

# Kindergarten Unit 4-Shape Attributes

## In this unit students will:

- Classify and sort attribute blocks by shape and size and then count and compare the blocks in each group
- Explore, recognize, and describe shapes and their attributes by touch
- Use calculators to practice reading and recording numbers to represent objects
- Count and recognize numbers 10 through 19
- Combine pattern blocks in different ways to make a hexagon
- Compare the capacities of containers
- Skip counting by 10's to 100

## Ideas for Home:

Have your child practice:

- count and identify numbers 0-20
- skip counting from 10-100

Discuss the shapes below and talk about their attributes: (small blue square, large yellow square)

Please note: The activities above are not homework. They are suggestions for supporting learning at home. Please consult with your child's teacher for homework and specific suggestions related to your child's needs.
