Executive Summary 2018-2019

The 2018-2019 adopted budget includes the following assumptions:

Tax rate as recommended	Maintenance & Operations	\$ 1.170
	Debt Service	0.210
	Total Rate	\$ 1.380

Assumes 100% collection to include delinquency and penalty and interest

HCAD's Estimated Taxable Value for 2018:	\$	9,988,456,388
Chambers County Estimated Taxable Value for 2018:		659,130
Total Estimated Taxable Value for Debt Service	<u></u>	9,989,115,518
Chapter 313 Abatement		1,083,013,408
Adjusted Taxable Value for Maintenance & Operations	\$	8,906,102,110

Recapture for 2019 budget uses 2017 CPTD property values and 2018 local property tax roll value. A year in which the certified value does not increase means an overall decrease in funding illustrated by an increase in recapture.

Projected enrollment	7,496
Projected Average Daily Attendance	7,003
Projected Weighted Average Daily Attendance	9,262

The District's funding is based on weighted average daily attendance which is average daily attendance weighted for instructional needs of each individual child. The District's enrollment and average daily attendance were severly impacted by Hurricane Ike and was made worse by the impact of Hurricane Harvey. For FY 2018 the District's ADA was 7,003 as compared to 7,440 before Hurricane Ike and 7,182 before Hurricane Harvey.

Personnel / Payroll

TRS Changes

TRS Active Care rates increased. Last year for the Active Care II plan there was a 5%; 2.25% for Active Care Select; no increase for Active Care High Deductible. For 2018-19, Active Care II plan has 9.5% increase and the plan is being phased out, Plan II is only available to those currently on Plan II. TRS Select increased 5% and TRS High Deductible increased 4.5%

Adopted Budget Staffing

The budget as proposed to the board of trustees did not include a general pay increase, however, the budget adopted by the board of trustees includes a 2% general pay increase.

Recapture cost Local Revenue is reflected net of \$44,689,195 for estimated

recapture costs (Option 3) for the 2018-19 school year.

- 2. Improve district web site to allow easier access to information by parents, educators, community members, job seekers, and potential residents.
- 3. Increase parent communication to promote awareness of and involvement in our schools.
- 4. Promote La Porte ISD to prospective residents and those in other communities.
- 5. Make use of social media to communicate with LPISD parents and community members.

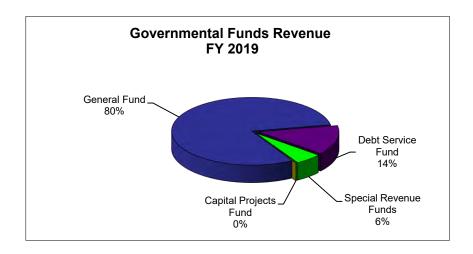

Board Goal #5

Ensure and demonstrate efficient and effective use of district resources.

- 1. Fully utilize the transportation inventory system to properly track transportation parts and supplies in an effort to provide maintenance and repairs in a timely manner.
- 2. Change training from annually to monthly in the areas of transportation safety and driving skills.
- 3. Increase the safety and security of students utilizing district transportation by replacing 25% of the obsolete bus video surveillance systems with SD Card Technology.
- 4. Implement plan to recruit bus drivers and monitor staff to fill vacancies
- 5. Provide additional measures to increase safety and security for students and drivers.
- 6. Annually evaluate kitchen equipment on all campuses and replace substandard equipment.
- 7. Implement plan to recruit kitchen staff to fill vacancies.
- 8. Continue to provide employees with professional development opportunities to meet USDA Professional Standards requirements.
- 9. Increase student meal participation.
- 10. Increase efficiency and effectiveness of maintenance and custodial services.
- 11. Investigate adequate ratio of custodial staff to building square footage.
- 12. Implement an electronic contract management system.
- 13. Implement a student/campus activity funds manual.
- 14. Support and improve infrastructure to meet the academic and business needs of the district as approved in the 2014 bond program.

