

Welcome to 12th Grade!

Today may bring you a mix of emotions. Your 12th grader is going through a lot of changes right now, and you are along for the ride! This year brings future planning and big decisions, many endings and some new beginnings. You may be feeling anxiety, relief, excitement, or a mix of all three!

We want you to know that we understand what a moment this is. Our school believes that your student will spend the next several months here discovering so much about themselves and the world around them. We also believe that we can impact the future of a child by providing the best possible educational experience, including teaching social-emotional skills and promoting good character through our partnership with Core Essential Values®.

Using this curriculum, we will teach ten values this school year, one per month, all of which focus on our **Big 3**:

Treat others right • Make smart decisions • Maximize your potential

You'll get info each month about what we're teaching, because we hope you'll join us in lifting up these Big Ideas (value words) at home as well.

2019-2020 Big Ideas

It's Just a **Phase**... *Don't Miss It!*

In 10 short months you'll be watching your student graduate from school. After that, your student will move on from this school system and you will never know them as a senior again! So we want to encourage you to embrace this phase and don't miss it.

Here's some research compiled by our Phase Project ® about seniors:
