Then use the mark scheme to mark and annotate each of your answers.

Bring your completed work to your first lesson in September so that your teacher can check them and you can discuss what you have learnt as a result.

Sociology

1. You need to follow current media coverage on any sociological topic relating to society, families, education, crime / deviance, social class, research being carried out to do with people or society in the UK.

Take a topic and think about how to structure a 12 mark examination style question which may ask 'Discuss how far sociologists agree that....', whilst also linking to each of the sociological perspectives we have explored (Marxism, Functionalism, Feminism, Post-Modernism) in your answer.

2. You need to complete two full past examination papers to show your teacher in September.

You can access these on the AQA website, www.aqa.org.uk

Complete the June 2014 and June 2015 papers.

You should then download the mark scheme so that you can annotate your work with corrections.
