

Blended Learning with iRead and Teach Me

iRead by Houghton Mifflin Harcourt Publishing Company

Personalized learning with adaptive Software for students in grades K-2. This program has tiered instruction and provides scaffolded support to students. The teacher can monitor each students' progress in SAM Central (Student Achievement Manager).

Software Organization
Phonological Awareness and Alphabet
The Code: Decoding and Spelling
Sight Word Recognition and Practice
Word Play: Analyzing Words
Success: Reading Text
My Backpack: Celebrating Success

Teach Me Kindergarten App for iOS devices by 24x7digital LLC

An educational app which teaches six different age appropriate subjects to Kindergarten aged children: sight words, addition, subtraction, spelling, and writing letters and numbers

Also available for preschool, 1st, 2nd, and 3rd grades. 3rd grade includes multiplication and division practice. Having multiple apps available allows for differentiation.
