INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Alum Rock Union Elementary School District
San Jose, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Alum Rock Union Elementary School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Alum Rock Union Elementary School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Alum Rock Union Elementary School District, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 3 to 11 and the General Fund Budgetary Comparison Schedule on page 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Alum Rock Union Elementary School District's basic financial statements. The accompanying schedule of expenditure of federal awards as required by *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* and the other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditure of federal awards and other supplementary information as listed in the table of contents is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the Schedule of Financial Trends and Analysis, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and other supplementary information as listed in the table of contents, except for the Schedule of Financial Trends and Analysis, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Financial Trends and Analysis has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2014 on our consideration of Alum Rock Union Elementary School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Alum Rock Union Elementary School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

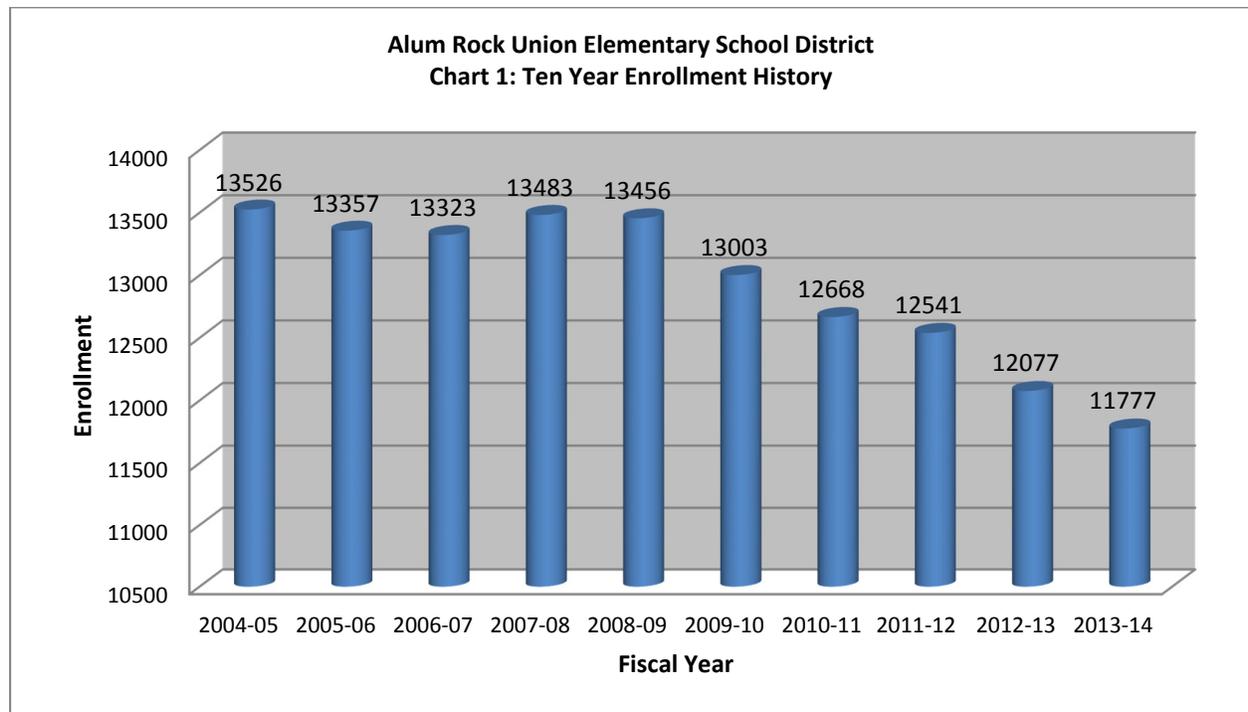

This Management's Discussion and Analysis section of Alum Rock Union Elementary School District's 2013-14 annual financial report presents management's view of the District's financial performance during the fiscal year that ended on June 30, 2014. Please read it in conjunction with the District's financial statements, which immediately follows this section.

