Addendum #	Changes
2.01	<p>The following paragraph is added to RFP 2.01 Scope of Work:</p> <p>District currently requires approximately 30 Behavioral Specialists. The number of hours worked per month varies for each assignment, however the anticipated hours for a full-time student are 1950 minutes per week or 32.5 hours per week. Almost all Behavioral Specialists will be assigned to only one student. Occasionally a Behavioral Specialist will be assigned more than one student or one student will require more than one Behavioral Specialist. Behavioral Specialists are currently billed at \$38.50-\$60.00 per hour. BCBA Supervision is currently billed at \$110.00-\$125.00 per hour. Approximately 30 students receive direct services from Behavior Technicians. BCBA's supervise the Behavior Technicians. Costs for Behavior Technicians and BCBA's shall be invoiced separately. District will provide the equipment and materials needed for the services.</p>
2.02	<p>RFP 2.01(B) is revised as follows:</p> <p>Monitor and record behavior including any use of emergency response protocol procedures per District record keeping practices. Current practice is that data is submitted to, and reviewed by, District Administrators. Bidder will provide weekly monthly data and reports and will work with the District regarding the format of that data. Reports may include adaptive behavior and academics for assigned students, and data on targeted replacement behavior and behavior to reduce. School locations may provide measures or target behaviors for data collection. If measures or target behaviors are not provided, Bidder may develop measures that relate to the student's IEP. Data reporting should be done during classroom hours.</p>

2.03	The following sentence is added to RFP 2.02(D): Assigned Behavioral Specialists will have a current BT or BCBA certification.
2.04	RFP 2.01(M) is revised as follows: Ride the bus with a student or provide transportation to and from school as requested.
