

Student Allowance

Parents have the option to set-up a weekly cash allowance for their student. Parents may designate any amount between \$5.00 and \$60.00, in increments of \$5.00, which is billed home on monthly statements. Allowance is distributed during lunch on Friday starting the first week of classes. Students may also pick up their allowance at the business office between 8am and 4pm on Friday. If students do not pick up their allowance, it is not doubled up the following week.

Parents may request extra money for travel before school breaks: fall long weekend, Thanksgiving, holiday/ Christmas, winter long weekend, spring break, and end of school. Parents will receive an email reminder to let us know if students should be given travel money. Please submit requests at least 14 days prior to travel.

It is important to note that we will not advance cash to students. If a student may require extra money, it is suggested that they be given a debit card, which can be used for purchases or cash withdrawals from an ATM.

To set-up weekly allowance, or for further information about it, please contact our office:
