

One More, One Fewer

You Need

- Dot cube
- Dot cube (replace dots with + and - symbols)
- Recording sheet

Play with partner.

1. Roll dot cube. Count dots and write number under "Starting Number" column.
2. Roll +/- cube. Circle symbol rolled.
3. Add or subtract 1 and record the answer.
4. Partner's turn and repeat steps 1-3.

More Ways to Play

- Play with 2 dot cubes. Roll 2 dot cubes at the same time and combine the rolls together, recording that number in the first column.
- Change the dot cubes by placing the actual numbers (so student can't rely on counting the dots to find the sums.)
