Physical Exercise and Discipline of Students

The Amity Regional Board of Education (Board) recognizes that a positive approach toward exercise and physical activity is important to the health and well-being of students. All aspects of the school experience should encourage students to have a healthy attitude toward exercise and promote the life-long enjoyment of physical activity. Therefore, when school employees impose disciplinary consequences for student misconduct during the regular day, the following restrictions shall apply:

1. Physical Activity as Punishment

School employees may NOT require students enrolled in grades K-12, inclusive, to engage in physical activity as a form of discipline during the school day.

2. Wellness Instruction

School employees shall not prevent students from participating in physical exercise during wellness instruction as a form of discipline.

This restriction does not apply to brief periods of respite/time-outs, referrals to the building administrator, or for safety reasons.

At no time shall an entire class be prevented from participating in wellness instruction or physical exercise activity as a disciplinary consequence.

The Superintendent of Schools is authorized to develop guidelines to implement this policy.

Nothing in this policy shall prevent a school employee from acting in accordance with an Individualized Education Plan (IEP) developed by the student's Planning and Placement Team (PPT).

For the purpose of this policy, "school employee" means a teacher, substitute teacher, school administrator, school superintendent, guidance counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by the Board or working in a public elementary, middle or high school; or any other individual who, in the performance of his or her duties, has regular contact with students and who provides services to, or on behalf of students enrolled in a public elementary, middle or high school, pursuant to a contract with the Board.
