Welcome

Dear FCIS Member Schools and Colleagues,

As your 2019 FCIS Convention Chairs, we are looking forward to welcoming you to Orlando for the FCIS Annual Convention, November 6-8, 2019, at the Hyatt Regency Orlando International Airport. We are sure that all will agree that coming together as a community of Florida educators will generate great value to all of our institutions.

This year's Convention theme challenges us all to Learn Today, Learn Tomorrow. Maintaining our focus on the needs of today's learners, while looking forward to what the next version of independent school will resemble, is critical to our individual and collective success as school leaders and educators. We have been working hard to meet the goals of the conference-goers while provided a wonderful venue for learning (and playing).

Our Convention Steering Committee has compiled a program that will offer an engaging, informative, and meaningful professional development experience for individuals in any role at our institutions. We will be featuring Pre-Conference Workshops for heads of schools, administrators, advancement professionals, and business officers on November 6. Administrator Day is Thursday, November 7, and Faculty Day is Friday, November 8.

Pre-Conference ISM (Independent School Management) Workshop

Facilitator: Terry L. Moore, BCP-E, Executive Consultant, ISM

Session I • *Strategic Financial Planning*

Session II • *Financial Aid – Understanding Need*

Pre-Conference Business Officers' Workshop

Facilitator: Gigi Chinisci, Retired Assistant Director of Admission, Albuquerque Academy

Bringing Disney's Philosophy to Your School

Nationally-Recognized Keynote Speakers:

- **Richard Weissbourd, Ed.D.**, Senior Lecturer & Director of Making Caring Common, Harvard Graduate School of Education
- **Denise Pope, Ph.D.**, Senior Lecturer, Stanford Graduate School of Education; Co-Founder, Challenge Success

Luncheon Speakers:

- **Mike McCulley**, Astronaut
- **Dr. Jeff Duke, Ph.D.**, Coaching Specialist, College of Health Professions and Sciences, University of Central Florida

For more information on the broad range of sessions and speakers planned for the Convention, please explore the FCIS website, which will be updated over the next months. As we get closer to November, we will convey the most updated information in our Annual Convention mobile app.

We are both looking forward to seeing you for an inspiring three days at the 2019 Convention.

Warmly,

Cynthia Lane, Head of School, Sweetwater Episcopal Academy

Byron Lawson, Jr., Head of School, Trinity Preparatory School

2019 FCIS Convention Co-Chairs

The Florida Council of Independent Schools

The Florida Council of Independent Schools was founded in Jacksonville in December 1954. From the small handful of schools and correspondingly low student population that comprised the original group, the Council has grown to become one of the largest independent school organizations in the United States. FCIS begins the 2019-2020 school year with 154 member schools.

Member schools are located throughout the state, extending from Pensacola in the northwestern panhandle to Key Largo in the southeast. While most schools are coeducational and day, there are schools with boarding programs and others which admit only girls or only boys. Some enroll only elementary school children or only secondary school children, while others offer combinations of levels. Many of the schools are strictly college preparatory, but other member schools serve students with learning differences.

Schools range in size from fewer than 50 students to over 2,500 students. Indeed, one of the Council's strengths is the variety of schools making up its membership. In this way, not only does the Council provide an alternative to public school, but also within its membership, it provides still further alternatives to parents who are looking for exactly the right type of school for their children. All FCIS schools have racially nondiscriminatory admission policies.

The Florida Council of Independent Schools is a member of the National Association of Independent Schools (NAIS) and an affiliate of the Council for American Private Education (CAPE). FCIS is a founding member of the Florida Association of Academic Non-Public Schools (FAANS).

FCIS Mission: The Florida Council of Independent Schools promotes the highest standards for PK-12 education through its accreditation process, professional development programming, and advocacy efforts.