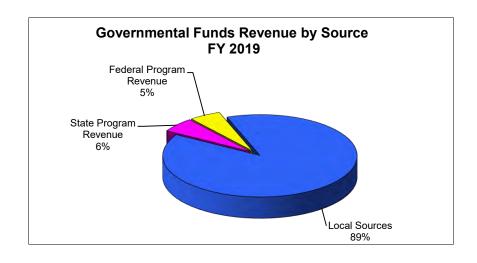

La Porte Independent School District Governmental Funds Revenue 2018-2019

The following presents a comparison of revenue for all Governmental Funds. Governmental Funds include the General, Special Revenue, Debt Service, and Capital Projects Funds. Most of the District's basic services are included in Governmental Funds.

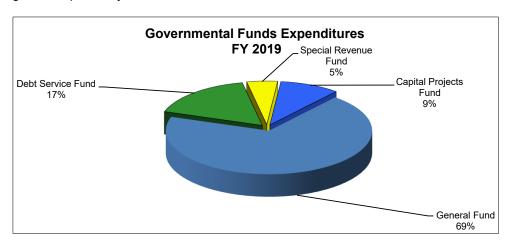

Total Governmental Funds Revenue - Budget FY 2019

	Total	Local	State Program	Federal Program
Description	Revenue	Sources	Revenue	Revenue
General Fund	\$ 118,018,081	\$ 108,370,130	\$ 8,381,951	\$ 1,266,000

La Porte Independent School District Governmental Funds Expenditures 2018-2019

General Fund expenditures dominate Governmental Fund activities. However, since the district has a continuing need to fund capital projects and/or capital replacements, the Capital Projects Fund has a major impact on expenditures. New facilities and renovations are funded through taxpayer authorized bond issues that are managed through the Capital Project Funds.

General Fund - Projected Fund Balance 2018-2019

The District has an undesignated fund balance projection of \$26.8 million. This is equal to approximately 4 months operating expenditures net of recapture and represents adequate undesignated reserves to meet the challenges it could face given unfavorable market conditions or during an active hurricane season. The district is currently in a stable enrollment environment and will continue to try to make decisions to protect an adequate fund balance in the future.

Section I - General Fund

GENERAL FUND

The general fund is the District's primary operating fund. It accounts for all financial transactions not properly included in other funds. The principal sources of revenue include local property taxes and state aid. Expenditures include all costs associated with the daily operations of the District except for specific programs funded by the federal or state government, food service, debt service, and capital projects. The fund balance of the general fund is controlled by and retained for the use of the local education agency. The general fund utilizes the modified accrual basis of accounting. The local governing body has wide discretion in the use of funds as provided by law.

Section II - Debt Service Fund

DEBT SERVICE FUND

The debt service fund accounts for payments of principal, interest, and related fees on the district's general obligation bonds. A separate bank account must be kept for this fund. Under Texas law, only these debt service payments can be charged to this fund. Revenue is received from a designated allocation of the property tax rate.

Section III - Food Service Fund

FOOD SERVICE FUND (National School Breakfast and Lunch Program)

The food service fund is to be used for programs using federal reimbursement revenues originating from the United States Department of Agriculture (USDA). This fund is considered a Special Revenue Fund since it meets the following criteria:

- * User fees are charged to supplement the National School Lunch Program (NSLP) reimbursement -- i.e., students are charged for the meals.
- * The general fund subsidizes the food service fund for all unpaid student accounts as of year end.

This fund may have a fund balance not to exceed three months of operations, and fund balances are to be used exclusively for allowable child nutrition program purposes.

Section IV - Capital Projects Funds

CAPITAL PROJECTS FUNDS

A capital projects fund is a governmental fund that must be used to account, on a project basis, for projects financed by the proceeds from bond issues, or for capital projects otherwise mandated to be accounted for in the fund. The Capital Projects Fund utilizes the modified accrual basis of accounting. Capital Projects Fund budgets do not require annual Board of Trustees adoption and are typically approved by the governing body on a project-length basis. However, regardless of the legal requirements, the district includes these funds as part of the annual financial reports and the Board of Trustees are kept apprised of their status on a regular basis during the fiscal year.

