## Meet this year's Annual Fund Chairs, Gury and Pratik Doshi

“ Every child is unique. Every child carries their own spirit and energy.

We believe St. Mark's is a school community that recognizes and embraces the individual child, helping each child write their own story. We hope you will join us in supporting the Annual Fund so that the breadth and depth of the St Mark's school experience can continue to bolster each child's learning and growth as an individual and as part of their community. ”

## Annual Fund

The Annual Fund is by far the most important fundraising effort at St. Mark's each year, and gifts at any level demonstrate our community's commitment to our school's mission. Each year, we ask you to support our school's academic and learning environment by making a tax-deductible and discretionary contribution to the St. Mark's Annual Fund. Donations provide the supplemental resources needed for the full support of our children and their educational development.

Tuition covers our basic operating budget, which includes salaries, benefits, utilities, and campus maintenance. The Annual Fund directly impacts program improvements, and allows us to provide the best environment possible for our children. As a school, we budget for areas like professional development, technology, curriculum, and facilities, but the Annual Fund bolsters these areas. The entirety of the St. Mark's experience is made possible by this crucial initiative.
