

Schoolpool Transportation Network

Parents – Are you interested in having your children carpool, walk, bike, or ride the RTD bus to and from school with students from other families near by? WayToGo – SCHOOLPOOL, a program of the Denver Regional Council of Governments (DRCOG) is once again providing us with our own Transportation Network. It's **free** and there is no obligation to participate.

-Using the **secure** website, parents register to find and contact interested families in their school. For your school's login ID contact your school office or peter.hurst@bvsd.org

-Parents may register with their home intersection instead of home address.

-Way to Go's only goal is to help reduce traffic congestion and pollution, so rest assured your information will only be shared with other families from your school that are registered in Schoolpool--no third parties will ever see it. Optionally, you can elect to share your information with families at other schools.

-The following information of yours will be viewable by others: parent and student name, home location (address or intersection), and email. Optionally, parents may share student grade, gender and phone number.

-Comments can be added to indicate special requests or preferences (i.e., "looking for a walk buddy in the mornings," "need someone to ride the RTD with after school," "can provide morning rides," "student is in afterschool activities," "currently carpooling," etc.).

-The service can be used for planning full-time, part-time or emergency trips.

-The more families that register the more likely parents are able to find good matches.
