

## WORKBOOK SUGGESTIONS FOR GRADES I – V

*Please order the grade level your child has just completed.*

### **NIMBLE WITH NUMBERS**

Learning math is more fun with *Nimble with Numbers*. Practice high priority skills that will enhance number sense and promote practice while students solidify their understanding of number concepts, problem solving, and critical thinking. *Nimble with Numbers* is packed with high-quality, engaging activities that are ideal for daily practice. There are workbooks available for all grade levels.

Available at

<http://www.didax.com> then search Nimble with Numbers, 2nd ed. Gr. (grade your child just completed)

### **DAILY MATH PRACTICE**

A workbook that has a set of problems for kids to work on each day. The problems include computation practice, word problems, patterns, geometry, graphing, and measurement. The problems increase in difficulty as your student progresses through the book. Quick and easy way to practice this summer. Order the “reproducible teacher’s edition” in the grade level that your child has just completed.

Available at [www.evan-moor.com](http://www.evan-moor.com), then search Daily Math Practice
