

2019-2020

Upper School Book Orders

All book lists are organized by Academic Departments.

Please pay careful attention to the book list this year as there are a few different ways that books are being handled in the Upper School.

Texts listed as “Textbooks for classroom rental” denote the use of classroom book sets that the school has purchased and will rent to students on a semester or annual basis. The Upper School is moving towards this model eventually for all classes. The rental price is substantially less than the cost of purchasing the book. All rented textbooks must be returned in good condition at the end of the school year or the account will be charged for the full cost of the book.

Family accounts will be billed in November for all materials ordered by the school.

Billing will include workbooks, novels, rental texts and online resources. Billing for lost or damaged books will be processed at the end of the school year.

Novels have been ordered by the Upper School English Department and will be distributed to students in class as needed.

For the remaining books that must be purchased separately by the student, It is extremely important that students **double-check ISBN numbers** when ordering to ensure that correct editions are purchased.

All books listed are **REQUIRED** for each course. Our expectation is that students will start each semester with the correct materials.

Supply List for Upper School

All students are expected to purchase a **TI-nSpire CX Graphing Calculator by Texas Instruments.**

Notebooks and paper supplies are required for each class. If there is a question about materials needed, please email the instructor directly.

All US Students will use the Chromebook ordered from the school and must have an *Acceptable Use Policy* signed and turned in.

Use of personal computers in our classrooms is discouraged as we can not ensure their repair or compatibility to instruction in each class.

A Chromebook Warranty can be purchased each year for \$40.

Lockers in the Upper School

Each student will be issued a locker for their use. The locker is to be kept clean and free of food, drinks, etc. No marking or decorating of the outside of the locker is allowed. All lockers will be periodically inspected to ensure that they are clean and empty of perishable items.
