STATEMENT ON THE BUDGET

The 2011-12 Budget demonstrates how the Alum Rock Union Elementary School District's (ARUESD) Board of Trustees (Trustees) expects to spend its educational dollars during the 2011-12 school year. As ARUESD's policy makers, the Trustees have translated educational dollars to educational programs that will serve to enhance the learning opportunities for the children of ARUESD.

BUDGET PRIORITIES

The budget is a policy statement. It is an evolving, comprehensive fiscal document that puts into action the school board's policies, priorities, and commitment to the district's students, employees and parents. In order for the district to meet its goals, a large part of its budget is committed to the salaries and benefits of employees – employees who are dedicated to delivering education to the district's students. The budget reflects long and short-term goals, achievable over a three year period. Due to limited resources, it is challenging for a district to accomplish everything desired by the community, the board, the superintendent, and the staff. This budget attempts to describe what can be accomplished projections over the next year, and the next several years based on the revenue and the expenditure reflected on Federal, State, and County assumptions as of the date the budget was prepared.

The budget constantly changes as goals evolve and as the environment changes. Demographics, state funding, politics and the economy all influence the budget process. The Superintendent and the Board of Trustees must monitor the changes and modify the budget accordingly.

UNDERSTANDING SCHOOL BUDGETS

School budgets are sometimes daunting to read because they reflect a complex organization which performs many functions, funded by many sources, each of which has different provisions governing how their funds may or may not be used. This Budget report is a document which links the district's educational policies and goals with its strategies for achieving them. It calculates expected revenues and reflects district plans for using them during the fiscal year which begins July 1, 2011 and ends June 30, 2012.

School districts use a system called "fund accounting". All revenues are placed in the General Fund or in one of the Special Purpose Funds which are either required or permitted by law. Most of the district's transactions flow through the General Fund. Most of the funds are spent for general purposes (Unrestricted programs). Expenditures from the funds must be made strictly according to their specified purpose. Much of the budget is regulated by law.

Each fund includes: A beginning balance (last year's ending balance), revenues, expenditures, and an ending balance. The ending balance in the General Fund is usually divided between money which is restricted for a special purpose. In all funds, revenues and expenditures are recorded line by line according to the purpose of the account.

In summary pages, the revenue and expense for funds are broken down into their major categories. Following the summary page, the reader will find several pages which detail the components of these categories, with some explanation.

Each fund also shows a Multi-year Report of Income and Expense. This page reveals a financial history of the fund. This report tracks growth or decline of revenues and expenditures over time.

Restricted programs are funded and regulated by a government agency with restrictions either on the characteristics of the children it may serve or on the aspect of any program it may fund. An explanation of the Restricted programs is offered on page 7. Special Purpose Funds are explained on page 16.

All unusual terminology is explained in the glossary. Reviewing the glossary before approaching the financial pages will be helpful in understanding the relationships of program revenues and expenditures.

In addition, refer to the Executive Summary in section *iii* for a discussion of District operations.

Executive Summary

The following narrative of all funds is in accordance with AB 1200 and AB2756, which require projections for the current fiscal year and two budget years in the future. Two major criteria are **positive cash** and **positive fund balances** at the end of the fiscal year. If a district indicates that either of these qualifications cannot be met, then the district has a **qualified certification** (the district may not meet its financial obligations for the current fiscal or subsequent two fiscal years) or **negative certification** (the district will be unable to meet its financial obligations for the remainder of the fiscal year or for the subsequent two fiscal years).

In accordance with AB2756, Qualified and Negative Certification districts must wait for County Office of Education review before the Board of Trustees can act to ratify bargaining unit tentative agreements.

*Based on the current assumptions and projections, the District's Proposed Budget has a **Qualified Certification**. This means that ARUSD will be able to meet its financial obligations for the current fiscal year and subsequent fiscal year two, but may not be able to meet its financial obligations in subsequent year three.*

Financial Highlights

The ARUSD Board of Trustees approved the 2011-12 original budget on June 16, 2011 based on the Governor's May 2011 Proposed Budget. The Second Interim Budget presented herein has been revised to reflect the projections of income with new funding information per the Governor's 2012 Proposed Budget issued on January 10, 2012. The expenditures also reflect total staffing with step and column increases and collective bargaining settlements, new expenditures, and other operational changes.

The state budget is based on the assumption that voters will approve new temporary taxes in November. The state budget also contains "trigger provisions" if the Governor's November Tax Measure is rejected by the voters since there is no assurance that temporary taxes will be approved. If the "triggers" are pulled, there will be an additional Revenue Limit cut, up to \$370 per ADA.

Key financial highlights for the General Fund Budget are as follows:

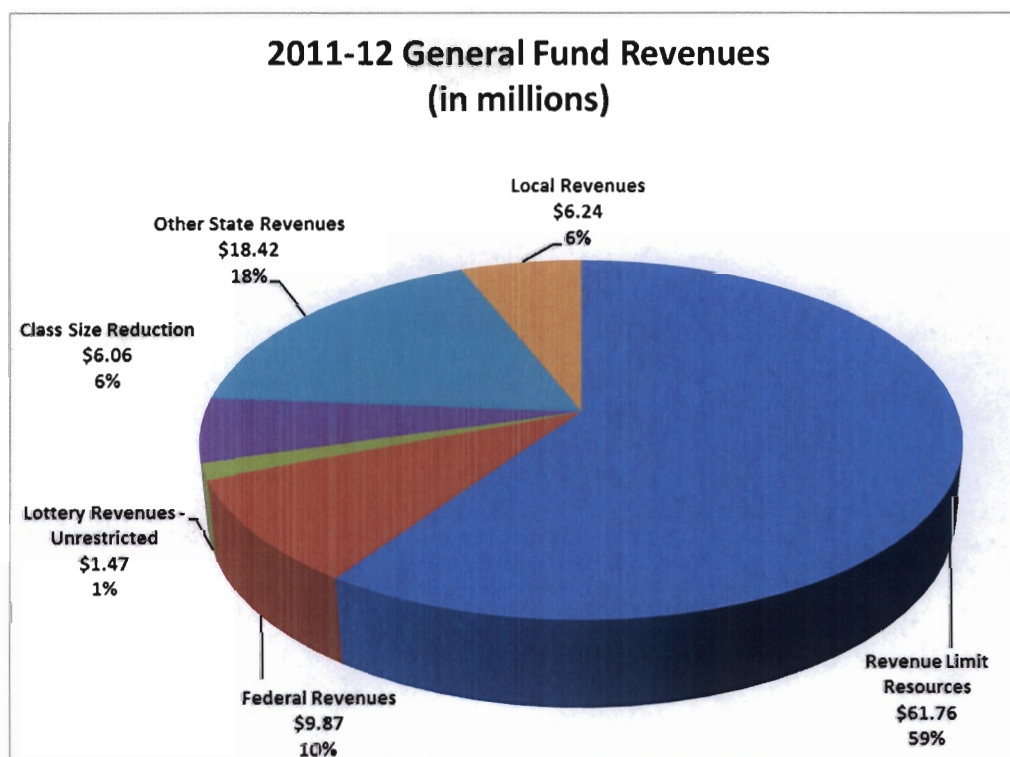

- Base Revenue Limit per average daily attendance (ADA) is \$6,217.48, but funding is at \$4,936.55 per ADA based on the statutory COLA of 2.24% and deficit factor of 20.602%.
- The 20.602% revenue limit deficit factor includes the one-time midyear trigger reduction of 0.198% (approximately \$12.57 per ADA), and the application of the transportation cut to revenue limits of 0.65% (approximately \$40.41 per ADA and equivalent to 50% reduction in transportation apportionments) per Senate Bill (SB) 81.
- Average Daily Attendance is projected at 12,160.20 but the District will be funded at the higher prior year ADA of 12,284.75 (including district students in county special education programs and adjusted for loss to charter schools).
- Total expenditures and other uses are projected to exceed revenues, and therefore reducing reserves, by \$6.4 million.
- The \$2.1 million Federal Ed Jobs Fund received in 2010-11 is used in 2011-12 to fund positions previously paid for by the State Fiscal Stabilization Fund (SFSF). This allows the District to reduce the number of layoffs necessitated by revenue decrease.

General Fund

The *general fund* is the main operating fund of Alum Rock Union Elementary School District. It is used to account for all activities except those that are required to be accounted for in another fund. All of the District's activities are reported in the general fund unless there is a compelling reason to account for an activity in another fund.

Alum Rock Union is a revenue limit school district, which means that the District operates under general-purpose revenue limits established by the State Legislature. Increase in revenue limit funding is set by a statutorily determined Cost of Living Adjustment (COLA) plus individually determined equalization aid, if any. Revenue limit income is calculated by multiplying (1) the actual daily attendance ("ADA") by (2) a base revenue limit per unit of ADA. In recent years, revenue limit funding has been reduced by the deficit factor which means that the District is not receiving all the funds it is entitled to.

In addition to revenue limit income, the District receives federal and state revenues for categorical programs. These resources are highly restricted and may only be expensed within the guidelines provided for each program. Local revenues include property parcel taxes, leases and rentals, interest income, and miscellaneous local sources.

The District's expenditures are primarily to provide classroom instruction, student intervention, or instructional support. Administrative and support services are in accordance to requirements or mandates by California Education Code, and other federal

and state regulations. Employee salaries and benefits take up approximately 81% of total general fund expenditures.

Changes in the General Funds at First Interim

Total revenues increased by \$3.2 million, from \$100 million at First Interim Budget to \$103.8 million at 2nd Interim as follows:

- Revenue Limit revenues increased by \$2.4 million as a result of revised deficit factor for additional one-time reductions of \$53.14 per ADA, compared to \$250 per ADA reductions budgeted at First Interim;
- Federal revenues decreased by \$160 thousand primarily due to revised Title II and III award allocations;
- Unrestricted Lottery Revenues increased by \$68 thousand to reflect revised per pupil amount (\$111.75 at First Interim compared to \$117.25 at Second Interim);
- Other State revenues increased by \$1.0 million to include 50% restoration of Transportation apportionment, as a result of passage of Senate Bill 81 which applies the cuts to revenue limits instead (\$703 thousand), and new Mental Health Prop 98 allocation, not included in the First Interim Budget (\$198 thousand); and
- Local Revenues decreased by \$111 thousand due to decrease in projected KIPP Heartwood Charter School Special Ed Contributions.

Total expenditures increased by \$99 thousand to reflect minor adjustments in salaries and benefits and other operational changes.

Demographics and Data

ENROLLMENT

Student enrollment for the District peaked in 1998 and has been in a decline since. In addition to families moving out of the area as a result of the economic downturn, charter schools continued to erode district enrollment in recent years. The District has lost 985 students since 2005. The CBEDS October 2011 enrollment count was 12,541 (including special education), a decrease of 274 students from the prior year ending enrollment.

STAFFING

The District already settled with both classified units, CSEA and Teamster, for fiscal year 2011-12 for one-time stipends of \$750.00 per FTE. There are no salary increases except for Step and Column movements. The District is in continuing discussions with the Alum Rock Educators Association (AREA), as the contract expired June 30, 2011. The \$750.00 per FTE stipends have been disbursed for CSEA and Teamster members.

Class sizes across the district for 2011-12 are as follows:

Grade K-3	20:1
LUCHA Grade 4-5	25:1
Adalante Grade 4-6	25:1
Grade 4-8	32:1
Special Day Class (SDC)	11:1 (average across the district)

There is a minor increase in Teacher FTE's of .84, primarily in projected need increase for Special Education speech therapists. Further, there are no significant changes relating to staffing from First Interim to Second Interim. See chart below.

EMPLOYEE BENEFITS

The District pays approximately 74% of employee health benefit premiums on average. In addition, mandatory payroll taxes include the following.

<u>Employer Tax</u>	<u>2011-12</u>
STRS	8.2500%
PERS	10.9230%
PERS Reduction	2.0970%
OASDI	6.2000%

INDIRECT COST

Indirect costs are those costs of general management that are district-wide. General management costs consist of expenditures for administrative activities necessary for the general operation of the district (e.g., accounting, budgeting, payroll preparation,

personnel management, purchasing, and centralized data processing). The district is allowed to recover administrative costs from federal and state programs without having to time-account for the general administrative support provided to each program by applying the approved indirect cost rate.

The indirect cost rate has decreased since 2006 (6.45%) as a result of the district's reduction of general administrative costs. ARUSD's 2011-12 approved indirect cost rate for allowable categorical programs is 5.23% and 4.80% for Child Nutrition Services. However, some categorical programs only allow the district to recover up to 2% in indirect costs.

