DSD Custodial

Learning First!

SUMMER CLEANING

If you are a traditional school, over 50% of the summer cleaning should be completed. We have 14 workdays until our students return to school. It is very important that summer cleaning is completed before this time. If you are having difficulty completing the school on time, please contact your coordinator as soon as possible so we can help you create a game plan to successfully complete summer cleaning.

CHEMICAL SAFETY DATA SHEETS

You can find Chemical Safety Data Sheets for the chemicals on the Custodial website under Chemical Safety Data Sheets. Many of the SDS sheets can also now be found in Spanish on the website.

SQUARE BUFFER AND RED PAD REPLACEMENT

As you use your square buffers and the loaner buffers, you must replace the red pad. The manufacture recommends that the pads be replaced about every 4 rooms. This will keep the teeth on the buffer from being ground down and needing to be replaced. If you have any questions, contact your coordinator.

FIRE ALARMS

If the fire alarm at your location goes off:

1. Evacuate the building of all students and staff
2. Assess the situation (is it a fire or a false alarm?)
3. If it is a false alarm, press the acknowledge button/switch on the fire panel. If there is an actual fire you must also evacuate the building.
4. Contact security at 801-402-7680 and provide details.
5. Wait for emergency responders to clear the building before allowing anyone back inside.

NEVER CANCEL OR RESET THE ALARM this could result in disciplinary action or worst-case scenario, the death of a student.

TIME OUT ROOMS

If your school has a time out room, that room cannot be moved without the express approval of Robin Driggs. A job sheet will only come from her.

UPCOMING EVENTS

JULY 24

Pioneer Day- All Custodians Off

AUGUST 20

School Starts