Pre-Conference Speakers

Wednesday, November 6

ISM Pre-Conference Workshop

Terry L. Moore, BCP-E, Consultant, Independent School Management (ISM)

Terry has supported more than 200 schools on-site since 2002 through ISM. He also writes for ISM's publications, including *Ideas & Perspective*; created the ISM FAST program (ISM's cutting-edge financial aid tool); speaks at various conferences including NBOA, NYSAIS, CAIS, FISBO, and AISNE; and leads ISM workshops and webinars. Terry has over 30 years of experience in both the profit and not-for-profit sectors. His professional background includes expertise in all financial matters of independent schools. Further, he specializes in many aspects of operations, safety and security, marketing, and fundraising. Because of the specialized niche of independent schools, he enjoys helping schools explore their mission statement articulation.

Terry's professional experience includes work at two independent schools. Terry recently completed a two and a half year assignment at St. Mary's School, Aliso Viejo, CA; he served as the Head of Finance, Operations, and Advancement. During that assignment, he continued to consult with ISM. In addition to St. Mary's School, Terry was also at Trinity Academy of Raleigh, NC, where he was a founder and served on the Board of Directors for six years, after which he was asked to become the Director of Administrative Services. Additionally, Terry has served on the Board of several non-profits and the Vestry of two Episcopal Churches.

Business Officers' Pre-Conference Workshop

Gigi Chinisci, Retired Assistant Director of Admission, Albuquerque Academy

Gigi Chinisci worked in admission for over 11 years before retiring as the Assistant Director of Admission for Albuquerque Academy. Previous to being an admission officer, she had a 27-year career as a dental hygienist in California and New Mexico.

Her deep interest in human behavior led Gigi to return to school as a psychology major, while still working full-time in admission. Her focus is in cognitive psychology with an emphasis on positive psychology. She has been a national speaker and workshop presenter since 2012. Gigi is married and has three grown children. The hobbies that keep her occupied are golf, gardening, cooking and reading.

Keynote Speakers

Thursday, November 7

Administrator Day Morning Keynote: Richard Weissbourd, Ed.D., Senior Lecturer and Director of Making Caring Common, Harvard Graduate School of Education

Richard Weissbourd, Ed.D., is a Senior Lecturer at the Harvard Graduate School of Education, where he co-directs the Human Development and Psychology Program, and the Kennedy School of Government. His work focuses on moral development, vulnerability and resilience in childhood and effective schools and services for children. He directs the Making Caring Common Project, a national effort to make moral and social development priorities in child-raising and to provide strategies to schools and parents for promoting in children caring, a commitment to justice and other key moral and social capacities. He is currently working with numerous college admissions offices to elevate and more effectively assess ethical character, to reduce excessive achievement pressure and to increase equity and access in the college admissions process.

He is also conducting research on how older adults can better mentor young adults and teenagers in developing caring, ethical, mature romantic relationships.

He is a founder of several interventions for at-risk children, including ReadBoston and WriteBoston, city-wide literacy initiatives led by Mayor Menino. He is also a founder of a pilot school in Boston, the Lee Academy, that begins with children at 3 years old. He has advised on the city, state and federal levels on family policy and school reform and has written for numerous scholarly and popular publications and blogs, including The New York Times, The Washington Post and NPR. He is the author of *The Vulnerable Child: What Really Hurts America's Children and What We Can Do About It* (Addison-Wesley, 1996), named by the American School Board Journal as one of the top 10 education books of all time. His most recent book, *The Parents We Mean to Be: How Well-Intentioned Adults Undermine Children's Moral and Emotional Development* (Houghton Mifflin 2009), was named by *The New Yorker* as one of the top 24 books of 2009.

Friday, November 8

Faculty Day Morning Keynote: Denise Pope, Ph.D., Senior Lecturer, Stanford Graduate School of Education; Co-Founder, Challenge Success

Denise Pope, Ph.D., is a Senior Lecturer at the Stanford University Graduate School of Education, where she specializes in student engagement, curriculum studies, qualitative research methods, and service learning. She is co-founder of Challenge Success, a research and intervention project that provides schools and families the tools they need to raise healthy, motivated students. Challenge Success is an expanded version of the SOS: Stressed-Out Students project that Dr. Pope founded and directed from 2003-2008.

