate enough revenues to offset expenditures that increase on the natural each year. The District is projected to have a negative ending fund balance by the end of fiscal year 2013-14.

The Governor will release his Budget Proposal for 2012-13 fiscal year on January 10, 2012. On November 16, 2011, the Legislative Analyst Office released a report that anticipates a \$3.7 billion shortfall for 2011-12 and total budget deficit of \$13 billion through 2012-13. In light of the state budget deficits, the Governor's 2012 Proposal is sure to change the District's budget assumptions for the two out years. A Budget Advisory Committee will be convened in early 2012 to assist staff with budget planning for fiscal year 2012-13.

# GENERAL FUND RESTRICTED PROGRAMS

# **Alum Rock Union Elementary School District**

# K-8 GENERAL FUND SUMMARY RESTRICTED PROGRAMS

## 2011-12 1st INTERIM BUDGET

### **COMMENTS**

Restricted programs or activities within the General Fund must be identified, accounted for, and reported separately. This requirement means that General Fund activities will be divided into restricted and unrestricted segments.

Restricted programs or activities are those funded from external revenue sources legally restricted or restricted by the donor to specific purposes. Programs funded by restricted and unrestricted sources will be accounted for and reported as *restricted*.

Multi-year reports have been prepared for Routine Repair, Categorical, Special Education, and Transportation sub funds.

### SPECIAL PURPOSE FUND

### **FUND ACCOUNTING**

The accounts of the District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that compromise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District maintains two special revenue funds:

- 1. Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeterias.
- 2. Deferred Maintenance Fund is used for the purpose of major repair or replacement of District property.

<u>Capital Project Funds</u> are used to account for the acquisition and/or construction of all major governmental general fixed assets. The District maintains the following capital project funds:

- 1. Capital Facilities Fund is used to account separately for money received from fees levied on developers or other agencies as a condition of approving a development.
- 2. County School Facilities Fund is established pursuant to Education Code section 17070.43 to receive apportionments from the State School Facilities Fund authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants.
- 3. Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund moneys for capital outlay purposes (Education Code section 42840).

**Building Fund** exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

1. Other authorized revenues to the Building Fund (Fund 21) are proceeds from the sale or lease-withoption-to-purchase of real property (*Education Code* Section 17462) and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board (*Education Code* Section 41003).

<u>Self-Insurance Fund</u> exists to separate moneys received for self-insurance activities, health & welfare and workers' compensation, from other operating funds and are lawfully restricted for insurance purposes (*Education Code* Section 17566 and *Government Code* Section 53205). The Self-Insurance Fund is a sub-fund of the General Fund.

<u>Debt Service Funds</u> are established to account for the accumulation of resources for and the payment of the principal and interest on general long-term debt. The District maintains two debt service funds that are managed by the Santa Clara County Controller's Office:

- 1. Bond Interest and Redemption Fund are used for the repayment of bonds issued for the LEA.
- 2. Tax Override Fund is used for the repayment of voted indebtedness tax levies (other than BIRF repayments) to be financed for the ad valorem tax levies.

QCSB funds is a U.S. debt instrument created by Section 1521 American Recovery and Reinvestment Act of 2009. Section 54F of the Internal Revenue code covers QSCBs. QCSBs allow schools to borrow at a nominal zero percent for the rehabilitation, repair, and equipping of schools. QSCB lender receives a Federal Tax credit in lieu of receiving an interest payment.

# ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT CAPITAL FACILITIES FUND - 25 MULTI-YEAR PROJECTIONS OF INCOME AND EXPENSE

The Capital Facilities Fund is used primarily to account separately for fees collected from developers, agencies, and individuals as a condition for being granted a building permit. The Governing Board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any construction within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities. The District charges \$1.43 per square foot for residential and \$0.22 per square foot for commercial/industrial construction.

# ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT COUNTY SCHOOL FACILITY FUND - 35 MULTI-YEAR PROJECTIONS OF INCOME AND EXPENSE

This fund is established pursuant to Education Code Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), or the 2004 State School Facilities Fund (Proposition 55) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (Education Code Section 17070 et seq.).

# ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT SPECIAL RESERVE FUND - 40 MULTI-YEAR PROJECTIONS OF INCOME AND EXPENSE

The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund moneys for capital outlay purposes. This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to Funds 21, 25, 30, and 35. Other authorized revenues that may be transferred to this fund are proceeds from the sale of real property. What is reflected in this fund is the remaining fund balance from the sale of the Conniff property in 1983.

### SELF-INSURANCE FUND

# ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT SELF INSURANCE FUND COMBINED FUNDS 67 & 68 MULTI-YEAR PROJECTIONS OF INCOME AND EXPENSE

Internal service funds are created principaly to render services to other organizational units of the LEA on a cost-reimbursment basis. Self-insurance funds are used to separate moneys received for self-insurance activities from other operating funds of an LEA. Separate funds may be established for each type of self-insurance activity. (Education Code Section 17566).

### **APPENDICES**

### Glossary of Common School Finance Terms

ADA Average daily attendance. There are several kinds of attendance, and these are counted in different ways. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for at least the minimum school day. Up through 1997-98, ADA included excused absences but, effective 1998-99, excused absences no longer count towards ADA. In classes for adults and ROC/P, one unit of ADA is credited for each 525 classroom hours. Attendance is counted every day of the school year and is reported to the California Department of Education three times a year.

AB 1200 Reference to AB 1200 (Chapter 1213/1991) that imposed major fiscal accountability controls on school districts and county offices of education, by establishing significant administrative hurdles an obligations for agency budgets and fiscal practices. See especially Education Code Sections 1240 et seq. and 42131 et seq.

Accrual Basis Accounting An accounting system where transactions are recorded when they have been reduced to a legal or contractual right or obligation to receive or pay out cash or other resources.

Ad valorem Taxes Taxes that are based on the value of property, such as the standard property tax. The only new taxes based on the value of property that are allowed today are those imposed with a two-thirds voter approval for capital facilities bonded indebtedness.

Apportionment State aid given to a school district or county office of education. Apportionments are calculated three times for each school year: (1) the First Principal Apportionment (P-1) is calculated in February of the school year corresponding to the P-1 ADA (see Attendance Reports); (2) the Second Principal Apportionment (P-2) is calculated in June corresponding to the P-2 ADA; and, (3) the annual recalculation of the apportionment is made in February following the school year and is based on P-2 ADA (except for programs where the annual count of ADA is used).

Appropriation Bill A bill before the Legislature authorizing the expenditure of public money and

stipulating the amount, manner and purpose for the expenditure items.

**Appropriation For Contingencies** That portion of the current fiscal year's budget that is not appropriated for any specific purpose but is held subject to intrabudget transfer; i.e. transfer to other specific appropriation accounts as needed during the fiscal year.

Assessed Valuation (also, Assessed Value) The total value of property for taxation purposes within a school agency, as determined by state and county assessors. The "AV" of a school district will influence the total property tax income of a school district. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriations levels required from the state for fully funding district and county revenue limits, as well as for Proposition 98 calculations. Ever since Proposition 13, the assessed value of properties in California are adjusted to the true market value only at the time of new construction or transfer of ownership. For all other properties, the assessed value grows by a maximum of 2% a year, resulting in the assessed value of many properties being far less than their current market value.

Attendance Reports Each school agency reports its attendance three times during a school year. The First Principal Apportionment ADA, called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment ADA, called the P-2 ADA, is counted from July 1 through the last school month ending on or before April 15 of a school year. Annual ADA is based on the count from July 1 through June 30. The final recalculation of the apportionment is based on a school agency's P-2 ADA, except for adult education programs, regional occupational centers and programs and nonpublic school funding, all of which use the annual count of ADA. Also, under certain circumstances when a district has a very large influx of migrant students in the Spring, a district may request the use of annual ADA in lieu of P-2 ADA.

Base Revenue Limit See Revenue Limit.

Basic Aid The California Constitution guarantees that each school district will receive a minimum amount of state aid, called "basic aid," equal to \$120 per ADA or \$2,400 per district, whichever is greater. "Basic aid school districts" are those eligible for the basic aid constitutional guarantee only, since all of the balance of the school districts' revenue limit is funded by local property taxes.

