**S**t. Mark's Episcopal School was created in 1960 as an educational outreach ministry of St. Mark's Episcopal Church. We are governed by a separate Board of Trustees, comprised of current and former parents and community leaders. The Board of Trustees of St. Mark's Episcopal School is a dynamic group of individuals that focuses on the long-term strategic goals and financial position of the school and the selection and support of its Headmaster, Garhett Wagers. The board entrusts the normal, day-to-day operations of the school to their sole employee, the Headmaster, and uses its position to approve the annual operating budget and oversee the financial operations of the school.
