

**CONCEPTS AND ROLES**

The Governing Board believes that the district and community must work together to ensure that educational goals and objectives are relevant to the lives and future of our students. The Board shall adopt policies which define district philosophy and goals. The Superintendent or designee shall provide for the development of districtwide instructional objectives.

The Board recognizes the importance of planning and evaluating the instructional program and shall provide the resources necessary for ongoing review and improvement of the curriculum.

In order to keep abreast of educational trends and changing student needs, the Board supports a continuing program of in-service education for staff, administration, and Board members.

**Comparable Basic Services and Materials**

The district shall provide comparable educational opportunities for all students. The Superintendent or designee shall schedule staff and classes so that there is a minimum variation in the student-staff ratio from school to school at the beginning of each school year. He/she shall further ensure that the amount and quality of textbooks, instructional supplies and equipment are closely comparable in every district school and at each level.

Instruction in the core curriculum shall be in no way diminished when students receive supplementary services funded by special governmental programs. Services funded by any categorical program shall supplement the district-provided core curriculum.

**Role of the Board****The Governing Board**

1. Articulates the district's educational philosophy and goals through board policy and approves districtwide instructional objectives which reinforce the district's philosophy and goals.
2. Adopts graduation requirements and expected standards of student achievement.
3. Adopts the educational programs offered to the district's students.
4. Adopts the courses of study to be used in the district's curriculum.
