June 18, 2019

Dear IDEAL Families:

All students at The IDEAL School of Manhattan have access to Bookshare, the world's largest accessible online library with over 700,000 titles. With Bookshare, books can be read out loud and students can interact with the digital text. Bookshare can be accessed from any device (laptop/phone/iPad/tablet, etc.). **This summer, students will have the option of using Bookshare to read texts online, purchase the book, or borrow books from the library.**

Here are steps to login into Bookshare for digital access to the books:
1. Go to www.bookshare.org
2. Click on Login

3. All student logins are their first and last name followed by the numbers 123 (example: arischwab123)
4. All students passwords are: **idealschool123**
5. When you log in, click on **Reading Lists** on the left side of the page

6. Click on either **Middle School Summer Reading** or **High School Summer Reading**

## Reading Lists

| Reading List | Description | Assigned by | Titles | Action |
|---|---|---|---|---|
| 👁 High School Summer Reading | | Karin Wolff | 1 | |

7. Click on the books that were assigned to your child and then click on **Read Now**

8. In order to read books on an iPad/iPhone/Android, you will need to install a Bookshare compatible app, which you can install from the Apple App Store or Google App Store.

We recommend the app **Dolphin EasyReader** (Free)
For more information on using the app with Bookshare:
https://www.bookshare.org/cms/help-center/reading-tools/dolphin-easyreader

Happy summer, happy reading!