For 2011-12, the Unrestricted General Fund is projected to recapture \$1.9 million of indirect costs from the categorical programs and \$.3 million from Child Nutrition Services. Actual amounts recaptured may be less than projected since indirect costs are a function of actual restricted program expenditures.

General Fund - Unrestricted

It is important to note that the Unrestricted General Fund accounts for all of the District's instructional and operational activities, plus contribute to the restricted programs when costs of the mandated activities exceed resources. In addition, the required 3% reserve for economic uncertainties comes from unrestricted fund balance.

The District's revenue limit funding is accomplished by a mix of (1) local property taxes and (2) State apportionments of basic and equalization aid. Generally, the State apportionments amount to the difference between the District's revenue limit and the local property tax revenues. Revenue limit funding accounts for approximately 74.56% of total unrestricted revenues.

The State allows for flexibility in forty-two Tier III categorical programs, only fifteen of which pertain to ARUSD. Funding for these programs will be provided as unrestricted funding from 2008-09 through 2014-15, with a two-year extension from the original end date of 2012-13. Total revenues from the Tier III categoricals are projected at \$6.6 million. Approximately \$1.6 million has been budgeted to continue activities originally intended by these programs. The remaining \$5.0 million is retained to offset revenue deficits.

The District remains committed to maintaining Class Size Reduction (CSR) in Kindergarten through 3rd Grades. However, state funding of K-3 CSR is woefully short of the costs to maintain class size at 20:1. Parcel tax revenues contribute approximately \$1.9 million to the CSR program.

Approximately \$3.3 million of the unrestricted ending balance must be set aside for economic uncertainties and encumbrances and obligations. Unassigned Ending Fund

Balance is projected to be \$8.4 million at end of 2011-12, and this will enable the District to offset projected deficits in 2011-12 and 2012-13.

General Fund – Restricted

ROUTINE RESTRICTED MAINTENANCE (RRM)

The Routine Restricted Maintenance program concept is a strategy for managing Alum Rock School District facility and plant assets. The purpose of the RRM is to protect investment in infrastructure, reduce the maintenance backlog, control and reduce costs, minimize waste, and to maintain school buildings and facilities in a safe and efficient manner to support and enhance the learning environment for students, faculty, and staff.

The District is required to set aside funds for routine restricted maintenance. For the 2011-12, \$2.1 million (2% of Adopted Budget) will be transferred from Unrestricted General Fund to Routine Restricted Maintenance. The RRM fund supports grounds and routine facility maintenance, and non-major facility repairs. Custodial services are considered operational activities and cannot be paid from this fund. Approximately 52% or \$1.3 million of RRM expenditures are for employee salaries and benefits. Projected ending fund balance of \$287 thousand is legally restricted for future maintenance needs.

CATEGORICALS

Categorical funds provide additional instructional support for our students in the areas of intervention, staff development, resource teachers, academic coaches, district support services, and classroom technology.

Federal revenues are projected at \$7.4 million, state revenues are projected at \$8.4 million, and local grants are projected at \$.5 million.

Included in the current year categorical budgets is one-time funding from the Federal Ed Jobs Fund. This fund will be used in 2011-12 to fund non-administrative positions previously funded by the State Fiscal Stabilization Fund.

TRANSPORTATION

The District currently operates 37 bus routes, two of which are regular home-to-school busing to Painter, McCollam and Sheppard schools. The remaining thirty-five routes (a decrease of four routes from First Interim) transport special education students within the district and also to programs outside district boundaries. Of the 37 bus routes, 13 are county programs outside the district and the remaining 24 bus routes are within the District boundaries. A total of 223 regular education students and 426 special education students (302 students in District programs and 124 students in County programs) are bused daily for a total of 1710 miles.

State funding for Home-to-School Transportation was budgeted to be cut by 50% (\$703 thousand) in anticipation of the mid-year triggers at First Interim. As of February 2012, Governor Brown signed in to law Senate Bill (SB) 81, which will maintain full transportation funding for 2011-12 and instead add to the reductions in revenue limits.

For 2011-12, it is projected that Unrestricted General Fund will have to contribute \$1.4 million to offset state funding shortfall. However, starting Fiscal Year 2012-13 and forward, State funding for Home-to-School Transportation will be eliminated. As a result, student transportations will be funded entirely by other district resources.

SPECIAL EDUCATION

ARUSD is a member of the Southeast Special Education Local Plan Area (SELPA). Special education funding comes from both the federal and state, and are apportioned through the SELPA. Included in the budget are district programs and services, excess cost paid to the Santa Clara County Office of Education for district students in county programs, and the cost of non-public schools and agencies.

Special education is highly regulated by the IDEA, and the District risks lawsuits and sanctions if the Individual Education Plan (IEP) process is not followed. Although district staff continues to review programs to contain costs, the Federal government requires the District to maintain a certain level of services (expenditures) as in the prior year (maintenance of effort) which limits the District's ability to reduce expenditures in this area.

For 2011-12, the District is providing instruction and specialized services for 474 special education students in district operated programs and 141 students in county operated programs. The cost to operate special education programs is \$14.4 million and the District will only receive \$5.7 million from revenue limit, federal and state sources. Special Ed deficit of \$8.7 million (62% of total expenditures) will have to be transferred in from the Unrestricted General Fund.

Cashflow

Cash flow continues to be impacted by the current economic crisis and other events. Prior to the current cash crisis, the most significant indicator of fiscal solvency has been the General Fund reserve levels. Now that we are in an era of State Budget cuts and cash deferrals, cash has moved into the forefront.

Not all of the General Fund reserve is available to meet obligations at a given point in time because not all assets are liquid or accessible. For example, accounts receivable are an asset, but until the cash is in the bank, we can't spend it for current obligations. Another area that bears discussion is the difference between budget and cash—a budget is a plan that transpires over a year-long period, while cash needs to be available at the time the obligation is due. In addition, while budget revisions are typically adopted at

least several times a year, cash is even more volatile than budget - cash flow projections are likely to change every month.

There are no changes to fiscal year 2011-12 deferral schedule from First Interim Budget. The deferral schedule results in 38.4% of the cash flowing from the current-year apportionments into the 2012-13 fiscal year (this is an increase in the cash deferral rate of 28.3% in 2010-11). As a result, ARUSD will not have access to approximately \$15 million to pay for budgeted expenditures until after July 1, 2012.

