

Student/Parent Handbook & Code of Conduct

Dear Parents / Guardians:

It is a primary goal in Iredell-Statesville Schools to provide an environment at school which is supportive of a good learning atmosphere for each of our students. We want every student and parent to know that school is a safe and secure place.

Our board of education has adopted a Student/Parent Handbook and Code of Conduct which is intended to ensure a proper environment at school for all children. This publication is provided to clearly communicate our expectations. This handbook can be located on our website at www.iss.k12.nc.us under "Parents" heading and then click "Student/Parent Handbook & Code of Conduct" or a copy can be obtained at your school.

Not only do we want you to be informed, but we also solicit your support. We know that parents and teachers together can work with our students to ensure safe and orderly schools. Thank you for partnering with Iredell-Statesville Schools as we all prepare our children for their future. We're all in!

Sincerely,

Richard Armstrong, Jr., Assistant Superintendent of Operations / Athletic Director

Please discuss the importance of the Student/Parent Handbook and Code of Conduct with your children and **sign and return this portion of the sheet to your school principal.**

Thank you for your support!

I have read the Iredell-Statesville Schools Student/Parent Handbook and Code of Conduct.
