## **Requesting Donations**

We are always in need of tissues/Kleenex, hand sanitizer, and Clorox/Lysol wipes. If your family would be able to donate any of these supplies, please drop them off in the office anytime.

Thank you!

## **Computers & Technology**

International Academy East is a Bring Your Own Device (BYOD) school. Since the IA is a Google School, students will be using the Google Suite online to complete most of their work and students are free to bring a Windows, Mac, or Chromebook device for that purpose. While helpful, it is not required for students to have a device. IA East has Chromebook carts that teachers will check out and bring to the classroom when computers are needed. A flyer with current computer discounts is also included in this online "Summer Mailing".

All students will receive access to a Gmail account with the Google Suite of products, as well as a subscription to Microsoft Office that can be downloaded on up to 5 personal devices.

*If you are unable to acquire all of the supplies listed above, additional supplies will be available for students and families to pick up in the main office conference room from August 12 – 15.*
