

June 2019

Dear Parents/Guardians,

Happy summer! In order to help your child maintain the progress he/she has made this school year, we have designed a “Choose Your Own Summer Learning Adventure” to keep him/her engaged and thinking over the summer. Our hope is that your child will have fun choosing and completing different activities throughout the summer. Begin at start and let your child choose his/her own path to get to the finish. Your child can color the boxes that he/she completes. Have your child bring the completed “adventure sheet” on the first day of school to be entered in a raffle.

Thank you for your support!
