1. Lyle Gibson - Kaysville City

Lyle Gibson from Kaysville City Council came and spoke with the community council. He had a couple parents reach out to him with safety issues concerning the intersection of Bonneville and Antelope. After visiting the intersection during high traffic times, he proposed installing a crosswalk with a crossing guard. It was approved and will start fall of the 2019-2020 school year.

It was also discussed to have flashing lights added to the crosswalk at Angel and Orchard. Mr. Gibson said he would look into it.

2. 2019-2020 SIP (School Improvement Plan)

The final draft was approved and signed by members of the council.

3. 2019-2020 Community Council

The New Community Council was discussed.