In addition to monitoring cash on a weekly basis and managing accounts payables, the District issued a \$10 million Tax Revenues Anticipation Notes (TRANS) in February, 2012 to get through the projected negative cash months. The TRANS are due to be repaid in October, 2012. See projected Cashflow in the State Reports section for details.

TRANS are short-term debt instruments issued in anticipation of taxes or other revenues to be collected at a later date. They are used to finance temporary cash flow shortfalls arising from the normal mismatch between the timing of expenditures and the receipt of revenues. The notes are repaid from the revenues to which they relate. Tax and revenue anticipation notes can mature in either the same fiscal year as issued or in the following fiscal year.

Multi-Year Projections

Under the Education Code (Section 42131) all California School Districts must be able to show that they have a sound financial plan in place that will assure fiscal solvency in the current year plus the next two years. In other words districts need to be able to demonstrate that they will be able to meet all of their financial obligations **over a three year period**. This is accomplished by preparing a "Multi-Year Projection" report that shows our projected revenues and expenditures for the current year and each of the next two years. If a school district is not able to show that it will have a positive ending fund balance for current and next two fiscal years then there are varying degrees of consequences including, among other things, restrictions on borrowing and stricter county or state oversight or control.

The District's Multi-Year Projections are based on Governor Brown's 2012-13 Proposed Budget, and guidelines from Santa Clara County Office of Education (SCCOE) and School Services of California (SSC).

Revenues are projected using factors issued by the SCCOE and the SSC Dartboard, and the District's enrollment projections. Expenditures are projected based on projected enrollment decline and corresponding staffing level with estimated step and column increases; provisions have not been made for collective bargaining settlements in either Year 2 or Year 3. Estimated step and column increases are included in the projections at 1.0% for certificated and 0.5% for classified employees.

Operating expenditures and contracted services are based on projected Consumer Price Index (CPI), and additions or deletions of 2011-12 one-time only expenditures.

See Budget Assumptions on page 4.

YEAR 2 OVERVIEW: 2012-13

- Flat funding for Revenue Limit revenues; COLA is estimated at 3.17% with the deficit factor of 22.231%
- Due to projected decline in enrollment, revenue limit ADA is projected at 12,160.20 based on estimated 2011-12 Period 2 (P-2) attendance ; enrollment for 2012-13 is projected at 12,037
- Mandated cost reimbursements have not been budgeted
- Classroom staffing has been adjusted to reflect enrollment decline, while maintaining K-3 class size at 20:1
- Contribution from Unrestricted General Fund to Restricted programs is projected to be at \$14.1 million. The increase in contribution reflects the elimination of State transportation apportionment, plus transportation and special education expenditures that increase on the natural

YEAR 3 OVERVIEW: 2013-14

- Although statutory COLA is estimated at 2.4%, the District is projecting flat funding of revenue limit revenues based on SCCOE guidance
- Continuing the trend of declining enrollment, revenue limit ADA is projected at 11,649.83 based on estimated 2012-13 Period 2 (P-2) attendance; enrollment for 2013-14 is projected at 11,730
- Classroom staffing has been adjusted to reflect enrollment decline, while maintaining K-3 class size at 20:1
- Contribution from Unrestricted General Fund to Restricted programs is projected to be at \$14.7 million. The increase in contribution reflects transportation and special education expenditures that increase on the natural

The multi-year projections table below shows that the District is operating with ongoing deficits. The combination of declining enrollment and negative funding by the State do not generate enough revenues to offset expenditures that increase on the natural each year. The District is projected to have a negative ending fund balance by the end of fiscal year 2013-14.

Although ARUSD is filing Qualified Certification at 2011-12 Second Interim, the District is exploring various budget options to maintain fiscal solvency. Options to reduce expenditures in 2012-13 and beyond, which will produce ongoing savings and provide adequate reserves for future fiscal uncertainties, include but are not limited to:

Program	Estimated 2012-13 Savings	3-Years Total
Campus safety	\$250,000	\$750,000
Health support	\$484,423	\$1,453,269
District personnel Reduction	\$156,384	\$469,153

Middle School Sports	\$136,415	\$409,245
Music/VAPA	\$985,514	\$2,956,543
Office assistants	\$652,568	\$1,957,704
Reg Ed Busing	\$106,937	\$320,812
Small School allocations	\$130,000	\$390,000
School operations (site closure)	\$362,053	\$1,086,160
TOTAL	\$3,831,908	\$11,495,725

The budget balancing options include a restructuring of district support services and exploring revenue enhancing opportunities.

2012-13 MIDYEAR TRIGGERS

Like the 2011-12 Budget Act, the Governor's Budget Proposal for 2012-13 contains **automatic trigger reductions** if voters reject the November tax measure. The trigger reductions total \$5.4 billion, and the cuts are linked to the failure of the proposed temporary tax increases, not a general revenue shortfall.

The trigger reductions hit education the hardest (\$4.8 billion or 89.7% share of total cuts). The potential loss to school districts is estimated at \$370.00 per average daily attendance (ADA). The impact to ARUSD would be additional reductions of revenue limit revenues of approximately \$4,499,274. District staff is in the process of preparing the 2012-13 budget, which will include a plan contingent on the midyear trigger.

SPECIAL PURPOSE FUND

FUND ACCOUNTING

The accounts of the District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that compromise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District maintains two special revenue funds:

1. Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeterias.
2. Deferred Maintenance Fund is used for the purpose of major repair or replacement of District property.

Capital Project Funds are used to account for the acquisition and/or construction of all major governmental general fixed assets. The District maintains the following capital project funds:

1. Capital Facilities Fund is used to account separately for money received from fees levied on developers or other agencies as a condition of approving a development.
2. County School Facilities Fund is established pursuant to Education Code section 17070.43 to receive apportionments from the State School Facilities Fund authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants.
3. Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund moneys for capital outlay purposes (Education Code section 42840).

Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

1. Other authorized revenues to the Building Fund (Fund 21) are proceeds from the sale or lease-withoption-to-purchase of real property (*Education Code* Section 17462) and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board (*Education Code* Section 41003).

Self-Insurance Fund exists to separate moneys received for self-insurance activities, health & welfare and workers' compensation, from other operating funds and are lawfully restricted for insurance purposes (*Education Code* Section 17566 and *Government Code* Section 53205). The Self-Insurance Fund is a sub-fund of the General Fund.