Section V - Other Special Revenue Funds

OTHER SPECIAL REVENUE FUNDS

Special revenue funds are governmental funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. These funds utilize the modified accrual basis of accounting. Other special revenue fund budgets (except for the food service fund) do not require Board of Trustees adoption or approval for routine budget amendments during the year. However, regardless of the legal requirements, these budgets are included as managerial level budgets.

NOTICE OF PUBLIC MEETING TO DISCUSS PROPOSED TAX RATE

The LPISD will hold a public meeting at 7:00 pm, June 12, 2018 in La Porte ISD Administration Building Board Room, 1002 San Jacinto, La Porte Texas 77571. The purpose of this meeting is to discuss the school district's tax rate that will be adopted. Public participation in the discussion is invited.

The school district has elected to adopt a tax rate before receiving the certified appraisal roll from the chief appraiser(s) of the appraisal district(s) and before adopting a budget. In accordance with Texas Tax Code, Section 26.05(g), the chief appraiser(s) of the appraisal district(s) in which the school district participates has (have) certified to the assessor for the school district an estimate of the taxable value of property in the school district as provided by the Texas Tax Code, Section 26.01(e). In accordance with the Texas Education Code, Section 44.004(j), following adoption of the tax rate, the school district will publish notice and hold another public meeting before the school district adopts a budget.

The tax rate that is ultimately adopted at this meeting or at a separate meeting at a later date may not exceed the proposed rate shown below unless the district publishes a revised notice containing the same information and comparisons set out below and holds another public meeting to discuss the revised notice.

RESOLUTION NO. 2018-09 RESOLUTION TO ADOPT TAX RATE AND LEVYING AD VALOREM TAXES FOR THE LA PORTE INDEPENDENT SCHOOL DISTRICT FOR THE YEAR 2018

WHEREAS, the Superintendent of Schools and The Board of Trustees find that, after reviewing all sources of revenues, it is necessary that the Board adopt the tax rate for all purposes at One Dollar, Thirty-Eight Cents (\$1.38) per One Hundred Dollars (\$100) of assessed property valuations to operate the school system during the current year and for the bonded indebtedness of the school district, and

WHEREAS, the Superintendent recommends and the Board finds that the school district tax rate should be set and taxes levied based on One Dollar, Thirty-Eight Cents (\$1.38) per One Hundred Dollars (\$100) of assessed property valuations, One Dollar and Seventeen Cents (\$1.17) being for the current maintenance and operations of the schools and Twenty-One Cents (\$0.21) for payment of interest on outstanding bonded indebtedness and to provide for Sinking Fund requirements, and

WHEREAS, THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE. THE TAX RATE WILL EFFECTIVELY BE RAISED BY 11.73 PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$130.00, and

WHEREAS, the District is authorized by state law to adopt, without holding a tax ratification election, a maintenance and operations tax rate that exceeds the District's statutory rollback rate for the tax year following a declared natural disaster if increased expenditure of money is necessary to respond to the disaster, and

WHEREAS, the Governor of Texas requested federal disaster assistance for the area in which La Porte ISD is located in response to Hurricane Harvey in 2017,

THEREFORE, BE IT RESOLVED THAT:

- 1. All of the above paragraphs are incorporated and made a part of this resolution, and
- 2. The school tax rate for the La Porte Independent School District for the year 2018 shall be \$1.38, and that the rate is set One Dollar and Seventeen Cents (\$1.17) per One Hundred Dollars (\$100) of assessed property valuations for Maintenance and Operations of the school district, and Twenty-One Cents (\$0.21) per One Hundred Dollars (\$100) of assessed property valuations to pay interest on outstanding bonded indebtedness and provide for Sinking Fund requirements, a total tax rate of One Dollar, Thirty-Eight Cents (\$1.38) per One Hundred Dollars (\$100) of assessed valuation of taxable property, such ad valorem taxes to be levied on all taxable property situated in the District for all purposes, during the year 2018, and the Tax Assessor/Collector designated for the District is authorized and directed to assess and collect school taxes on the basis of this rate for the 2018 tax year,
- 3. Pursuant to Section 26.08(a) of the Texas Tax Code, the Board adopts this tax rate for 2018 without the need for a tax ratification election because the Board finds that the District has been and will continue to be required to make increased expenditures to respond to Hurricane Harvey.

