Additional Information

I have had the opportunity to travel abroad with my family. Through my travel, it has given me the opportunity to learn about different cultures. In Italy I was able to meet many family members, see my grandmother's childhood home, and learn about my background. In 10th grade, I suffered a concussion during a soccer game. I had to work hard to keep up with my studies, assignments and exams, but was able to finish to semester with positive results.