DISTRICT PROFILE

The District was organized in 1930 under the laws of the State of California. There are seventeen elementary schools and eight middle schools (total twenty-five schools including four Small Schools and a dependent Charter School) serving a student population of under twelve thousand students. The District occupies eleven square miles in the eastern part of the City of San Jose. It operates under a locally elected five-member board form of government.

The financials are a reflection of how the Board of Trustees prioritizes the use of the dollars that are received for education. As policy makers, the Trustees have translated educational dollars to educational programs that will serve to enhance the learning opportunities for the children of the Alum Rock Union Elementary School District.

The District has been experiencing declining enrollment since prior to 2000. This decline has resulted in a loss of ADA (average daily attendance), which translates into a loss in revenue. Since approximately 80% of district's revenue is based on ADA and Local Control Funding Formula (LCFF), it is important that the District monitor its ADA. Chart 1 below provides the District's ten year ADA comparison.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

FINANCIAL HIGHLIGHTS

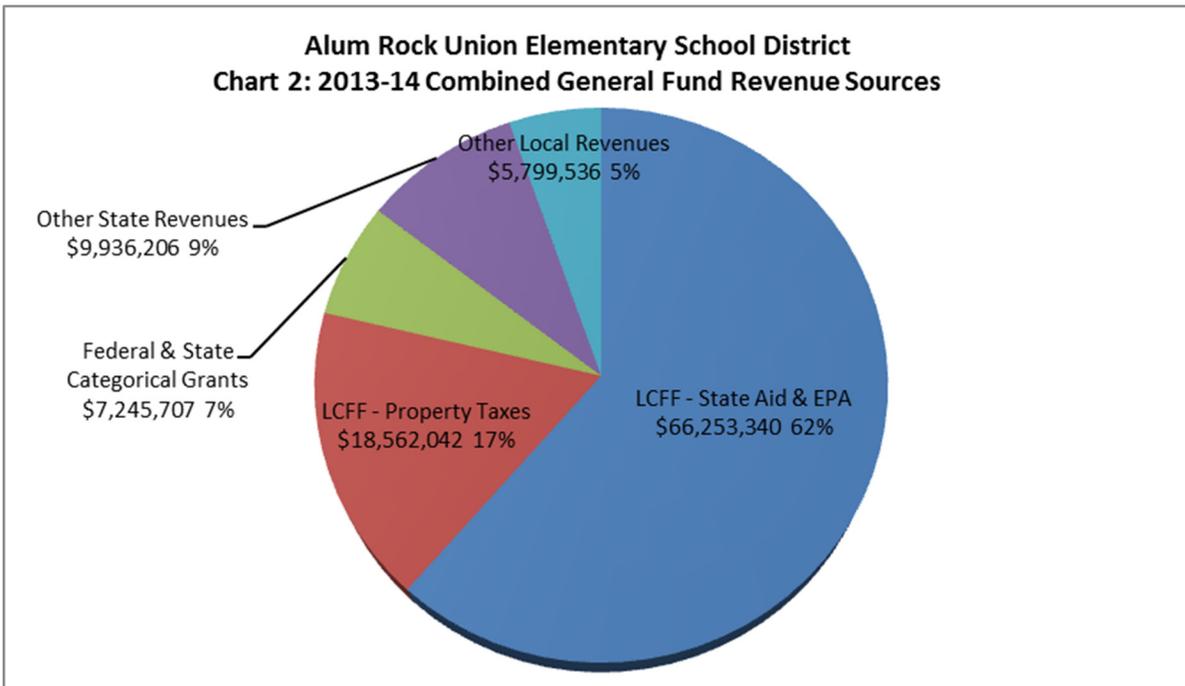

The financial highlights section will focus on the “governmental funds” presentation of the Audited Financial Statements and, more specifically, on the general fund of the District. The District-wide Financial Statements provide financial information on the District as a whole, but we believe the critical financial aspects of the District’s operations are best presented in the governmental funds section.

School District Local Control Funding Formula (LCFF)

The 2013-14 State’s adopted budget entails the most dramatic change in school financing since the implementation of Senate Bill (SB) 90 and the implementation of revenue limits in 1972. After considerable negotiations between the Legislature and Governor Brown, state policy makers enacted the Local Control Funding Formula (LCFF) to replace revenue limits and most categorical programs, commencing 2013-14. The plan for LCFF is complex and many details are still emerging.

LCFF is designed to improve student outcome giving local flexibility to meet student needs, aid in transparency, provide equity through student focus formula, and performance through aligned program and budget plans. LCFF creates the opportunity to implement a performance based budget instead of a compliance based budget. It is estimated that it will take 8 years to fully implement starting with this fiscal year 2013-14. The plan is to reach our *Targeted Entitlement* at the end of 8 years.

The District receives the majority of its funding from LCFF. The District’s LCFF is a direct function of the District’s ADA. The actual funding of the LCFF comes from a combination of local property taxes, Education Protection Account (EPA) and state aid. Chart 2 provides a breakout of the sources of revenue for the District.

Revenues and Expenditures

Total revenues increased by approximately \$6 million. This increase was attributable to changes in funding formula (LCFF), one time restricted monies such as Common Core and Prop 39.

Although funded ADA decreased by net 283 ADA, changes under the new funding formula, LCFF resulted in a favorable \$2.5 million in revenues.

During fiscal year 2013-14, the District settled with all bargaining units for fiscal 2012-13 for a 1.5% salary increase retro to 7/1/2012. This resulted in an increase in expenditures along with standard operational changes.

Available Reserves

It is important to note that the Unrestricted General Fund accounts for all of the District’s instructional and operational activities, plus contribute to the restricted programs when costs of the mandated activities exceed resources. In addition, the required 3% reserve for economic uncertainties comes from unrestricted fund balance.

The unrestricted portion of our general fund balance is referred to as our available reserves. The unrestricted balance on June 30, 2014 was \$11,463,055 which includes the required 3% economic uncertainties reserve of \$3,175,485.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

General Fund Budgetary Highlights

Our adopted budget projected an ending balance, restricted and unrestricted of \$11,428,456 and \$1,047,149, respectively. Our actual ending balance at year-end was in total \$15,944,921, of which \$11,463,055 unrestricted and \$4,481,866 restricted— a positive variance overall from our adopted budget projection. The favorable expenditure variance results primarily from unexpended restricted program funds reflected in the legally restricted ending balance not accounted for in the final budget and from outside services not performed by year end.

CAPITAL ASSET & DEBT ADMINISTRATION

Capital Assets

At June 30, 2014, the District had \$109,329,911 in a broad range of capital assets, including land, buildings, and furniture and equipment, net of accumulated depreciation. See Table 2 below. This amount represents a net decrease (including additions, deductions and depreciation) of \$1,941,112 from 2012-13. Our school sites have low values for today's market because the District acquired the land many decades ago. School buildings and site improvements are valued at their historical construction cost less accumulated depreciation.

Total Capital Assets, net of depreciation	109,329,911	111,271,023

Long Term Liabilities

At year-end, the District had \$134,236,408 of long-term debt outstanding. The long-term obligations of the District include the following:

The District's general obligation bond received a rating of "AA-". State limits the amount of general obligation debt (bonding capacity) that districts can issue to 1.25% of the assessed value of all taxable property within the District's boundaries for a union school district, and 2.50% for a unified school district. The District's outstanding general obligation debt service exceeds the statutorily imposed limit, and the District, without a waiver, will not be able to issue more bonds until the debt ratio decrease.

Other obligations include compensated absences payable, retiree incentive liabilities, and other long-term liabilities. The District has no OPEB obligations. We present more detailed information regarding our long-term liabilities in Note 6 of the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the district-wide statements.
- *Governmental funds* statements tell how basic services like regular and special education were financed in the short-term as well as what remains for future spending.
- *Proprietary funds* statements account for any activity for which services are provided to other funds on a cost-reimbursement basis.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong. Fiduciary fund activity is excluded from the district-wide financial statements.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's general fund budget, both the adopted and final version, with year-end actuals.

