

GOALS AND OBJECTIVES

GOAL TWO

St. Mark's will empower our students' development toward becoming independent, self-aware graduates who thrive in a globally and digitally interconnected world.

OBJECTIVES

Strengthen school-parent partnerships to support our students' growing independence in the areas of social-emotional growth, cognition, and agency.

Expand student opportunities to develop cross-cultural competencies and self-awareness in a global community.

Reinforce the partnership we share with parents in supporting how our students balance the role of technology in all aspects of their lives.

Further advance our methods for supporting the integration of students' cognitive and social-emotional development.

Better define accountability and responsibility regarding student conduct to guide our efforts in supporting every students' growth.