Debt Service Funds are established to account for the accumulation of resources for and the payment of the principal and interest on general long-term debt. The District maintains two debt service funds that are managed by the Santa Clara County Controller's Office:

1. Bond Interest and Redemption Fund are used for the repayment of bonds issued for the LEA.
2. Tax Override Fund is used for the repayment of voted indebtedness tax levies (other than BIRF repayments) to be financed for the ad valorem tax levies.

Glossary of Common School Finance Terms

ADA Average daily attendance. There are several kinds of attendance, and these are counted in different ways. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for at least the minimum school day. Up through 1997-98, ADA included excused absences but, effective 1998-99, excused absences no longer count towards ADA. In classes for adults and ROC/P, one unit of ADA is credited for each 525 classroom hours. Attendance is counted every day of the school year and is reported to the California Department of Education three times a year.

AB 1200 Reference to AB 1200 (Chapter 1213/1991) that imposed major fiscal accountability controls on school districts and county offices of education, by establishing significant administrative hurdles and obligations for agency budgets and fiscal practices. See especially Education Code Sections 1240 et seq. and 42131 et seq.

Accrual Basis Accounting An accounting system where transactions are recorded when they have been reduced to a legal or contractual right or obligation to receive or pay out cash or other resources.

Ad valorem Taxes Taxes that are based on the value of property, such as the standard property tax. The only new taxes based on the value of property that are allowed today are those imposed with a two-thirds voter approval for capital facilities bonded indebtedness.

Apportionment State aid given to a school district or county office of education. Apportionments are calculated three times for each school year: (1) the First Principal Apportionment (P-1) is calculated in February of the school year corresponding to the P-1 ADA (see Attendance Reports); (2) the Second Principal Apportionment (P-2) is calculated in June corresponding to the P-2 ADA; and, (3) the annual recalculation of the apportionment is made in February following the school year and is based on P-2 ADA (except for programs where the annual count of ADA is used).

Appropriation Bill A bill before the Legislature authorizing the expenditure of public money and

stipulating the amount, manner and purpose for the expenditure items.

Appropriation For Contingencies That portion of the current fiscal year's budget that is not appropriated for any specific purpose but is held subject to intrabudget transfer; i.e. transfer to other specific appropriation accounts as needed during the fiscal year.

Assessed Valuation (also, Assessed Value) The total value of property for taxation purposes within a school agency, as determined by state and county assessors. The "AV" of a school district will influence the total property tax income of a school district. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriations levels required from the state for fully funding district and county revenue limits, as well as for Proposition 98 calculations. Ever since Proposition 13, the assessed value of properties in California are adjusted to the true market value only at the time of new construction or transfer of ownership. For all other properties, the assessed value grows by a maximum of 2% a year, resulting in the assessed value of many properties being far less than their current market value.

Attendance Reports Each school agency reports its attendance three times during a school year. The First Principal Apportionment ADA, called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment ADA, called the P-2 ADA, is counted from July 1 through the last school month ending on or before April 15 of a school year. Annual ADA is based on the count from July 1 through June 30. The final recalculation of the apportionment is based on a school agency's P-2 ADA, except for adult education programs, regional occupational centers and programs and nonpublic school funding, all of which use the annual count of ADA. Also, under certain circumstances when a district has a very large influx of migrant students in the Spring, a district may request the use of annual ADA in lieu of P-2 ADA.

Base Revenue Limit See Revenue Limit.

Basic Aid The California Constitution guarantees that each school district will receive a minimum amount of state aid, called "basic aid," equal to \$120 per ADA or \$2,400 per district, whichever is greater. "Basic aid school districts" are those eligible for the basic aid constitutional guarantee only, since all of the balance of the school districts' revenue limit is funded by local property taxes.

Benefit Assessment Districts See Maintenance Assessment Districts.

Bonded Indebtedness An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Since 1986, districts have been able to levy a local property tax to amortize bonded indebtedness, provided the taxes are approved by a two-thirds vote of the electorate.

Categorical Aid Funds from the state or federal government granted to qualifying school agencies for specialized programs regulated and controlled by federal or state law or regulation. Examples include programs for children with special needs, such as special education and Gifted and Talented Education (GATE); special programs, such as the School Improvement Program (SIP); or, special purposes, such as transportation. Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their revenue limits.

CBEDS California Basic Education Data System. The statewide system of collecting enrollment, staffing and salary data from all school districts on an "Information Day" each October.

CBEST The California Basic Education Skills Test. Required of anyone seeking certification as a teacher, the test measures proficiency in reading, writing and mathematics.

Certificated Personnel School employees who hold positions for which a credential is required by the state – teachers, librarians, counselors and most administrators.

Chapter 1 Federal financial assistance to districts to meet the special needs of educationally deprived children, i.e. children whose educational attainment is below the level appropriate for children of their age. Funding is to supplement services in reading, language arts and mathematics to identified students.

Chapter 2 Federal financial assistance for schools under the Education Consolidation and Improvement Act, 20 U.S.C. Sec. 3811 et seq., which consolidated the provisions of Titles II, III, IV, VI, VII and part IX of the Elementary and Secondary Education Act of 1965. The law provides federal grants to develop and implement a comprehensive and coordinated program to improve elementary and secondary instruction in basic skills of reading, math and language arts, as formerly authorized in Title II.

Classified Personnel School employees who hold positions that do not require a credential, like aides, custodians, clerical support, cafeteria workers, bus drivers, etc.

Class Size Penalties The penalties imposed on school districts that have classes in excess of certain maximum sizes. Class size penalties result in a reduction in ADA which, in turn, results in a loss in revenue limit income. (See Education Code Sections 41376 and 41378).

Concurrently Enrolled Pupils who are enrolled both in a regular program for at least the minimum school day and also in a regional occupational center or program (ROC/P) or class for adults. Such a student will generate both regular ADA for the time in the regular program plus concurrently enrolled ADA for the time in ROC/P or adult classes. By qualifying for both regular ADA and concurrently enrolled ADA, such a student can generate more than one unit of ADA.

Consumer Price Index (CPI) A measure of the cost-of-living for consumers compiled by the United States Bureau of Labor Statistics. Separate indices of inflation are calculated regularly for the United States, California, some regions within California and selected cities. The CPI is one of several measures of inflation.