Benefit Assessment Districts See Maintenance Assessment Districts.

**Bonded Indebtedness** An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Since 1986, districts have been able to levy a local property tax to amortize bonded indebtedness, provided the taxes are approved by a two-thirds vote of the electorate.

Categorical Aid Funds from the state or federal government granted to qualifying school agencies for specialized programs regulated and controlled by federal or state law or regulation. Examples include programs for children with special needs, such as special education and Gifted and Talented Education (GATE); special programs, such as the School Improvement Program (SIP); or, special purposes, such as transportation. Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their revenue limits.

CBEDS California Basic Education Data System. The statewide system of collecting enrollment, staffing and salary data from all school districts on an "Information Day" each October.

**CBEST** The California Basic Education Skills Test. Required of anyone seeking certification as a teacher, the test measures proficiency in reading, writing and mathematics.

Certificated Personnel School employees who hold positions for which a credential is required by the state – teachers, librarians, counselors and most administrators.

Chapter 1 Federal financial assistance to districts to meet the special needs of educationally deprived children, i.e. children whose educational attainment is below the level appropriate for children of their age. Funding is to supplement services in reading, language arts and mathematics to identified students.

Chapter 2 Federal financial assistance for schools under the Education Consolidation and Improvement Act, 20 U.S.C. Sec. 3811 et seq., which consolidated the provisions of Titles II, III, IV, VI, VII and part IX of the Elementary and Secondary Education Act of 1965. The law provides federal grants to develop and implement a comprehensive and coordinated program to improve elementary and secondary instruction in basic skills of reading, math and language arts, as formerly authorized in Title II.

Classified Personnel School employees who hold positions that do not require a credential, like aides, custodians, clerical support, cafeteria workers, bus drivers, etc.

Class Size Penalties The penalties imposed on school districts that have classes in excess of certain maximum sizes. Class size penalties result in a reduction in ADA which, in turn, results in a loss in revenue limit income. (See Education Code Sections 41376 and 41378).

Concurrently Enrolled Pupils who are enrolled both in a regular program for at least the minimum school day and also in a regional occupational center or program (ROC/P) or class for adults. Such a student will generate both regular ADA for the time in the regular program plus concurrently enrolled ADA for the time in ROC/P or adult classes. By qualifying for both regular ADA and concurrently enrolled ADA, such a student can generate more than one unit of ADA.

Consumer Price Index (CPI) A measure of the cost-of-living for consumers compiled by the United States Bureau of Labor Statistics. Separate indices of inflation are calculated regularly for the United States, California, some regions within California and selected cities. The CPI is one of several measures of inflation.

Cost-of-Living Adjustment (COLA) An increase in funding for government programs, including revenue limits or categorical programs. Current law ties the COLA for most education programs to the annual percentage change in the "Implicit Price Deflator" for State and Local Governments – a government price index. (See Education Code Section 42238.1.)

Credentialed Teacher One holding a credential to teach issued by the State Commission on Teacher Credentialing. A credential is issued to those who have successfully completed all college training and courses required by the State, have graduated from an accredited college or university, have met any other state requirements and have passed the California Basic

Education Skills Test (CBEST).

Criteria and Standards Local school agency budgets must meet state-adopted provisions of "criteria and standards." These provisions establish minimum fiscal standards, such as a minimum reserve level, that school districts, county offices of education and the State use to monitor fiscal solvency and accountability. See Education Code Sections 33127 et seq.

**Declining Enrollment Adjustment** A formula that cushions the drop in income in a district with a declining student population. Under current law, districts are funded for the higher of either current year or prior year ADA.

**Deficit Factor** When an appropriation to the State School Fund for revenue limits – or for any specific categorical program – is insufficient to pay all claims for state aid, a deficit factor is applied to reduce the allocation of state aid to the amount appropriated.

**Economic Impact Aid (EIA)** State categorical aid for districts with concentrations of children who are bilingual, transient and/or from low income families.

