2019-2020

The Bell Creek Academy Athletic Handbook outlines all the rules, regulations, and guidelines required for a student to participate in extra-curricular team sports. The rules and regulations contained in this Handbook will be enforced for all students participating in any Bell Creek athletic sport/activity. Please thoroughly review the contents of this handbook and sign where provided. If you should have any questions about any of the information included hereof, please contact Scott Musin, Athletic Director at smusin@bellcreekacademy.com.

MISSION STATEMENT:

Athletics provides a primary means to develop habits, attitudes, and ideals requisite to ethical competition and cooperation. Athletics provide healthy and wholesome leisure time activities for our youth. Athletics can have a powerful impact on young people during their formative years and may further develop their ability to work together with their peers. Athletic sports/activities should be offered to all students at Bell Creek Academy Middle & High School.

PRINCIPLES OF ATHLETICS:

To fully use the potential in athletics for educational experiences, interscholastic programs should be organized and conducted in accordance with these 6 basic principles:

- A. Interscholastic athletic programs should be regarded as integral parts of the total educational program and should be conducted in such a way, that they are worthy of such regard.
- B. Interscholastic athletic programs should supplement rather than serve as substitutes for basic physical education programs, physical recreation programs, and intramural programs.
- C. Interscholastic athletic programs should be subject to the same administrative control as the total education programs.
- D. Personnel with clear background checks, successful fingerprinting, and appropriate training should conduct themselves as a coach/mentor for our interscholastic athletic programs.
- E. The welfare of the participant should be placed above any other consideration. What happens to the athlete who participates in the sports program is of primary importance. His or her welfare should transcend any other consideration. Victory is highly desired, and should be sought, but not at the sacrifice of other values concerned with the development of the participants.
- F. Interscholastic athletic programs should be conducted in accordance with the letter and spirit of the rules and regulations of appropriate state and national associations.

PURPOSE AND PHILOSOPHY:

Participation in interscholastic athletics is a privilege and not a right. The athlete must earn this privilege through dedication, desire, and discipline on the field/court and more importantly, in the classroom. The Athletic program is an extension of the school's total curriculum that provides activities for the growth and development of our students. At Bell Creek Academy, we believe that the athletic program contributes significantly to preparing our students for becoming productive, contributing citizens of our community and society.

ATHLETIC POLICIES:

TEAM SELECTION:

- A. At the beginning of each sports season, the Bell Creek Athletic Staff and Coaches will try to accept all players interested, in grades six through eight for middle school and nine through twelve for high school. In some instances, eighth graders may be permitted to play on a high school team. However, should the team enrollment reach a point where the coaching staff cannot work effectively or safely, then a tryout and cut system will be initiated. Tryouts for each team will be based on talent, teamwork, effort, attitude, behavior, attendance, and above all, academics. The Head Coach is responsible for the selection of the team players, but the Athletic Director will review the roster for final approval.
- B. If a tryout and cut system is implemented the coach will:
 1. Communicate to all candidates the specific criteria for making the team.
 2. Schedule practice plans to allow players to fully demonstrate their knowledge and skills.
 3. Give ample time to all candidates as they compete for roster spots.
 4. Explain that making the final roster of a team does not guarantee playing time.

- A. To be eligible a student must maintain a cumulative 2.0 GPA at the end of each semester, in order to remain eligible for the next semester, per FHSAA BYLAW 9.4.1

Failure to do so will result in the athlete being ineligible.

In the event a spectator or spectators interfere with the conduct of a contest or cause an official to become distracted through continual, unrelenting verbal abuse, the official should immediately stop the action and report the spectator or spectators to the home/host school administration or the nearest uniformed security officer. If the home/host school administration or uniformed security is unwilling or unable to resolve the situation and the official does not believe the contest can be safely continued, the official must declare the contest ended at that point".