Cost-of-Living Adjustment (COLA) An increase in funding for government programs, including revenue limits or categorical programs. Current law ties the COLA for most education programs to the annual percentage change in the "Implicit Price Deflator" for State and Local Governments – a government price index. (See Education Code Section 42238.1.)

Credentialed Teacher One holding a credential to teach issued by the State Commission on Teacher Credentialing. A credential is issued to those who have successfully completed all college training and courses required by the State, have graduated from an accredited college or university, have met any other state requirements and have passed the California Basic

Education Skills Test (CBEST).

Criteria and Standards Local school agency budgets must meet state-adopted provisions of "criteria and standards." These provisions establish minimum fiscal standards, such as a minimum reserve level, that school districts, county offices of education and the State use to monitor fiscal solvency and accountability. See Education Code Sections 33127 et seq.

Declining Enrollment Adjustment A formula that cushions the drop in income in a district with a declining student population. Under current law, districts are funded for the higher of either current year or prior year ADA.

Deficit Factor When an appropriation to the State School Fund for revenue limits – or for any specific categorical program – is insufficient to pay all claims for state aid, a deficit factor is applied to reduce the allocation of state aid to the amount appropriated.

Economic Impact Aid (EIA) State categorical aid for districts with concentrations of children who are bilingual, transient and/or from low income families.

Encroachment The expenditure of school districts' general purpose funds in support of a categorical program, i.e. the categorical expense encroaches into the district's general fund for support. Encroachment occurs in most districts and county offices that provide special education and transportation. Other encroachment is caused by deficit factors or local decisions to allocate general purpose funds to special purpose programs.

Encumbrances Obligations in the form of purchase orders, contracts, salaries, and other commitments chargeable to an appropriation for which a part of the appropriation is reserved.

Equalization Aid The extra state aid provided in some years – such as 1996-97 – to a low revenue district to increase its base revenue limit toward the statewide average.

ERAF Education Revenue Augmentation Fund – the fund used to collect the property taxes that are shifted from cities, the county and special districts within each county, prior to their distribution to K-14 school agencies.

Factfinding The culmination of the Impasse Procedures, Article 9, of the State's collective bargaining law. A tripartite panel, with the chairperson appointed and paid for by PERB, considers several specifically enumerated facts and makes findings of fact and recommendations in terms of settlement to a negotiating agreement. Such recommendations are advisory only and may be adopted or rejected in whole or in part by the parties.

Forest Reserve Funds 25% of funds received by a county from the United States Government from rentals of forest reserve lands are apportioned among the various districts in the county according to school population.

Full-Time Equivalent (FTE) A count of full-time and part-time employees where part-time employees are reported as an appropriate fraction of a full-time position. This fraction is equal to the ratio of time expended in a part-time position to that of a full-time position.

Gann Spending Limit A ceiling, or limit, on each year's appropriations of tax dollars by the state, cities, counties, school districts, and special districts. Proposition 4, an initiative passed

in November 1979, added controls on appropriations in Article XIII B of the California Constitution. Using 1978-79 as a base year, subsequent years' limits have been adjusted for: (1) an inflation increase equal to the change in the Consumer Price Index or per capita personal income, whichever is smaller; and, (2) the change in population, which for school agencies is the change in ADA. Proposition 111, adopted in June 1990, amended the Gann limit inflation factor to be based only on the change in per capita personal income.

General Obligation Bonds Bonds that are a "general obligation" of the government agency issuing them, i.e. their repayment is not tied to a selected revenue stream. Bond elections in a school district must be approved by a two-thirds vote of the electorate, but state bond measures require only a majority vote.

Gifted and Talented Education (GATE) A program for students in grades 1 through 12 who have shown potential abilities of high performance, capability and needing differentiated or accelerated education. "Gifted child educational programs" are those special instructional programs, supportive services, unique educational materials, learning settings, and other services which differentiate, supplement and support the regular educational program in meeting the needs of gifted students.

High Revenue Districts Districts that have a revenue limit per ADA that is greater than the state average for the same type of district (elementary, high school or unified). Many high revenue districts were formerly called "high wealth" because their assessed value per ADA was significantly above the statewide average.

Implicit Price Deflator See Cost-of-Living Adjustment.

Indirect Expense and Overhead Those elements of indirect cost necessary to the operation of the district or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be separately identified. Indirect costs are allocated to all programs in a school agency as a percentage of direct and allocated costs for each program.

Individualized Education Program (IEP) A written agreement between a school agency and parents or guardians of a disabled child specifying an educational program tailored to the needs of the child, in accordance with federal PL 94-142 regulations. An IEP team is comprised of a certified district employee who is qualified to supervise special education, the child's teacher, one or both parents, the child, if appropriate, and other individuals at the discretion of the parent or school. The IEP must include a statement of the child's present levels of educational performance, a statement of annual goals and short term instructional objectives, a statement of the specific special education and related services to be provided to the child, the extent to which the child will participate in regular education programs, the projected dates for starting services, appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved.

Least Restrictive Environment Federal and state law requires that disabled students be placed in the least restrictive educational appropriate to their needs so that they can, to the extent appropriate, integrate and be educated with non-disabled students.

Leveling Down Lowering the revenue level of high revenue districts to promote revenue equity

among school districts.

Leveling Up Raising the revenue level of low revenue districts to promote revenue equity among school districts.

Mandated Costs School district expenses that occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations. Costs that are mandated by state law or regulations must be reimbursed by the state, while costs mandated by federal law, a court or an initiative do not need to be reimbursed by the state. See SB 90, 1977.

Maintenance Assessment Districts A methodology for local agencies, including school agencies, to charge property owners a fee for the benefit derived by the property as a result of local agency service improvements. (See Lighting and Landscape Act of 1972, Section 22500 of the Street and Highways Code). Originally, school agencies were allowed to impose the "fee" by a vote of the local governing board only, by merely showing a benefit to each fee payer. Now, however, a school agency must hold an election before such a fee can be levied.

Maintenance Factor See Proposition 98.

Miscellaneous Funds Local revenues received from mineral royalties, bonuses and other payments in lieu of taxes. Fifty percent of such revenues are used as an offset to state aid in the revenue limit formulas.

Necessary Small School An elementary school with 96 or fewer ADA or high school with 286 or fewer ADA that meets the standards of being "necessary." (See Education Code Sections 42280 et seq.)

Parcel Tax A special tax that is a flat amount per parcel and not ad valorem based (i.e. not according to the value of the property). Parcel taxes must be approved by a two-thirds vote of the electorate. (See Government Code Section 50079, et al.)

PERB Public Employment Relations Board. Five persons appointed by the Governor to regulate collective bargaining between school employers and employee organizations. (See Government Code Sections 3541, et seq.)

Permissive Override Tax Prior to Proposition 13, any of a number of local tax levies that were for specific purposes and that required only the permission of a school board to be levied. School agencies are no longer allowed to levy such taxes.

PERS Public Employees' Retirement System. State law requires that classified employees, their employer, and the state contribute to this retirement fund.

PL81-874 A federal program of "Impact Aid" that provides funds to school agencies that educate children whose families live and/or work on federal property, such as military bases. Also called "PL874."

PL94-142 Federal law that mandates a "free and appropriate" education for all disabled children.

Prior Year's Taxes Tax revenues that had been delinquent in a prior year and that are received

in the current fiscal year. These revenues offset state aid in the current year in the revenue limit formula.

Proposition 13 An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Under Proposition 13, tax rates on secured property are restricted to no more than 1% of full cash value. Proposition 13 also defined assessed value and required a two-thirds vote to increase existing taxes or levy new taxes.

Proposition 98 An initiative adopted in 1988 and then amended by Proposition 111 in 1990. Proposition 98 contains three major provisions: (1) a minimum level of state funding for K-14 school agencies (unless suspended by the Legislature); (2) a formula for allocating any state tax revenues in excess of the state's Gann Limit; and, (3) the requirement that a School Accountability Report Card be prepared for every school. The minimum funding base is set equal to the greater of the amount of state aid determined by two formulas, commonly called ATest 1@ and ATest 2@ – unless an alternative formula, known as "Test 3," applies.

"Test 1" originally provided that K-14 school agencies shall receive at least 40.319% of state general fund tax revenues in each year, the same percentage as was appropriated for K-14 school agencies in 1986-87. Due to the shift in property taxes from local governments to K-14 agencies, the "Test 1" percentage has been reset at 34.559%.

"Test 2" provides that K-14 school agencies shall receive at least the same amount of combined state aid and local tax dollars as was received in the prior year, adjusted for the statewide growth in K-12 ADA and an inflation factor equal to the annual percentage change in per capita personal income.

"Test 3" only applies in years in which the annual percentage change in per capita state general fund tax revenues plus 1/2% is lower than the "Test 2" inflation factor (i.e. change in per capita personal income), and in this case the "Test 2" inflation factor is reduced to the annual percentage change in per capita state general fund tax revenues plus 1/2%.

One provision of Proposition 98/111 applies whenever the minimum funding level is reduced due either to "Test 3" or the suspension of the minimum funding level by the Legislature and Governor. The "maintenance factor" is initially calculated as the amount of the funding reduction, and this amount grows each year by statewide ADA growth and inflation. In subsequent years when state taxes grow quickly, this "maintenance factor" is restored by increasing the Proposition 98 minimum funding level until the funding base is fully restored.

Reduction-in-Force (RIF) The process whereby employment is terminated because of a need to reduce the staff rather than because of any performance inadequacies of the employee.

Reserves Funds set aside in a budget to provide for estimated future expenditures or to offset future losses, for working capital, or for other purposes.

Revenue Limit The amount of revenue that a district can collect annually for general purposes from local property taxes and state aid. The revenue limit is composed of a base revenue limit – a basic education amount per unit of ADA computed by formula each year from the previous year's base revenue limit – and any of the number of revenue limit adjustments that are computed anew each year.

The total revenue limit of a school district is generally determined by multiplying the district's P-2 ADA times the base revenue limit, adding the applicable revenue limit adjustments and applying a deficit factor.

Revolving Cash Funds A stated amount of money used primarily for emergency or small or sundry disbursements and reimbursed periodically through properly documented expenditures, which are summarized and charged to property accounting classifications.

ROC/P Regional Occupational Center or Program – a vocational educational program for high school students and adults. A ROC/P may be operated by a single district, by a consortium of districts under a joint powers agreement (JPA), or by a county office of education for the districts within the county.

SB 90 Reference to Senate Bill 90 (Chapter 1406/1972) that established the revenue limit system for funding school districts. The first revenue limit amount was determined by dividing the district's 1972-73 state and local income by that year's ADA. This per-ADA amount is the historical base for all subsequent revenue limit calculations.

SB 813 Reference to Senate Bill 813 (Chapter 498/1983) that provided a series of education "reforms" in funding calculations. Longer day, longer year, mentor teachers and beginning teacher salary adjustments are a few of the programs implemented by this 1983 legislation.

Scope of Bargaining The range of subjects that are negotiated between school agencies and employee organizations during the collective bargaining process. Scope includes matters relating to wages, hours and working conditions as defined in the Government Code. PERB and the courts are responsible for interpreting disputes about scope.

Secured Roll That portion of the assessed value that is stationary, i.e., land and buildings. See also Unsecured Roll. The secured roll averages about 90% of the taxable property in a district.

Serrano Decision In 1974, the California Superior Court in Los Angeles County ruled in the Serrano v. Priest case that school district revenues in California depended so heavily on local property taxes that students in districts with a low assessed value per pupil were denied an equal educational opportunity in violation of the "Equal Protection" clause of the California Constitution. This ruling established certain standards under which the school finance system would be constitutional and was upheld by the California Supreme Court in 1976. In 1983, the California Superior Court in Los Angeles County ruled that the system of school finance in effect at that time was in compliance with the earlier Court order. The case was subsequently appealed to the Appellate Court which upheld the Superior Court ruling. In March 1989, all of the plaintiffs in the case agreed to dismiss their appeals, thereby settling Serrano as a legal issue.

Slippage Savings in state school fund appropriations that are the result of property tax revenues growing faster than a district's cost-of-living and enrollment growth. When property tax growth is greater than the growth in a district's total revenue limit, state aid to the district declines, creating a "slippage" in state expense.

Squeeze Formula The formula used from 1973-74 through 1981-82 for the calculation of the annual inflation increase in the base revenue limit that provided smaller-than-average increases to high revenue districts. This formula thus "squeezed" the revenues of high revenue

districts as a means of promoting revenue equalization. Effective 1983-84, the squeeze formula was eliminated and all districts of the same type now receive the same dollar inflation increase.

State Allocation Board (SAB) The regulatory agency that controls most state-aided capital outlay and deferred maintenance projects and distributes funds for them.

State School Fund Each year the state appropriates money to this fund, which is then used to make state aid payments to school districts. Section A of the State School Fund is for K-12 education and Section B is for community college education.

STRS The State Teachers' Retirement System, which is funded by contributions from both certificated employees and their employing school agencies, as well as by direct payments by the state.

Subventions The term used to describe assistance or financial support, usually from higher governmental units to local governments or school agencies. State aid to school agencies is a state subvention.

Sunset The termination of a categorical program. A schedule is in current law for the Legislature to consider the "sunset" of most state categorical programs. If a program sunsets under this schedule, the funding for the program shall continue but the specific laws and regulations shall no longer apply.

Supplemental Roll An additional property tax assessment for properties that are sold or newly constructed that reflect a higher market value than on their prior lien date. By taxing this increase in assessed value immediately – rather than waiting until the next lien date – additional property taxes are generated.

Test 1/Test 2/Test 3 See Proposition 98.

Unduplicated Count The number of pupils receiving special education or special services under the Master Plan for Special Education on the census dates of December 1 and April 1. Even though a pupil may receive multiple services, each pupil is counted only once in the unduplicated count.

Unencumbered Balance That portion of an appropriation or allotment not yet expended or obligated.

Unsecured Roll That portion of assessed property that is movable, such as boats, planes, etc.

Waivers Permission from the State Board of Education – or, in some cases, from the Superintendent of Public Instruction – to set aside the requirements of an Education Code provision upon the request of a school agency. Certain Education Code sections cannot be waived. (See Education Code Section 33050.)

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 4,146,422.88
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services on site but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 86,097,398.37

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.82%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>6,512,181.52</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(143,467.02)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.23%) times Part III, Line B18); zero if negative	<u>385,221.93</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.23%) times Part III, Line B18) or (the highest rate used to recover costs from any program (5.23%) times Part III, Line B18); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>385,221.93</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>385,221.93</u>

Approved indirect cost rate: 5.23%
Highest rate used in any program: 5.23%

CRITERIA & STANDARDS
REVIEW

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's ADA Standard Percentage Range: -2.0% to +2.0%

1A. Calculating the District's ADA Variances

DATA ENTRY: First Interim data that exist will be extracted; otherwise enter data into the first column for all fiscal years. Second Interim Projected Year Totals data for Current Year are extracted. If Second Interim Form MYPI exists, Projected Year Totals data will be extracted for the two subsequent years; if not, enter data into the second column.

Fiscal Year	Revenue Limit (Funded) ADA		Percent Change	Status
	First Interim	Second Interim		
	Projected Year Totals (Form 01CSI, Item 1A)	Projected Year Totals (Form RLI, Line 5b) (Form MYPI, Unrestricted, A1b)		
Current Year (2011-12)	12,284.75	12,284.75	0.0%	Met
1st Subsequent Year (2012-13)	12,160.20	12,160.20	0.0%	Met
2nd Subsequent Year (2013-14)	11,649.84	11,649.83	0.0%	Met

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Funded ADA has not changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's Enrollment Standard Percentage Range: -2.0% to +2.0%

2A. Calculating the District's Enrollment Variances

DATA ENTRY: First Interim data that exist will be extracted; otherwise, enter data into the first column for all fiscal years. Enter data in the second column for all fiscal years.

Fiscal Year	Enrollment		Percent Change	Status
	First Interim (Form 01CSI, Item 2A)	Second Interim CBEDS/Projected		
Current Year (2011-12)	12,569	12,569	0.0%	Met
1st Subsequent Year (2012-13)	12,037	12,037	0.0%	Met
2nd Subsequent Year (2013-14)	11,730	11,730	0.0%	Met

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Enrollment projections have not changed since first interim projections by more than two percent for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the current fiscal year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: Unaudited Actuals data that exist will be extracted into the P-2 ADA column for the First Prior Year; otherwise, enter First Prior Year data. P-2 ADA for the second and third prior years are preloaded. First Interim data that exist will be extracted into the Enrollment column; otherwise, enter Enrollment data for all fiscal years.

Fiscal Year	P-2 ADA Unaudited Actuals (Form A, Lines 3, 6, and 25)	Enrollment CBEDS Actual (Form 01CSI, Item 3A)	Historical Ratio of ADA to Enrollment
Third Prior Year (2008-09)	12,871	13,816	93.2%
Second Prior Year (2009-10)	12,401	13,372	92.7%
First Prior Year (2010-11)	12,227	12,668	96.5%
Historical Average Ratio:			94.1%

District's ADA to Enrollment Standard (historical average ratio plus 0.5%): **94.6%**

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: If Form MYPI exists, Estimated P-2 ADA data for the two subsequent years will be extracted; if not, enter Estimated P-2 ADA data in the first column. All other data are extracted.

Fiscal Year	Estimated P-2 ADA (Form AI, Lines 1-4 and 22) (Form MYPI, Line F2)	Enrollment CBEDS/Projected (Criterion 2, Item 2A)	Ratio of ADA to Enrollment	Status
Current Year (2011-12)	12,053	12,569	95.9%	Not Met
1st Subsequent Year (2012-13)	11,543	12,037	95.9%	Not Met
2nd Subsequent Year (2013-14)	11,248	11,730	95.9%	Not Met

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

CBEDS enrollment for 2008-09 and 2009-10 were entered incorrectly. Correct enrollment for 2008-09 is 13,456 and correct enrollment for 2009-10 is 13,003, yielding ADA ratio of 95.65% and 95.37% respectively. Therefore, projected ADA ratios for 2011-12 through 2013-14 are aligned to historical ratio trend.

4. CRITERION: Revenue Limit

STANDARD: Projected revenue limit for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's Revenue Limit Standard Percentage Range:

4A. Calculating the District's Projected Change in Revenue Limit

- 1a. STANDARD NOT MET - Projected revenue limit has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting revenue limit.

Explanation:
(required if NOT met)

2011-12 through 2013-14 revenues budget has been built on guidance from Santa Clara County Office of Education. Fiscal year 2011-12 reflects one time additional reduction of \$12.57 and \$40.41 (Senate Bill 81) per ADA compared to \$330 at budget adoption; additional reduction per ADA is eliminated in fiscal years 2012-13 and 2013-14. Flat funding across fiscal years 2012-13 and 2013-14.

5. CRITERION: Salaries and Benefits

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