**Encroachment** The expenditure of school districts' general purpose funds in support of a categorical program, i.e. the categorical expense encroaches into the district's general fund for support. Encroachment occurs in most districts and county offices that provide special education and transportation. Other encroachment is caused by deficit factors or local decisions to allocate general purpose funds to special purpose programs.

**Encumbrances** Obligations in the form of purchase orders, contracts, salaries, and other commitments chargeable to an appropriation for which a part of the appropriation is reserved.

**Equalization Aid** The extra state aid provided in some years – such as 1996-97 – to a low revenue district to increase its base revenue limit toward the statewide average.

**ERAF** Education Revenue Augmentation Fund – the fund used to collect the property taxes that are shifted from cities, the county and special districts within each county, prior to their distribution to K-14 school agencies.

**Factfinding** The culmination of the Impasse Procedures, Article 9, of the State's collective bargaining law. A tripartite panel, with the chairperson appointed and paid for by PERB, considers several specifically enumerated facts and makes findings of fact and recommendations in terms of settlement to a negotiating agreement. Such recommendations are advisory only and may be adopted or rejected in whole or in part by the parties.

Forest Reserve Funds 25% of funds received by a county from the United States Government from rentals of forest reserve lands are apportioned among the various districts in the county according to school population.

**Full-Time Equivalent (FTE)** A count of full-time and part-time employees where part-time employees are reported as an appropriate fraction of a full-time position. This fraction is equal to the ratio of time expended in a part-time position to that of a full-time position.

Gann Spending Limit A ceiling, or limit, on each year's appropriations of tax dollars by the state, cities, counties, school districts, and special districts. Proposition 4, an initiative passed

in November 1979, added controls on appropriations in Article XIIIB of the California Constitution. Using 1978-79 as a base year, subsequent years' limits have been adjusted for: (1) an inflation increase equal to the change in the Consumer Price Index or per capita personal income, whichever is smaller; and, (2) the change in population, which for school agencies is the change in ADA. Proposition 111, adopted in June 1990, amended the Gann limit inflation factor to be based only on the change in per capita personal income.

General Obligation Bonds Bonds that are a "general obligation" of the government agency issuing them, i.e. their repayment is not tied to a selected revenue stream. Bond elections in a school district must be approved by a two-thirds vote of the electorate, but state bond measures require only a majority vote.

Gifted and Talented Education (GATE) A program for students in grades 1 through 12 who have shown potential abilities of high performance, capability and needing differentiated or accelerated education. "Gifted child educational programs" are those special instructional programs, supportive services, unique educational materials, learning settings, and other services which differentiate, supplement and support the regular educational program in meeting the needs of gifted students.

**High Revenue Districts** Districts that have a revenue limit per ADA that is greater than the state average for the same type of district (elementary, high school or unified). Many high revenue districts were formerly called "high wealth" because their assessed value per ADA was significantly above the statewide average.

Implicit Price Deflator See Cost-of-Living Adjustment.

Indirect Expense and Overhead Those elements of indirect cost necessary to the operation of the district or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be separately identified. Indirect costs are allocated to all programs in a school agency as a percentage of direct and allocated costs for each program.

Individualized Education Program (IEP) A written agreement between a school agency and parents or guardians of a disabled child specifying an educational program tailored to the needs of the child, in accordance with federal PL 94-142 regulations. An IEP team is comprised of a certified district employee who is qualified to supervise special education, the child's teacher, one or both parents, the child, if appropriate, and other individuals at the discretion of the parent or school. The IEP must include a statement of the child's present levels of educational performance, a statement of annual goals and short term instructional objectives, a statement of the specific special education and related services to be provided to the child, the extent to which the child will participate in regular education programs, the projected dates for starting services, appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved.

Least Restrictive Environment Federal and state law requires that disabled students be placed in the least restrictive educational appropriate to their needs so that they can, to the extent appropriate, integrate and be educated with non-disabled students.

Leveling Down Lowering the revenue level of high revenue districts to promote revenue equity

among school districts.

**Leveling Up** Raising the revenue level of low revenue districts to promote revenue equity among school districts.

Mandated Costs School district expenses that occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations. Costs that are mandated by state law or regulations must be reimbursed by the state, while costs mandated by federal law, a court or an initiative do not need to be reimbursed by the state. See SB 90, 1977.

