For the school year 2019-2020, the AP College Board has redesigned the AP World History curriculum, eliminating the first three units of study which encompass the time periods 10,000 BCE to 1199 CE. However, it is impossible to understand the full context of World History without the background, context, and perspective of these dismissed millennia. As such, the summer reading assignment for AP World History is to read and answer the guided reading packets for chapters 3-9 of the textbook students will be using. These questions are due the first FULL day of class, September 5, and are to be shared with me in a Google Doc. ANY LATE ASSIGMENT WILL NOT BE ACCEPTED, AND STUDENTS WHO FAIL TO HAND THIS IN ON TIME MAY BE ASKED TO PERMANENTLY LEAVE THE COURSE.

Do NOT wait until the last minute to begin this assignment; it will be impossible to complete if you do. I recommend you do a chapter a week. If you have any questions, send emails to Kathy.laughlin@ssfs.org