Government-wide Statements

The Government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position can be an indicator of whether its financial position is improving or deteriorating, respectively. To assess the overall health of the District, one needs to consider additional factors such as the economy of the State, the State's fiscal health, the local economy and the condition of the property and equipment of the District.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

Some funds are required by State law and by bond covenants. The District establishes other funds to control and manage money for particular purposes (like repaying its long-term debt) or to show that it is properly using certain revenues (like federal grants).

The District has three kinds of funds:

Governmental funds. Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets which can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide reconciliations between the governmental funds statements and the district-wide financial statements that explain the relationships (or differences) between them.

Proprietary funds. When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Change in Net Position.

We use internal service funds to report activities that provide supplies and services for the District's other program and activities, such as the District's Self-Insurance Fund. The internal service fund is reported with government activities in the government-wide financial statements.

Fiduciary funds. The District is the trustee, or fiduciary, for assets that belong to others, such as the student body funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Change in Fiduciary Net Position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

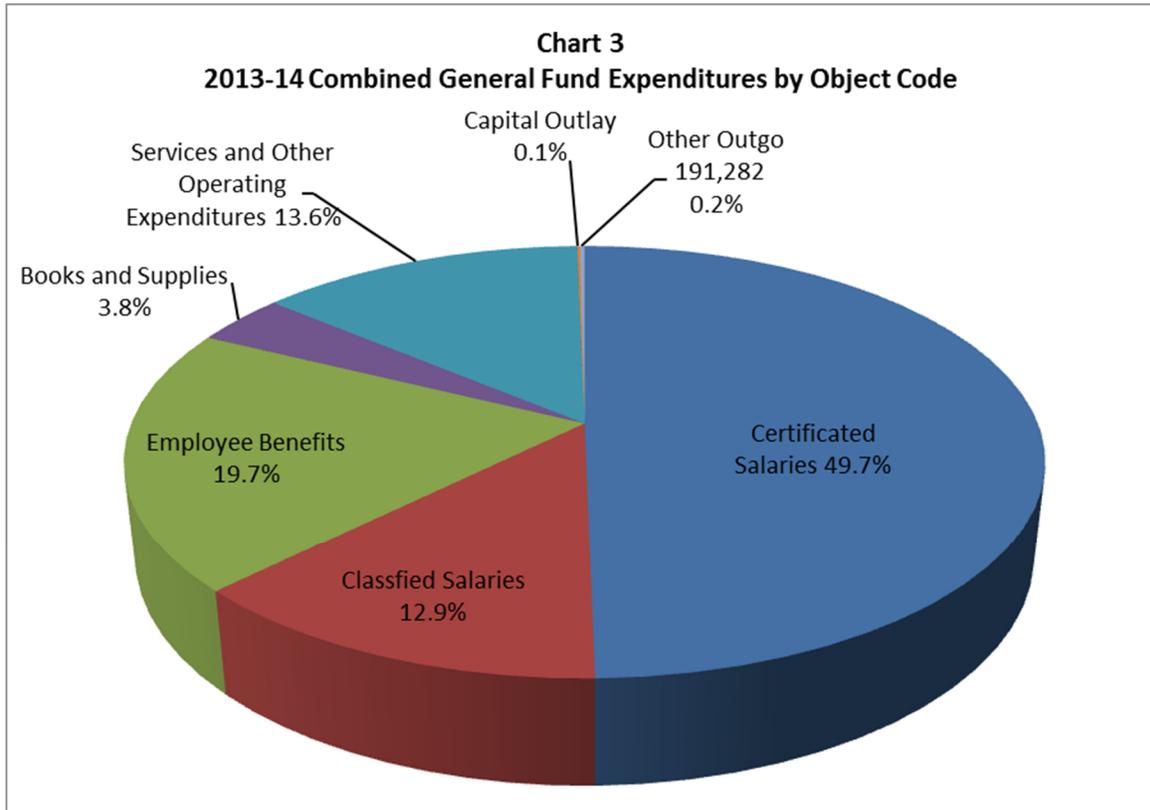

Governmental Activities

Charts 3 and 4 provide a breakdown of the 2013-14 General Fund expenditures by Object code and by Function. As is common with virtually all school districts, the majority of expenditures in the General Fund are used for salaries and benefits (approximately 82.3%). From a functional cost standpoint, Chart 4 shows that approximately 77.6% of total general fund expenditures go for instruction and instruction-related activities. The District must spend at least 60% of its total certificated salary component on classroom instruction activities. For the current fiscal year, the District spent approximately 63.72% of certificated salaries on classroom instruction activity.