Maintenance Assessment Districts A methodology for local agencies, including school agencies, to charge property owners a fee for the benefit derived by the property as a result of local agency service improvements. (See Lighting and Landscape Act of 1972, Section 22500 of the Street and Highways Code). Originally, school agencies were allowed to impose the "fee" by a vote of the local governing board only, by merely showing a benefit to each fee payer. Now, however, a school agency must hold an election before such a fee can be levied.

Maintenance Factor See Proposition 98.

Miscellaneous Funds Local revenues received from mineral royalties, bonuses and other payments in lieu of taxes. Fifty percent of such revenues are used as an offset to state aid in the revenue limit formulas.

Necessary Small School An elementary school with 96 or fewer ADA or high school with 286 or fewer ADA that meets the standards of being "necessary." (See Education Code Sections 42280 et seq.)

Parcel Tax A special tax that is a flat amount per parcel and not ad valorem based (i.e. not according to the value of the property). Parcel taxes must be approved by a two-thirds vote of the electorate. (See Government Code Section 50079, et al.)

**PERB** Public Employment Relations Board. Five persons appointed by the Governor to regulate collective bargaining between school employers and employee organizations. (See Government Code Sections 3541, et seq.)

**Permissive Override Tax** Prior to Proposition 13, any of a number of local tax levies that were for specific purposes and that required only the permission of a school board to be levied. School agencies are no longer allowed to levy such taxes.

**PERS** Public Employees' Retirement System. State law requires that classified employees, their employer, and the state contribute to this retirement fund.

PL81-874 A federal program of "Impact Aid" that provides funds to school agencies that educate children whose families live and/or work on federal property, such as military bases. Also called "PL874."

PL94-142 Federal law that mandates a "free and appropriate" education for all disabled children.

Prior Year's Taxes Tax revenues that had been delinquent in a prior year and that are received

in the current fiscal year. These revenues offset state aid in the current year in the revenue limit formula.

**Proposition 13** An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Under Proposition 13, tax rates on secured property are restricted to no more than 1% of full cash value. Proposition 13 also defined assessed value and required a two-thirds vote to increase existing taxes or levy new taxes.

Proposition 98 An initiative adopted in 1988 and then amended by Proposition 111 in 1990. Proposition 98 contains three major provisions: (1) a minimum level of state funding for K-14 school agencies (unless suspended by the Legislature); (2) a formula for allocating any state tax revenues in excess of the state's Gann Limit; and, (3) the requirement that a School Accountability Report Card be prepared for every school. The minimum funding base is set equal to the greater of the amount of state aid determined by two formulas, commonly called ATest 1@ and ATest 2@ – unless an alternative formula, known as "Test 3," applies.

"Test 1" originally provided that K-14 school agencies shall receive at least 40.319% of state general fund tax revenues in each year, the same percentage as was appropriated for K-14 school agencies in 1986-87. Due to the shift in property taxes from local governments to K-14 agencies, the "Test 1" percentage has been reset at 34.559%.

"Test 2" provides that K-14 school agencies shall receive at least the same amount of combined state aid and local tax dollars as was received in the prior year, adjusted for the statewide growth in K-12 ADA and an inflation factor equal to the annual percentage change in per capita personal income.

"Test 3" only applies in years in which the annual percentage change in per capita state general fund tax revenues plus 1/2% is lower than the "Test 2" inflation factor (i.e. change in per capita personal income), and in this case the "Test 2" inflation factor is reduced to the annual percentage change in per capita state general fund tax revenues plus 1/2%.

One provision of Proposition 98/111 applies whenever the minimum funding level is reduced due either to "Test 3" or the suspension of the minimum funding level by the Legislature and Governor. The "maintenance factor" is initially calculated as the amount of the funding reduction, and this amount grows each year by statewide ADA growth and inflation. In subsequent years when state taxes grow quickly, this "maintenance factor" is restored by increasing the Proposition 98 minimum funding level until the funding base is fully restored.

