

Important Fall Sports Information

Participation in sports in the Troy School District is a privilege, not a right. Hard work, dedication, and a desire to compete are essential in being successful in athletics. Troy High offers 26 varsity and sub-varsity sports for those interested in interscholastic athletics. We strongly encourage students new to Troy High to get involved in sports. Research has proven that students perform better in the classroom when participating in athletics.

Below is a list of the fall sports and contact numbers of the coaches. If you have any questions about the program, please contact the appropriate coach. We are looking forward to an exciting fall season and hope you will join us in a positive and fun environment. The official MHSAA practices in the fall begin on August 12 for all sports except volleyball and Girls Swimming which is August 14. All athletes MUST have a physical and emergency card completed and signed prior to tryouts. Both must be presented to the coach before trying out for any team. NO EXCEPTIONS.
