

## **AP United States History Summer Assignments**

Due to the significant amount of material covered in AP United States History, it is imperative that we extend our school year by beginning the work over the summer. Students may work independently or collaboratively on this work. Though the work is not graded, this material will be covered quickly in class, so students who complete the work will have a definite advantage in preparing for the first few quizzes.

These are resources we will be using throughout the year, so students who become familiar with them over the summer will have an advantage. There is no need to complete all of the work below, but the more the student can study, the better they will be prepared.

- 1). Go to: <http://ap.gilderlehrman.org/> and look at the resources for Period 1 (1491-1607) and Period 2 (1607-1754). Pay special attention to:
  - Timelines
  - Documents
  - Videos
  - Essays
  
- 2). Also, please view Crash Course U. S. History videos #1-5. They can be found on youtube.com
  
- 3). Go to: <https://myap.collegeboard.org/login> and take advantage of the resources for Periods 1 & 2 that are available.

Thanks,

Dr. Roland