Reduction-in-Force (RIF) The process whereby employment is terminated because of a need to reduce the staff rather than because of any performance inadequacies of the employee.

**Reserves** Funds set aside in a budget to provide for estimated future expenditures or to offset future losses, for working capital, or for other purposes.

Revenue Limit The amount of revenue that a district can collect annually for general purposes from local property taxes and state aid. The revenue limit is composed of a base revenue limit – a basic education amount per unit of ADA computed by formula each year from the previous year's base revenue limit – and any of the number of revenue limit adjustments that are computed anew each year.

The total revenue limit of a school district is generally determined by multiplying the district's P-2 ADA times the base revenue limit, adding the applicable revenue limit adjustments and applying a deficit factor.

**Revolving Cash Funds** A stated amount of money used primarily for emergency or small or sundry disbursements and reimbursed periodically through properly documented expenditures, which are summarized and charged to property accounting classifications.

**ROC/P** Regional Occupational Center or Program – a vocational educational program for high school students and adults. A ROC/P may be operated by a single district, by a consortium of districts under a joint powers agreement (JPA), or by a county office of education for the districts within the county.

SB 90 Reference to Senate Bill 90 (Chapter 1406/1972) that established the revenue limit system for funding school districts. The first revenue limit amount was determined by dividing the district's 1972-73 state and local income by that year's ADA. This per-ADA amount is the historical base for all subsequent revenue limit calculations.

SB 813 Reference to Senate Bill 813 (Chapter 498/1983) that provided a series of education "reforms" in funding calculations. Longer day, longer year, mentor teachers and beginning teacher salary adjustments are a few of the programs implemented by this 1983 legislation.

**Scope of Bargaining** The range of subjects that are negotiated between school agencies and employee organizations during the collective bargaining process. Scope includes matters relating to wages, hours and working conditions as defined in the Government Code. PERB and the courts are responsible for interpreting disputes about scope.

Secured Roll That portion of the assessed value that is stationary, i.e., land and buildings. See also Unsecured Roll. The secured roll averages about 90% of the taxable property in a district.

Serrano Decision In 1974, the California Superior Court in Los Angeles County ruled in the Serrano v. Priest case that school district revenues in California depended so heavily on local property taxes that students in districts with a low assessed value per pupil were denied an equal educational opportunity in violation of the "Equal Protection" clause of the California Constitution. This ruling established certain standards under which the school finance system would be constitutional and was upheld by the California Supreme Court in 1976. In 1983, the California Superior Court in Los Angeles County ruled that the system of school finance in effect at that time was in compliance with the earlier Court order. The case was subsequently appealed to the Appellate Court which upheld the Superior Court ruling. In March 1989, all of the plaintiffs in the case agreed to dismiss their appeals, thereby settling Serrano as a legal issue.

**Slippage** Savings in state school fund appropriations that are the result of property tax revenues growing faster than a district's cost-of-living and enrollment growth. When property tax growth is greater than the growth in a district's total revenue limit, state aid to the district declines, creating a "slippage" in state expense.

**Squeeze Formula** The formula used from 1973-74 through 1981-82 for the calculation of the annual inflation increase in the base revenue limit that provided smaller-than-average increases to high revenue districts. This formula thus "squeezed" the revenues of high revenue

districts as a means of promoting revenue equalization. Effective 1983-84, the squeeze formula was eliminated and all districts of the same type now receive the same dollar inflation increase.

**State Allocation Board (SAB)** The regulatory agency that controls most state-aided capital outlay and deferred maintenance projects and distributes funds for them.

**State School Fund** Each year the state appropriates money to this fund, which is then used to make state aid payments to school districts. Section A of the State School Fund is for K-12 education and Section B is for community college education.

**STRS** The State Teachers' Retirement System, which is funded by contributions from both certificated employees and their employing school agencies, as well as by direct payments by the state.

**Subventions** The term used to describe assistance or financial support, usually from higher governmental units to local governments or school agencies. State aid to school agencies is a state subvention.

**Sunset** The termination of a categorical program. A schedule is in current law for the Legislature to consider the "sunset" of most state categorical programs. If a program sunsets under this schedule, the funding for the program shall continue but the specific laws and regulations shall no longer apply.

