Suggestions:

** Participate in some form of service yearly, varied types of service

**Senior yr: college applications, good topic for some college essays, service hrs required for consideration to NHS

**What doesn't count: faculty asst, office asst., IMC aid, peer tutor (these receive credit), mandatory /court ordered community service, mandatory co-curricular punishment required service, tutoring hours required for a course, when in doubt ask a counselor or the NHS advisor.

National Honor Society Requirements: refer to CHS Student Handbook on Selection Process
