American School Counseling Association

Academic Development

Standards guiding school counseling programs to implement strategies and activities to support and maximize each student's ability to learn.

Career Development

Standards guiding school counseling programs to help students 1) understand the connection between school and the world of work and 2) plan for an make a successful transition from school to postsecondary education and/or the world of work and from job to job across the life span.

Social/Emotional Development

Standards guiding school counseling programs to help students manage emotions and learn and apply interpersonal skills.

Outcomes of Fully Implemented School Counseling Programs

- ◇ Increased student achievement K-12
- ◇ Increased collaboration between parents, school and the community
- ◇ Increased post secondary school enrollments and success rates
- ◇ Decreased discipline problems and drop out rates
- ◇ Improved standardized test scores
- ◇ Improved attendance

The EHS Counselors Believe...

- ◇ All students have the right to be served by the school counseling program.
- ◇ All students’ ethnic, cultural and racial differences and special needs are considered in the planning and implementation of the school counseling program.
- ◇ All students should have access to a school counselor to discuss personal concerns.
- ◇ All students should have access to information about career and academic planning.
- ◇ All students have the right to assistance in identifying their needs in the personal/social domain.
- ◇ All student should have the opportunity to make choices within the constraints of the educational system.
- ◇ The student and parent are responsible for monitoring the student’s educational progress with the assistance of a professional school counselor.
