

EDUCATION FOUNDATION

The Governing Board recognizes that members of the community realize that demands on the educational system exceed available public funding.

Community members are often willing to develop resources, materials, or program-leased partnership, which focus on working collectively to expand opportunities for student achievement and success.

The Board, therefore, approves and encourages the creation of an independent educational foundation to actively raise funds that will enhance educational opportunities for our students. The Board desires to work collectively with the foundation in determining the purposes for which funds may be used to meet the changing needs of the district schools equitably.
