

Companies with Matching Gift Programs:

Make the biggest possible impact with your giving! Many companies have employer matching gift programs as a benefit to employees and retirees, whereby the donor submits documentation to the employer of a gift to Wornick, and the company matches the funds. Companies will double or even triple their employees’ donations. This is an easy way to increase the size of your own gift and all matching support is credited to you. Your human resources office can advise you if your company has such a program.

This is a list of companies we know have matching gift programs. If your firm has such a program, but Wornick has not yet been set up as a recipient, please contact the Development Office at development@wornickjds.org or (650) 378-2621. Thank you for your generosity!