Subject: School District Authority to Adopt Increased Tax Rate After a Natural Disaster

Under Texas Tax Code 26.08

You have asked us to advise La Porte Independent School District (the "District") on whether the District is required to hold an election or take any action prior to adopting an increased tax rate in the year following Hurricane Harvey. Under Section 26.08, Texas Tax Code, the District may adopt an increased 2018 tax rate without first holding an election to approve the increased tax rate or taking any other action in the year following a natural disaster.

This provision of the Texas Tax Code provides that, following a natural disaster such as a hurricane, when increased expenditure of money is necessary to respond to the disaster, a school district may adopt a tax rate for the year following the year in which the disaster occurred that exceeds the district's rollback tax rate without holding an election, as long as the governor has requested federal disaster assistance for the area in which the school district is located.

On August 23, 2017, in the wake of Hurricane Harvey, the Texas Governor declared a disaster area for Chambers and Harris Counties and requested federal disaster assistance. The District is located in Chambers and Harris Counties. In order for the District to respond to the impact of this natural disaster, the Legislature has permitted the District to adopt a tax rate for 2018 (the year following the year in which Hurricane Harvey occurred) that exceeds the District's rollback tax rate without first holding an election or taking any other action.

I hope that this memorandum provides a useful summary for you and please do not hesitate to contact me (713.220.3833) if you have any further questions or concerns related to this matter.

Cc: Chris Gilbert < cgilbert@thompsonhorton.com > **Subject:** RE: La Porte ISD / Hurricane Harvey Tax Levy

Dear Mr. Graham:

You have asked me to review a memorandum from Mr. Tom Sage (of Hunton, Andrews, Kurth LLP) regarding the ability of the La Porte Independent School District ("La Porte ISD" or "District") to adopt an M&O tax rate that exceeds the District's roll-back rate without holding a tax ratification election ("TRE"). I agree with Mr. Sage's advice to the District on this matter.

Generally, adoption of a maintenance and operations tax rate ("M&O" rate) that exceeds the District's roll-back rate (which in this instance is \$1.04 per \$100 of taxable property value in the District) triggers the requirement for a tax ratification election at which voters in the District would either approve or disapprove the adopted rate. There is an exception in the law that provides that a school district may adopt a tax-rate that exceeds its roll-back rate for one year following a declared disaster (such as a hurricane) without holding a TRE election ("disaster exception"). When increased expenditures are necessary because of a disaster, such as a hurricane, in the tax year following the year in which the disaster occurred, the school district is not required to conduct an election on the tax rate even if the adopted rate exceeds the roll-back rate. The District must be located in an area for which the governor has requested federal disaster assistance in order for this exception to apply. This exception is for one year only, absent another subsequent declared disaster. If a district utilizes the exception to adopt a higher tax rate for a year without conducting an election, then the general rule requiring an election would not be applicable for that one year.

There are no special procedures for utilizing this exception, but the same deadlines applicable to the District's adoption of its budget and tax rate would still apply, which are as follows:

District receives certified values: Usually late July (July 25 deadline)

Deadline to adopt budget August 31

Deadline to adopt tax rate 60 days from receipt of certified values

When the Board adopts the tax rate, I recommend that it also adopt a resolution that specifies it is relying on the exception and that makes findings to support the requirements of the exception. For example, the resolution could specify the types of additional damages incurred by the district because of the disaster. This would provide support against any challenge to the adoption of the tax rate and create a presumption of validity.

Please let me know if you have any further questions on this matter.

Dear Ms. Piggott:

Re:

As required by Texas Tax Code Sec. 26.01(e), we have prepared an estimate of taxable value for the above taxing jurisdiction for 2018. While this estimate is based on information currently available to us, some of the data needed for accuracy is not yet available. For example, in the area of business and industrial personal property, the extended date for property owners to file their annual renditions is May 1, and some will delay their filing until the good cause deadline of May 16.

