of parents

YOUR SUPPORT PROVIDED RESOURCES FOR STUDENTS AND TEACHERS TO GO ABOVE AND BEYOND.

- 1. THEATER**—Middle School students became set designers, builders, creators, actors, artists, and dancers.
- 2. VISUAL ARTS**—The Beginning School enjoyed new art supplies and received additional support for the art specialist.
- 3. SCIENCE**—Upper School students continue to study in-depth climate science, thanks to biology teacher Robert Wilson's ongoing engagement with the APPLES (Arctic Plant Phenology Learning through Engaged Science) program.
- 4. ATHLETICS**—Equipment was purchased for several teams for video review and performance analysis.
- 5. STEM**—Upper School science department purchased lab equipment for its new Advanced Topics curriculum.