**Supplemental Roll** An additional property tax assessment for properties that are sold or newly constructed that reflect a higher market value than on their prior lien date. By taxing this increase in assessed value immediately – rather than waiting until the next lien date – additional property taxes are generated.

Test 1/Test 2/Test 3 See Proposition 98.

**Unduplicated Count** The number of pupils receiving special education or special services under the Master Plan for Special Education on the census dates of December 1 and April 1. Even though a pupil may receive multiple services, each pupil is counted only once in the unduplicated count.

**Unencumbered Balance** That portion of an appropriation or allotment not yet expended or obligated.

Unsecured Roll That portion of assessed property that is movable, such as boats, planes, etc.

Waivers Permission from the State Board of Education – or, in some cases, from the Superintendent of Public Instruction – to set aside the requirements of an Education Code provision upon the request of a school agency. Certain Education Code sections cannot be waived. (See Education Code Section 33050.)

### Criteria and Standards Review Summary

The following summary is automatically completed based on data provided in the Criteria and Standards Review form (Form 01CSI). Criteria and standards that are "Not Met," and supplemental information and additional fiscal indicators that are "Yes," may indicate areas of potential concern, which could affect the interim report certification, and should be carefully reviewed.

CRITERIA AND STANDARDS				Not Met
1	Average Daily Attendance	Funded ADA for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.	х	

RITE	RIA AND STANDARDS (con	tinued)	Met	Not Met
2	Enrollment	Projected enrollment for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.	x	
3	ADA to Enrollment	Projected second period (P-2) ADA to enrollment ratio for the current and two subsequent fiscal years is consistent with historical ratios.		Х
4	Revenue Limit	Projected revenue limit for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.		х
5	Salaries and Benefits	Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures has not changed by more than the standard for the current and two subsequent fiscal years.	х	
6a	Other Revenues	Projected operating revenues (federal, other state, other local) for the current and two subsequent fiscal years have not changed by more than five percent since budget adoption.	х	
6b	Other Expenditures	Projected operating expenditures (books and supplies, services and other expenditures) for the current and two subsequent fiscal years have not changed by more than five percent since budget adoption.		х
7a	Deferred Maintenance	SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this item has been inactivated for that period.		
7b	Ongoing and Major Maintenance Account	If applicable, changes occurring since budget adoption meet the required contribution to the ongoing and major maintenance account (i.e., restricted maintenance account).	x	
8	Deficit Spending	Unrestricted deficit spending, if any, has not exceeded the standard in any of the current or two subsequent fiscal years.		х
9a	Fund Balance	Projected general fund balance will be positive at the end of the current and two subsequent fiscal years.	х	
9b	Cash Balance	Projected general fund cash balance will be positive at the end of the current fiscal year.	х	
10	Reserves	Available reserves (e.g., reserve for economic uncertainties, unassigned/unappropriated amounts) meet minimum requirements for the current and two subsequent fiscal years.		х

	LEMENTAL INFORMATION		No_	Yes
S1	Contingent Liabilities	Have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) occurred since budget adoption that may impact the budget?	x	
S2	Using One-time Revenues to Fund Ongoing Expenditures	Are there ongoing general fund expenditures funded with one-time revenues that have changed since budget adoption by more than five percent?		х
S3	Temporary Interfund Borrowings	Are there projected temporary borrowings between funds?	х	
S4	Contingent Revenues	Are any projected revenues for any of the current or two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel tax, forest reserves)?	х	
S5	Contributions	Have contributions from unrestricted to restricted resources, or transfers to or from the general fund to cover operating deficits, changed since budget adoption by more than \$20,000 and more than 5% for any of the current or two subsequent fiscal years?		х

