

INTERDISTRICT ATTENDANCE

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. The Board desires to communicate with parents/guardians and students regarding the educational programs and services that are available.

The Board recognizes that the district may be capable dependent upon spaces available of serving additional students. Therefore, the Superintendent or designee may approve interdistrict attendance agreements with other districts.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district may not deny him/her continued attendance because of overcrowded facilities at the relevant grade level.

Transportation The district shall not provide transportation for any interdistrict transfer student beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for an interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.

Limits on Student Transfers Out of the District

The Superintendent or designee may limit the number of student transfers out of the district based on the percentages of average daily attendance specified in Education Code 48307 or 48204, or due to declining enrollment issues.

INTERDISTRICT ATTENDANCE**Interdistrict Agreements Not Required For Enrollment**

When approved by the Board and the appropriate agency, the district may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

Interdistrict transfer agreements are not required for enrollment in a regional occupational center or program if there are openings in the program or class. (Education Code 52317)