While we have taken our best estimate of potential hearing loss into account, protests for 2018 are in the process of being received and reductions made in the ARB protest hearing process during the next several months could cause a further reduction in value. Also, if fewer protests are filed, your value could possibly be higher.

Your final taxable value will also be impacted by late-filed exemption applications, late applications for productivity valuation, correction motions under Tax Code Sec. 25.25, and possible post-ARB appeals through binding arbitration, appeals to district court, or appeals to the State Office of Administrative Hearings.

Given these limitations, the estimated 2018 taxable value for the taxing unit identified above is:

\$9,988,456,388

The enclosed summary report gives a breakdown of this estimate by property category.

Please do not hesitate to contact your HCAD jurisdiction coordinator or my office if you have questions regarding this estimate or other matters affecting appraisal district operations.

Sincerely,

Roland Altinger Chief Appraiser

Mr. Lloyd Graham, Superintendent La Porte Independent School District 1002 San Jacinto St La Porte, TX 77571-6496

Re: Chapter 41 Intent

Dear Mr. Graham:

Thank you for informing us of the La Porte Independent School District's intent to exercise Option 3 in order to equalize its wealth for the 2018-2019 school year.

Please be advised that a signed Option 3 **Agreement for the Purchase of Attendance Credits** must be received by September 1, 2018, in order for the district to qualify for the early agreement credit.

The district may proceed with its tax rate adoption process.

Please refer to the *Manual for Districts Subject to Wealth Equalization* for information regarding other fiscal, procedural, and administrative requirements for Chapter 41 districts. Questions should be addressed to Kim Wall by email at kim.wall@tea.texas.gov or by phone at (512) 463-4809.

Sincerely,

1701 North Congress Avenue • Austin, Texas 78701-1494 • 512 463-9734 • 512 463-9838 FAX • tea.texas.gov

July 6, 2018

TO THE ADMINISTRATOR ADDRESSED:

Subject: Local Share of the Foundation School Program Cost

The adoption of an ad valorem property tax rate is a local decision made by locally elected school district board members. However, as required by state law under Texas Education Code (TEC) §42.252(d), a school district must raise its total local share of the Foundation School Program to be eligible to receive foundation school fund payments. As provided by TEC §42.252(a), the local share determination requires a tax rate for each hundred dollars of valuation equal to the product of the state compression percentage, as determined under §42.2516, multiplied by the lesser of \$1.50, or the maintenance and operations (M&O) tax rate adopted by the district for the 2005 tax year.

This letter serves to inform school districts that beginning with the 2018–2019 school year, the Texas Education Agency will ensure that all school districts are raising their required local share of the foundation school program before flowing foundation school fund payments.

Therefore, for a school district to be eligible to receive foundation school fund payments for the 2018–2019 school year, the adopted M&O tax rate should be equal to or greater than the level described under TEC §42.252(a). The TEA will not flow foundation school fund payments to school districts whose adopted M&O tax rates are below the required level. Distribution of available school fund payments, however, would continue without interruption. Additionally, any recapture payments owed by school districts as required under Chapter 41 of the TEC should also continue without interruption.

TEA is committed to providing all taxpayers, property owners, and school districts with accurate and transparent information regarding these matters as quickly as possible and to complying with statutory obligations under Texas law. This information is being provided to describe the effect on state funds under current law that ensues from a local decision to adopt a specific tax rate. Please contact Al McKenzie at (512) 463-9186 or al.mckenzie@tea.texas.gov with any questions.

Leo Lopez, RTSBA
Associate Commissioner for School Finance

October 9, 2017

To the Administrator Addressed:

Subject: Commissioner's adjustment to average daily attendance (ADA) for school districts and charter schools experiencing declines in enrollment because of Hurricane Harvey for the 2017–2018 school year.

This letter provides guidance to school districts and charter schools that are eligible for an adjustment to ADA under Texas Education Code (TEC) Sec. 42.0025(d), which provides that the commissioner may adjust the ADA of a school district in which a disaster, flood, extreme weather condition, fuel curtailment, or other calamity has a significant effect on the district's attendance.

Background

During the 2017–2018 school year, many school districts and charter schools may experience losses in ADA due to Hurricane Harvey. As a reminder, in the TEA's *To the Administrator Addressed* letter dated September 12, 2017, the TEA indicated it would continue to make full payments to all school districts and charter schools based on their individual Legislative Payment Estimates (LPE) found on the Summary of Finances regardless of actual enrollment. In addition, charter schools experiencing enrollment losses and needing to stabilize LPE payments were encouraged to contact TEA staff to seek those arrangements.

Because average daily attendance (ADA) is a major component in determining Foundation School Program (FSP) funds, a loss of ADA would normally result in: (1) a loss of FSP funds for affected school districts during the September 2018 FSP settle-up process, or (2) an increase in recapture obligations.

Commissioner's Adjustments to ADA

To mitigate against these changes in FSP funding for the 2017–2018 school year, the commissioner of education is exercising his authority under Texas Education Code (TEC) Sec. 42.005(d) to adjust ADA for affected districts during the 2017–2018 school year, effectively holding districts harmless for a loss of ADA from the storm. **This is a one-time adjustment that will only be made for the 2017–2018 school year.** Please note that the availability of this ADA adjustment does not supersede existing requirements related to minimum minutes and/or days of instruction and/or operation.

The commissioner will hold affected districts and charters harmless to a projected ADA number calculated using a three-year average trend from the 2014–2015 through 2016–2017 school years, unless this projection is both 15% higher and 100 ADA higher than the 2017-2018 LPE projections. In the latter case, 2017-2018 LPE will be used. This calculation is included in the attached spreadsheet.

Eligibility

The TEA has established the following criteria for school districts and charter schools in counties included in the Governor's Disaster Declaration to be eligible for an ADA adjustment:

- 1. The school district or charter school has had damage to at least one campus which has resulted in a disruption of instruction lasting 2 or more weeks, **OR**
- 2. The school district or charter school had instructional facilities that were closed for the 9 or 10 hurricane related waiver days, and
- 3. The school district or charter school must complete the Governor's Commission to Rebuild Texas Worksheet by October 27, 2017.

Additional factors will be considered on a case by case basis.

Verifying Eligibility

Please see the attachment that details the list of school districts and charter schools that have been preliminarily identified or already verified as being eligible for this ADA adjustment given the criteria above. This list has been created using the most current information on file, but the TEA will verify eligibility as information is submitted. It is entirely possible that the TEA has excluded districts that should be on the attached list. If your school system meets either criteria 1 or 2 above and is not on the list, please contact Sara.Kohn@tea.texas.gov or (512) 463-8891 to be included. The list of districts and charters eligible will be updated on our Hurricane Harvey Resources website as verifications occur.

TEA will review submitted missed school day waivers or other written notifications to verify eligibility for criteria #2. For help with waiver submissions or to submit separate written notification of closure, please contact Leah Martin at Leah.Martin@tea.texas.gov or (512) 463-8597.

Districts or charters who do not meet eligibility for either criteria 1 or 2 above can contact us for consideration on a case by case basis. This may be appropriate, for example, in areas where there was significant loss of housing. Please contact Sara.Kohn@tea.texas.gov or (512) 463-8891 for more information.

Rebuild Texas Worksheets

TEA will review the Rebuild Texas worksheets and other written notifications to verify eligibility for the above criteria #1.

Districts have previously been asked by TEA (through their regional service centers) to supply certain facility damage information, primarily focused on basic information about campus costs. The Rebuild Texas Worksheet is meant to replace and expand upon the prior request, to include all costs associated with the Hurricane. The prior information request is no longer needed.

Guidance to fill out the Rebuild Texas Worksheet is available at: https://tea.texas.gov/Rebuild Texas Instructions/. This includes examples and basic instructions. We can also provide direct help filling it out. Please contact Candy Stoltz at Candace.Stoltz@tea.texas.gov or (512) 463-9286 for assistance completing the Worksheet.

Once completed, Rebuild Texas Worksheets should be submitted to RebuildTexas@tamus.edu.
