

ACCESS SPORTS Soccer

Providing access to team sports
for athletes with disabilities!

Our vision is to provide organized sports that resemble typical peer programs while including the support needed for young athletes with diverse needs to be successful. By partnering with Elmhurst organizations we are able to bring sports such as baseball, basketball, soccer and track to over 60 athletes with disabilities ages 5-22.

It is time to register for the 2019/2020 soccer season!

Access Sports soccer includes one 8-week season in the Spring (April/May) and one 8-week season in the Fall (September/October)! The teams are organized into three levels: Grade School, Middle School and High School/Transition to offer athletes a fair yet competitive playing experience!

Each week specialized coaches run a one-hour skill development practice and game where athletes learn the features of good sportsmanship and fair play. Athletes are accompanied by peer buddies on the field to help ensure maximum engagement and enjoyment!

Interested? Register at AccessSports.org to guarantee your jersey, shorts, socks and a ball!
Registration is now open!