FACTORS BEARING ON THE DISTRICT'S FUTURE

Since approximately 80% of the District's funding is provided by LCFF, the two factors – funded percentage of LCFF in future years and ADA (average daily attendance), which are used to calculate LCFF funding for the District, are key factors to watch.

At the time these financial statements were prepared and audited, the District was aware of the following conditions that could significantly affect its financial health in the future:

- The LCFF plan is accompanied by an optimistic estimate of the resources that will be devoted to public education for the next 8 eight years. This plan will be fully implemented in eight years if and only if, those resources materialize. Each year, District's LCFF entitlement will be determined by "any available appropriations" within the State's Budget. The District will monitor the projected revenues and status of the State Budget as it will directly affect the District's funded LCFF revenues each year to reach the LCFF entitlement in year 8.
- Enrollment continues to decline due to (1) economic decline causes families to move out of the area, and (2) the growth of charter schools within district boundaries.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION

June 30, 2014

Total fund balances - Governmental Funds		\$ 61,560,895
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used for governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The cost of the assets is \$219,402,383 and the accumulated depreciation is \$110,072,472 (Note 4).		109,329,911
Unmatured interest on long-term liabilities is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred.		(2,263,085)
In governmental funds, deferred outflows of resources resulting from defeasance of debt are not recorded. In governmental activities, for advance refundings resulting in defeasance of debt reported in governmental activities, the difference between reacquisition price and the net carrying amount of the retired debt are reported as deferred outflows of resources.		465,986
Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Net position for the Self-Insurance Fund:		2,427,153
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at June 30, 2014 consisted of (Note 6):

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Alum Rock Union Elementary School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants. The following is a summary of the more significant policies.

Reporting Entity

The Board of Trustees is the level of government which has governance responsibilities over all activities related to public elementary school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District receives funding from local, state and federal governmental sources and must comply with all the requirements of these funding source entities.

Basis of Presentation - Financial Statements

The basic financial statements include a Management's Discussion and Analysis (MD & A) section providing an analysis of the District's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds.

Basis of Presentation - Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Net Position at the fund financial statement level.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation - Government-Wide Financial Statements (Continued)

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

A - Major Funds

1 - General Fund:

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

2 - Building Fund:

The Building Fund is used to account for resources used for the acquisition of capital facilities by the District.

3 - County School Facilities Fund:

The County School Facilities Fund is used to account for resources used for the acquisition of capital facilities by the District.

4 - Bond Interest and Redemption Fund:

The Bond Interest and Redemption Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation - Fund Accounting (Continued)

B - Other Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. This includes the Cafeteria and Deferred Maintenance Funds.

Capital Projects Funds are used to account for resources used for the acquisition of capital facilities by the District. This includes the Capital Facilities and Special Reserve for Capital Outlay Funds.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. This includes the Tax Override Fund.

Self-Insurance Fund is an internal service fund which is used to account for the District's employee medical, dental and vision benefits.

The Student Body Fund is a Fiduciary Fund for which the District acts as an agent. All cash activity and assets of the various student bodies of the District are accounted for in the Student Body Fund.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual

Governmental activities in the government-wide financial statements, proprietary fund and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible in the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting

By state law, the Board of Trustees must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Trustees complied with these requirements.

Receivables

Receivables are made up principally of amounts due from the State of California for Local Control Funding Formula funding and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2013.

Inventory

Inventory in the Cafeteria Fund consists mainly of consumable supplies held for future use and are valued at actual cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools and offices.

Capital Assets

Capital assets purchased or acquired, with an original cost of \$5,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 4 - 30 years depending on asset types.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District only has one item that qualifies for reporting in this category, which is the deferred loss on refunding reported in the statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shortened life of the refunded or refunding debt. Amortization for the year ended June 30, 2014 totaled \$58,248 .

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District does not have any item of this type.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

Compensated absences benefits in the amount of \$344,978 are recorded as a liability of the District. The liability is for the earned but unused benefits.

Accumulated Sick Leave

Sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits for certain STRS and CalPERS employees, when the employee retires.

Unearned Revenue
Revenues from federal, state, and local special projects and programs are recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Restricted Net Position

Restrictions of the ending net position indicate the portions of net position not appropriate for expenditure or amounts legally segregated for a specific future use. The restriction for unspent categorical program revenues represents the portion of net position restricted to specific program expenditures. The restriction for special revenue funds represents the portion of net position restricted for special purposes. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for debt service represents the portion of net position available for the retirement of the liabilities. The restriction for self-insurance represents the amount restricted to pay self-insured claims. It is the District's policy to first use restricted net position when allowable expenditures are incurred.

Fund Balance Classifications

Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

A - Nonspendable Fund Balance:

The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash and inventory.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classifications (Continued)

B - Restricted Fund Balance:

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and fiduciary trust fund statements.

C - Committed Fund Balance:

The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Trustees. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. At June 30, 2014 the District had no committed fund balances.

D - Assigned Fund Balance:

The assigned fund balance classification reflects amounts that the District's Board of Trustees has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Trustees can designate personnel with the authority to assign fund balances, however, as of June 30, 2013, no such designation has occurred.

E - Unassigned Fund Balance:

In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Policy

The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Trustees. At June 30, 2014, the District has not established a minimum fund balance policy nor has it established a stabilization arrangement.

Property Taxes

Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Santa Clara bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

Eliminations and Reclassifications

In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements

In March 2012 GASB issued Statement No. 66, Technical Corrections – 2013, an amendment of GASB Statements No. 10 and No. 61. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 64, Fund Balance Reporting and Governmental Fund Type Definitions, and No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre- November 30, 1989 FASB and AICPA Pronouncements. This Statement amends Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund based reporting of an entity's risk financing activities to the general fund and the internal service fund type. As a result, Districts should base their decisions about fund type classification on the nature of the activity to be reported, as required in Statement No. 54 and Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments. This Statement also amends Statement No. 62 by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight line basis, (2) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee rate. These changes clarify how to apply Statement No. 13, Accounting for Operating Leases with Scheduled Rent Increases, and result in guidance that is consistent with the requirements in Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, respectively. This statement was adopted for the District's fiscal year ended June 30, 2014, with no material impact on the District.

In June 2012 GASB issued Statement No. 67, Financial Reporting for Pension Plans. This Statement replaces the requirements of Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans and Statement No. 50 as they relate to pension plans that are administered through trusts or similar arrangements meeting certain criteria. The Statement builds upon the existing framework for financial reports of defined benefit pension plans, which includes a statement of fiduciary net position (the amount held in a trust for paying retirement benefits) and a statement of changes in fiduciary net position. Statement No. 67 enhances note disclosures and RSI for both defined benefit and defined contribution pension plans. Statement No. 67 also requires the presentation of new information about annual money-weighted rates of return in the notes to the financial statements and in 10-year RSI schedules. This statement was adopted for the District's fiscal year ended June 30, 2014, with no material impact on the District.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements (Continued)

In June 2012 GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers and Statement No. 50, Pension Disclosures, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. Statement No. 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI). This Statement is effective for the District's fiscal year ending June 30, 2015. Management has not determined what impact this GASB statement will have on its financial statements, however it is expected to be significant.

In November 2013 GASB issued Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. This Statement amends paragraph 137 of Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement No. 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement No. 68 and are effective for the District's fiscal year ending June 30, 2015. Management has not determined what impact this GASB statement will have on its financial statements.

2. CASH AND INVESTMENTS

Cash and investments at June 30, 2014 consisted of the following:

	<u>Governmental Activities</u>	<u>Fiduciary Funds</u>
Pooled Funds:		
Cash in County Treasury:		
Cash in County Treasury	\$ 48,799,794	\$ -
Collections awaiting deposit	3,783	-

Cash with Fiscal Agent	<u>3,523,027</u>	<u>-</u>
Total Cash	<u>\$ 52,379,058</u>	<u>\$ 333,199</u>

Pooled Funds

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest bearing Santa Clara County Treasurer's Pooled Investment Fund. These pooled funds are carried at cost which approximates fair value. Interest earned is deposited monthly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the Pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable state laws, the Santa Clara County Treasury may invest in derivative securities with the State of California. However, at June 30, 2014 the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

2. CASH AND INVESTMENTS

Deposits - Custodial Credit Risk

The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2014, the carrying amount of the District's accounts was \$385,653 and the bank balance was \$422,878, of which \$120,424 was uninsured.

Cash with Fiscal Agent

Cash with Fiscal Agent represents amounts held by a third party custodian in the District's name.

Interest Rate Risk

The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2014, the District had no significant interest rate risk related to cash and investments held.

Credit Risk

The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

Concentration of Credit Risk

The District does not place limits on the amount it may invest in any one issuer. At June 30, 2014, the District had no concentration of credit risk.

3. INTERFUND TRANSACTIONS

Interfund Activity

Transactions between funds of the District are recorded as interfund transfers, except for the Self-Insurance Fund activity which is recorded as income and expenditures of the Self-Insurance Fund and the General Fund respectively. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

5. SELF-INSURANCE

The District buys medical coverage (medical, dental, vision) for their employees from insurance carriers. However, for certain medical plans, the District provides a third party administrator of self-insured medical benefits with rates set through an annual calculation process. The employees' and Districts' contribution are put into a common fund from which premiums and payments are made for participants. The District records and estimated liability for its self-insured medical plans.

The Medical claims liability of \$600,118 is based on an actuarial estimate discounted at 5%. Changes in the District's claims liabilities for the year ended June 30, 2014 were as follows:

California Public Employees' Retirement System (CalPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 Q Street, Sacramento, California 95811.

Funding Policy

Active plan members are required to contribute 7% of their salary, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2013-14 was 11.442% of annual payroll. The contribution requirements of the plan members are established by state statute. The District's contributions to CalPERS for the fiscal years ending June 30, 2012, 2013 and 2014 were \$1,411,820, \$1,612,238 and \$1,805,041, respectively, and equal 100% of the required contributions for each year.

State Teachers' Retirement System (STRS)

Plan Description

The District contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from the STRS Executive Office, 100 Waterfront Place, West Sacramento, California 95605.

Plan Description and Provisions (Continued)

State Teachers' Retirement System (STRS) (Continued)

Funding Policy

Active plan members are required to contribute 8% of their salary. The required employer contribution rate for fiscal year 2013-14 was 8.25% of annual payroll. The contribution requirements of the plan members are established by state statute. The District's contributions to STRS for the fiscal years ending June 30, 2012, 2013 and 2014 were \$5,129,799, \$4,140,417 and \$4,155,452, respectively, and equal 100% of the required contributions for each year. On June 24, 2014 the Governor signed Assembly Bill 1469 which will increase the member contribution to 19.1% over the next seven years.

9. CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements or future revenue offsets subsequently determined will not be material.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

1. PURPOSE OF SCHEDULES

A Budgetary Comparison Schedule

The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Education to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

Excess of expenditures over appropriations for the year ended June 30, 2014 were as follows:

The General Fund fund balance has decreased by \$2,508,127 over the last three years. The fiscal year 2014-15 projects an increase of \$1,227,012. For a district this size, the State of California recommends available reserves of at least 3% of total General Fund expenditures, transfers out, and other uses. The District has met compliance with this requirement.

The District incurred operating deficits in two of the past three years and anticipates incurring an operating surplus in fiscal year 2015.

Total long-term liabilities have increased by \$28,635,470 over the past two years.

Average daily attendance has decreased by 1,036 over the past two years. A decrease of 434 ADA is projected for the 2014-15 fiscal year.