	EMENTAL INFORMATION (co		No	Yes
S6	Long-term Commitments	Does the district have long-term (multiyear) commitments or debt agreements?		X
		<ul> <li>If yes, have annual payments for the current or two subsequent fiscal years increased over prior year's (2010-11) annual payment?</li> </ul>	х	
		<ul> <li>If yes, will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?</li> </ul>	х	
S7a	Postemployment Benefits Other than Pensions	Does the district provide postemployment benefits other than pensions (OPEB)?		х
		<ul> <li>If yes, have there been changes since budget adoption in OPEB liabilities?</li> </ul>	Х	
S7b	Other Self-insurance Benefits	Does the district operate any self-insurance programs (e.g., workers' compensation)?		Х
		<ul> <li>If yes, have there been changes since budget adoption in self- insurance liabilities?</li> </ul>	х	
S8	Status of Labor Agreements	As of first interim projections, are salary and benefit negotiations still unsettled for:		
		Certificated? (Section S8A, Line 1b)		Х
		<ul> <li>Classified? (Section S8B, Line 1b)</li> <li>Management/supervisor/confidential? (Section S8C, Line 1b)</li> </ul>	X	Х
S8	Labor Agreement Budget Revisions	For negotiations settled since budget adoption, per Government Code Section 3547.5(c), are budget revisions still needed to meet the costs of the collective bargaining agreement(s) for:		
		Certificated? (Section S8A, Line 3)	n/a	
		<ul> <li>Classified? (Section S8B, Line 3)</li> </ul>	n/a	
S9	Status of Other Funds	Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?	х	

DDIT	IONAL FISCAL INDICATORS		No	Yes
A1	Negative Cash Flow	Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund?	х	
A2	Independent Position Control	Is personnel position control independent from the payroll system?		х
А3	Declining Enrollment	Is enrollment decreasing in both the prior and current fiscal years?		х
A4	New Charter Schools Impacting District Enrollment	Are any new charter schools operating in district boundaries that are impacting the district's enrollment, either in the prior or current fiscal year?		х
A5	Salary Increases Exceed COLA	Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	x	
A6	Uncapped Health Benefits	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?	x	
A7	Independent Financial System	Is the district's financial system independent from the county office system?		x
A8	Fiscal Distress Reports	Does the district have any reports that indicate fiscal distress? If yes, provide copies to the COE, pursuant to EC 42127.6(a).	х	
A9	Change of CBO or Superintendent	Have there been personnel changes in the superintendent or chief business official (CBO) positions within the last 12 months?	х

#### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

#### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6)

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

#### A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

#### B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

#### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

# FORM 01CS CRITERIA & STANDARDS REVIEW

#### 2011-12 First Interim General Fund School District Criteria and Standards Review

43 69369 0000000 Form 01CSI

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

#### **CRITERIA AND STANDARDS**

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's ADA Standard Percentage Range: -2.0% to +2.0%

#### 1A. Calculating the District's ADA Variances

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise enter data into the first column for all fiscal years. First Interim Projected Year Totals data for Current Year are extracted. If First Interim Form MYPI exists, Projected Year Totals data will be extracted for the two subsequent years; if not, enter data into the second column.

#### 3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation: (required if NOT met) CBEDS enrollment for 2008-09 and 2009-10 were entered incorrectly. Correct enrollment for 2008-09 is 13,456 and correct enrollment for 2009-10 is 13,003, yielding ADA ratio of 95.65% and 95.37%, respectively. Therefore, projected ADA ratios for 2011-12 through 2013-14 are aligned to historical ratio trend.

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected revenue limit has changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting revenue limit.

Explanation: (required if NOT met)

2011-12 through 2013-14 revenues budget has been built on guidance from Santa Clara County Office of Education. Fiscal year 2011-12 reflects one time additional reduction of \$250 per ADA; additional reduction of \$250 per A

### 7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since budget adoption in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

### 8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves as a percentage of total expenditures and other financing uses in any of the current fiscal year or two subsequent fiscal years.

'Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

<sup>2</sup>A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

### 8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage level in any of the current year or two subsequent fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are aliminated or are balanced within the standard.

Explanation: (required if NOT met)

Deficit spending due to Triggers cut language of State Budget. Per guidance from SCCOE, additional \$250 reduction per ADA and 50% reduction to Transportation revenues are included in fiscal year 2011-12. The District is working on multi-year budget plan that involves bargaining unit contract litems.

## S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
