This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the device or device replacement. The warranty does not warrant against damage caused by misuse, abuse, accidents or device viruses. Please report all device problems to Technology Services

**District Protection Plan:**

The school district shall provide repairs at no cost to the student for normal wear and tear. The protection plan covers device repair or replacement in the event of theft (police report required) or accidental damage, prorated per occurrence. The protection plan cost is \$25.00 annually for each device. The protection plan covers such items as replacement costs for a whole device or specific parts being accidentally damaged. Students will be able to file a maximum of four claims per school year. In the event that four claims have been filed, the school district reserves the right to cancel the protection plan for that student.

Students or Parents/Guardian will be entirely responsible for the cost of repairs to devices that are damaged intentionally regardless of purchase of the protection plan.

Devices that are stolen must be reported immediately to the School Main Office and the local law enforcement agency. A police report will be required by the district to prove the claim of loss.

Prorated repair cost sharing with families is based on recurrence:

2nd Repair	50%	50%
3rd Repair	20%	80%
