

July, 2019

Dear Marvelwood Families,

The Marvelwood School, in cooperation with [The Next Street](#), is pleased to offer Driver's Education on campus. Students have the opportunity to take the course and obtain a driver's license while adhering to their academic and athletic schedules. The program will be offered twice- see full schedule below. Participants will be eligible for their Connecticut Driver's License at the conclusion of the course.

A few important things to know:

1. Students must be 16 years old to begin the class.
2. This program is recognized by the Connecticut Department of Motor Vehicles. Any Marvelwood student can complete this program and receive their license in the State of Connecticut using the School address, regardless of their state or country of origin. The course will not count towards driver's education requirements in any other state or country.
3. Parents are required to attend a two-hour Mandatory Parent Class. The class will be held on campus. If a parent cannot attend this session, we will make alternate arrangements on an individual basis.
4. Students must log at least 40 hours of driving with a licensed driver in order to get their license. This time can be completed with anyone who has held their license for more than four years with no suspensions. It must be completed in Connecticut. If you are not able to complete this time, the lessons can be purchased from The Next Street.
