

GOALS AND OBJECTIVES

GOAL ONE

We are committed to continually exploring and implementing teaching resources and strategies that support the development of the whole child through their years at St. Mark's.

OBJECTIVES

Clearly identify mission-fit students during the admission process, while evaluating learning needs to ensure we can serve each child we enroll.

Hire and train faculty to serve the range of learning styles and challenges of our students.

Implement curriculum resources and teaching strategies that promote the development of competencies needed to succeed in a rapidly changing world.

Cultivate a culture of collaboration among faculty that best supports the needs of our students.

Implement an approach to student and faculty evaluation that better measures what we value in teaching and learning.
