

The Ohio Career Information System (OCIS) is an internet-based system of accurate and comprehensive occupational, post-secondary education and financial aid information. OCIS contains the latest national, Ohio, and local labor market information and projections.

OCIS is designed to support ongoing academic and career exploration, planning, and decision-making through easy-to-use filter and sorting utilities, inventory assessments, and an online Portfolio which contains the Individual Academic and Career Plan (IACP).

Sophomore students will be registering on OCIS later this school year and will have a unique username and password. Juniors, seniors and any other students who have not created an individual account yet can access OCIS with the login below and create an account.

To access the Ohio Career Information System, go to:  
[ocis.org](http://ocis.org)

**Username:** CentervlHS

**Password:** ohiocis03

If a student has questions, they can contact Mr. Craig Suttman, CHS Career Education Principal at