NOTES TO SUPPLEMENTARY INFORMATION

1. PURPOSE OF SCHEDULES

A - Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

B - Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

C - Schedule of Expenditure of Federal Awards

OMB Circular A-133 requires a disclosure of the financial activities of all federally funded programs. This schedule was prepared to comply with A-133 requirements, and is presented on the modified accrual basis of accounting.

The following schedule provides a reconciliation between revenues reported on the Statement of Revenues, Expenditures and Change in Fund Balances and the related expenditures reported on the Schedule of Expenditure of Federal Awards. The reconciling amounts represent Federal funds that have been recorded as revenues that have not been expended by June 30, 2014.

Description	CFDA Number	Amount
Total Federal Revenues, Statement of Revenues, Expenditures and Change in Fund Balances		\$ 14,373,486
Add: National School Lunch carryover		280,243
Less: Medi-Cal Billing Option not spent		<u>(28,353)</u>
Total Schedule of Expenditure of Federal Awards		<u>\$ 14,625,376</u>

D - Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds as reported on the Unaudited Actual Financial Report to the audited financial statements.

ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT

NOTES TO SUPPLEMENTARY INFORMATION

(Continued)

1. PURPOSE OF SCHEDULES (Continued)

E - Schedule of Financial Trends and Analysis - Unaudited

This schedule provides trend information on District's financial condition over the past three years and its anticipated condition for the 2014-2015 fiscal year, as required by the State Controller's Office. The information in this schedule has been derived from audited information.

F - Schedule of Charter Schools

This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

2. EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14502 requires certain disclosures in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2014, the District did not adopt this program.

We did not perform procedures related to Independent Study because the District's reported ADA was below the materiality level that requires testing.

We did not perform any procedures related to Continuation Education or After School Education and Safety Program, Before School, because the District does not offer these programs.

The District did not offer an Early Retirement Incentive Program; therefore, we did not perform any procedures related to the Early Retirement Incentive Program.

The District does not operate a Juvenile Court Schools Program; therefore, we did not perform any procedures related to the program.

We did not perform any procedures related to Education Protection Account Funds or Charter School Facility Grant Program as the District did not expend funds in the current year.

We did not perform any procedures related to Nonclassroom-Based Instruction/Independent Study, for charter schools or Determination of Funding for Nonclassroom-Based Instruction, for charter schools because the District's charter school has no Nonclassroom-Based/Independent Study students.

Management's Responsibility

Management is responsible for compliance with the requirements of state laws and regulations, as listed above.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance with state laws and regulations as listed above of Alum Rock Union Elementary School District. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of California's Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state laws and regulations listed below occurred. An audit includes examining, on a test basis, evidence about Alum Rock Union Elementary School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with state laws and regulations. However, our audit does not provide a legal determination of Alum Rock Union Elementary School District's compliance.

Opinion with State Laws and Regulations

In our opinion, Alum Rock Union Elementary School District complied, in all material respects, with the state laws and regulations referred to above for the year ended June 30, 2014. Further, based on our examination, for items not tested, nothing came to our attention to indicate that Alum Rock Union Elementary School District had not complied with the state laws and regulations.

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the *State of California's Standards and Procedures for Audits of California K-12 Local Educational Agencies*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Trustees
Alum Rock Union Elementary School District
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Alum Rock Union Elementary School District as of and for the year ended June 30, 2014 and the related notes to the financial statements, which collectively comprise Alum Rock Union Elementary School District's basic financial statements, and have issued our report thereon dated December 1, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alum Rock Union Elementary School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alum Rock Union Elementary School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Alum Rock Union Elementary School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alum Rock Union Elementary School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND REPORT
ON INTERNAL CONTROL OVER COMPLIANCE

Board of Trustees
Alum Rock Union Elementary School District
San Jose, California

Report on Compliance for Each Major Federal Program

We have audited Alum Rock Union Elementary School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Alum Rock Union Elementary School District's major federal programs for the year ended June 30, 2014. Alum Rock Union Elementary School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Alum Rock Union Elementary School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Alum Rock Union Elementary School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Alum Rock Union Elementary School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Alum Rock Union Elementary School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Alum Rock Union Elementary School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Alum Rock Union Elementary School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alum Rock Union Elementary School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of the Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
