- 70k spent on technology, we have a grant from the state but we need to improve our score card by 1% to keep the grant

DISCUSSION ITEMS:

New Board Members:

- Brian Lifferth was nominated for Chair, _____ was nominated for Vice Chair and Stephanie Phillips was nominated for Secretary. All nominees accepted and all parties were in favor to elect the nominees in to their respective positions. Welcome to Robin Sellers, Mindy Monson as our two new parent members, and to Nicole Rothey our new teacher representative.

Firebird Festival | September 16, 2019, 5:30-7:30

- Gift baskets: Because of the grant, technically we are not supposed to ask for monetary donations, but Vonzaa will check because other schools are doing it.
 - 1 basket per class is too many, 15 baskets seems ideal
 - Brian suggested to split into teams and each team takes a basket category and works on ideas for next time
- Ask teachers to put Fall Festival to their back to school sign up lists for volunteers
- Food- pizza and nachos are great, maybe not hot dogs. We need to get the shave ice from Bahama Bucks so it's already ready and will make the line faster. Food trucks that Brian checked out were not willing to donate. He's going to reach out to Fiiz, and Robin has an in with some food truck people so she's going to check with them. Brian to check on cookies, Crumbl, Cutler's etc. He will check on which one is best and choose. Cotton Candy?
- We are putting the kitchen ware on the back burners
