

SLJH VISION

Provide a safe, inviting, relevant & challenging environment for all students to thrive!

STAFF

Shoreline has a remarkable staff who are:

- Professional & passionate
- Innovative-thinkers
- Ready to blend technology into the curriculum to personalize the education for every student

Staff who:

- Care for & connect with students
- Expect success & achievement
- Prepare students to flourish in the 21st Century

PERSONALIZE

Teachers are working together to:

- Create authentic means of measuring progress in order to aid every student in achieving his/her optimal learning level.
- Build a curriculum rich in literacy, relevance, engagement & rigorous learning activities.
- Differentiate & innovatively engineer blended learning environments to fuse best practice with technology.
- Ensure that learning will not be constrained solely by the clock, the calendar, or the classroom setting.

ENVIRONMENT

The care and attention provided for the school grounds accent the beautiful architecture.

All stakeholders value and support a stewardship to keep this site in pristine condition, as this is a place of gathering for the community & reflects the magic occurring inside the building.

21ST CENTURY

Students are:

- Actively engaged in personalized, real-world curriculum.
- Exploring, discovering, formulating, collaborating, problem solving, creating, presenting, performing, refining & reflecting.
- Completing purposeful activities & creating authentic products worthy of their time & effort.

Students receive:

- Frequent feedback on growth & closely monitor their own progress.
- Multiple opportunities to improve.
- “Growth Mindset” tools/skills so that they can meet learning obstacles & challenges with determination & resilience.
