

Klondike Middle School Football 2019 Information

Contact Information:

Head Coach: Rich Franks

e-mail address: coach.rich.franks@gmail.com

Athletic Director: Grant Goodwine

e-mail address: gjgoodwine@tsc.k12.in.us

Important: You must have a parent/guardian e-mail Coach Franks at the above address, as soon as possible. DO NOT mail Coach Franks with your student TSC account, as Coach Franks will not be able to send mail back and forth to you. Your parent/guardian should include the name of the player, grade, and any other e-mail addresses which info should be sent to. They will be added to a mailing list for receiving all information concerning football this fall, such as announcements, registration information, practice schedule changes, etc..

Physicals: You must have a physical ***dated after 4/1/2019*** to practice, starting August 5th. Do yourselves a favor, and get this done early, as many people wait until right before school starts, and it becomes very difficult to get an appointment. Try to get it done before Middle School Camp, if possible.

Final Forms: Your parent/guardian will be mail information about the Final Forms system, a web-based system. Final Forms is used to track physicals, fees paid, and other important information. It is important that information is entered promptly and completely. Again, information will be mailed out to parents/guardians as to how to register.

Fees: Mr. Goodwine, the KMS athletic director, will have information for you and your parents/guardians concerning fees for football.

Camp and Summer Conditioning: Neither are required, but are highly recommended.

Key Dates (Full Calendar with times on back):

- June 24/25: Gear Handout for those attending the HHS Middle School Camp
- July 8: Summer Conditioning begins
- July 15/17, 22/24: HHS Middle School Football Camp (Monday/Wednesday for 2 weeks)
- July 25: Gear pickup for those not attending camp
- August 5: Official Practice Begins
- August 13: School starts
- August 14: Parent Meeting
- August 17: Middle School Scrimmage at Harrison

Final Thoughts: It is very important that you pickup your gear on the listed dates, and get to practice when it starts on August 5th. When you do not have your gear, it takes time away from practice for the coaches to fit you. Missing the week of practice before school starts not only sets an individual player back, but it sets the whole team back, as everything needs to be re-taught.

2019 KMS Football Summer Calendar and Important Dates

June
