

The mission of Eden Prairie Schools is "To inspire each student to learn continuously so they are empowered to reach personal fulfillment and contribute purposefully to our ever changing world." Our students will be prepared to demonstrate digital responsibility, technological awareness and the ability to use technology to create, research, communicate and produce in the academic and professional setting. i-Learn@EPS is about creating engaging curriculum, dynamic learning environments and students who are better prepared for the world beyond our school doors; it is not about the device, but rather how to use the device in education. Each student at Eden Prairie Schools will be assigned a digital device to assist with this mission. Parent/guardian, please review the applicable iLearn@EPS Expectations and contents of this Agreement with your child. Please complete this Agreement indicating you and your child understand the responsible use and care guidelines.

Agreement for responsible care and use

I (the student) understand responsible use guidelines in the school handbook.

- I agree to care for my assigned device properly as described in the iLearn Expectations section of the handbook.
- I agree to use my device properly as described in iLearn Expectations. If I break this agreement, I understand the consequences could include suspension of device privileges and/or other disciplinary action.
- I understand that the device, school network, accounts, and Apps are owned by Eden Prairie Schools and that the school or district can access any files or information at any time.
- Per district policy, some students will be allowed to bring their device home. If I will be taking home my assigned device each day, I agree to return my device and accessories to the school in working order and in the condition which I received it when asked.

I (parent/guardian) have reviewed the responsible use guidelines in the iLearn Expectation section of the handbook with my child. I understand the technology is provided for educational purposes in keeping with the academic goals of Eden Prairie Schools.

- I understand and will support my student in adhering to the responsible use guidelines as described in the iLearn Expectations section of the handbook.
- I am aware that if my child breaks this agreement, the consequences could include suspension of device privileges and/or other disciplinary action.
- I understand that the school network, accounts, device and applications are owned by Eden Prairie Schools and that the school or district has the right to access any files or information at any time.
- Although the district has sophisticated filters and protections in place, I recognize it is impossible for the school to restrict access to all controversial materials and will not hold the school responsible for materials acquired on the school network.
- I understand my child may be in a grade level which allows students to bring their device home each day. I understand all computer/device activities at home should be supervised.
- I understand my child may be in a grade which allows students to bring their device home each day, and as the child's parent/guardian, I have the right to set my own rules and boundaries at home around the use of the device. I have discussed my expectations with my child.

Agreement for financial responsibility

We understand that the assigned device belongs to Eden Prairie Schools and will be returned at the end of the academic school year; designated devices not returned will be treated as stolen property. Students who transfer, withdraw, or are expelled will return the device and accessories at the time of withdrawal.

If damage occurs to the device, the student should immediately report the damage and turn the device in. The device will be repaired or replaced by the district. Incidents of gross negligence or repeated incidents may result in financial restitution from the family, up to the cost of the entire device if warranted. Please review replacement and repair costs listed:

Agreement of student access to online educational applications

Eden Prairie Schools attempts to provide students with the best educational practices and resources. Many of our teachers are incorporating web-based applications and sites to enhance student education, engage students in the curriculum, and spark creativity and collaboration amongst peers. Through the use of web-based apps students and teachers can expand the classroom by participating in collaborative practices that enable students to learn the appropriate and safe ways to use the Internet. These practices provide both an outstanding educational opportunity for our academic areas as well as an opportunity to help students prevent poor online actions and communications. By signing this agreement, I am providing written permission for my child to access and use web-based apps and resources.

I have read and understand the information presented in this Agreement and the "iLearn@EPS Expectations" section of the student handbook. I understand this Agreement will remain in effect for subsequent school years and any modifications will be reflected in the student handbook.