She is the author of, *"Doing School": How We Are Creating a Generation of Stressed Out, Materialistic, and Miseducated Students* (Yale University Press, 2001), which was awarded Notable Book in Education by the American School Board Journal, 2001, and lead author of *Overloaded and Underprepared: Strategies for Stronger Schools and*

Healthy, Successful Kids (Jossey-Bass, 2015). She also co-hosts the Stanford University SiriusXM radio show called "School's In."

Dr. Pope lectures nationally on parenting techniques and pedagogical strategies to increase student health, engagement with learning, and integrity. She is a 3-time recipient of the Stanford University School of Education Outstanding Teacher and Mentor Award and was honored with the 2012 Education Professor of the Year "Educators' Voice Award" from the Academy of Education Arts and Sciences. Prior to teaching at Stanford, Dr. Pope taught high school English in Fremont, CA and college composition and rhetoric courses at Santa Clara University.

Luncheon Speakers

Thursday, November 7

Administrator Day Luncheon Speaker: Michael J. McCulley, Astronaut

Having been part of the U.S. Navy, Mike became a test pilot, flying over 50 aircraft types and logging more than 5,000 hours of flying. Mike was selected by NASA for training as a pilot on Space Shuttle flight crews. After completing a variety of assignments and leading the Astronaut Support Team at the Kennedy Space Center, he was pilot on mission STS-34 and logged a total of 119 hours and 41 minutes in space. As he continued his NASA career, he was part of the crew aboard Shuttle Orbiter Atlantis and successfully deployed the Galileo spacecraft on its journey to explore Jupiter.

Following his time at NASA, he was employed by Lockheed Martin Space Operations and served as Launch Site Director at Kennedy Space Center. Mike was named President and Chief Executive Officer of United Space Alliance.

Friday, November 8

Faculty Day Luncheon Speaker: Jeff Duke, Ph.D., Coaching Specialist, College of Health Professions and Sciences University of Central Florida

Dr. Jeff Duke is a leading expert on the cultural influence in the sport coaching profession on society's mores. He has developed and authored the "Three-Dimensional Coaching" curriculum that has revolutionized the sport coaching landscape. His methodology allows coaches to discover a style that produces the ultimate athletic performance. He titles his workshop, "How to Capture the Body, Mind and Spirit of the 21st Century Athlete".

Dr. Duke has coached 5 different sports and directly supervised 200 plus coaches in seventeen different sports. His coaching experience encompasses the youth level through the professional ranks, coupled with a multi-year stint with the legendary football coach, Bobby Bowden.

Today, you will find Dr. Duke serving as the coaching specialist/lecturer for the Sport and Exercise Science degree program at the University of Central Florida and the National Coaches Ministry Training Director for the Fellowship of Christian Athletes. His classes and workshops are taught with fervor and passion. Dr. Duke creates a collaborative learning environment of student engagement, industry experience, and qualitative research.

Pre-Conference ISM Workshop

Wednesday, November 6 | 9:00 AM - 4:00

Continental Ballrooms 5-6

9:00AM-12:00PM | Session I • *Strategic Financial Planning*

One of the most critical functions for Board and leadership teams is the creation and utilization of a strategic plan. In this workshop, we will explore the two types of Strategic Planning, and help you choose the best model for your school. Further, we will teach the basic sustainability variables that must be considered by every independent school when creating their strategic plan. Moreover, the strategic plan is never complete without a financial plan and tuition impact estimates. We will also fully explore tuition setting policies so that your Strategic Plan can be fully implemented. Make sure you bring your computer to this workshop too, as we walk through how to create a basic financial planning model using Excel, which you will be able to take back to your school.

1:00-4:00PM | Session II • *Financial Aid – Understanding Need*

Effective Financial Aid Programs begin with a school understanding of what financial aid is – and what it is not. In this fast-paced workshop, we will begin by defining NEED at your school, which will involve consideration of Financial Aid Policies, Awarding Strategies, and Need Assessment Protocols necessary for effective program management. The goal of this workshop is to demystify need, and to give you effective strategies so that you can be confident in your financial aid decisions.

Workshop Leader: Terry L. Moore, BCP-E, Consultant, Independent School Management (ISM)

Pre-Conference Business Officers' Workshop

Wednesday, November 6 | 1:00 - 5:00 PM

Continental Ballrooms 7-8

Bringing Disney's Philosophy to Your School

Independent schools are facing more competition than ever before. Our energies are divided between not only our current families, but also our co-workers, alumni and even our potential families. By looking at Walt Disney's business philosophy and exploring the science of positive psychology, this workshop will show simple practices that will help set your school apart from the crowded field.

- How can your school deliver exceptional service to its families?
- When does your disposition maximize your potential?
- What are the proven strategies in handling negative people?

This interactive workshop will answer these questions and many more. Walt Disney developed a basic business credo that has carried the Disney Corporation to the top of the Forbes 500 list consistently year after year.

This workshop will be divided into three sessions:

- > Be Our Guest; Disney's Philosophy of Customer Service
- > Disney's Leadership Techniques Can Work for You
- > Attitudes have Outcomes

These techniques and principles can easily be incorporated at your school, in your career and in other aspects of your life.

Workshop Leader: Gigi Chinisci, Retired Assistant Director of Admission, Albuquerque Academy

Welcome & Keynote Address

Thursday, November 7 | 8:30 - 9:30 AM

Continental Ballrooms

Richard Weissbourd, Ed.D. | Senior Lecturer and Director of Making Caring Common, Harvard Graduate School of Education

How Can Schools Develop Caring, Community-Minded and Thriving Students?

Today's culture, as well as parents and schools, tend to be intensely focused on children's happiness and achievements. But the preoccupation with these two factors—and the constant praising of kids that goes with it—can undermine children's capacity to care for others and their investment in the common good. Focusing so much on achievement and happiness also risks making kids not only less caring, but ironically, less happy and less likely to achieve at high levels. In the current socio-economic climate, where decency and empathy seem to be in short supply, it's more important than ever to help children develop concern for others and our collective fate. This talk will explore these current trends and provide concrete strategies that schools can utilize to develop empathic, caring, justice-minded children who are also happy and able to pursue meaningful achievement.

Thursday Program – Session I

November 7 | 10:00 - 10:55 AM

Regency
Ballroom A

Opening Doors: Creating a Community Focused Center for Excellence

Tracey Zerwig Ford, Director of Fine Arts and the Center for Excellence, Hutchison School

Join the Director of Hutchison's Center for Excellence to explore how an enrichment program has grown from a small afterschool Arts Academy into a Center for Excellence, hosting over 10,000 participants a year. Interactive discussion topics will include: community engagement, school culture, meaningful partnerships, and sharing learning space. I know what you are thinking: How do I tap community resources as potential revenue source for my school? How do I create a culture of openness and welcome off campus students? What kind of conversations and policy structures need to be in place before hiring independent contractors? Come learn from our mistakes and successes. Hutchison has created a non-traditional student pool and expanded the day students' educational experience by offering co-ed learning in the afternoon and weekends. Through community engagement, we have re-positioned our school's standing in the area. Let me tell you how we did it.

• **Heads, Trustees, Administrators, Business Officers, Enrollment Management Directors, Advancement Directors, Diversity Directors, Department Chairs, Athletic Directors**

Regency
Ballroom B

Is Your Retirement Plan Best in Class?

Mark Ries, Retirement Plan Advisor, Cafaro Greenleaf/Carroll Consultants

In this session, we will cover how key elements of a retirement plan can help generate a higher percentage of positive outcomes for plan participants. We will discuss how to tell if your employees are retirement ready or on the right path and how participant engagement and education can increase plan participation and general understanding of the benefit that is being provided to them.

• **Heads, Prospective Heads, Business Officers**

Thursday Program – Session I

November 7 | 10:00 - 10:55 AM

Regency Ballroom C ***You've Admitted Me. Now Help Me Stay: Creating a Transition Program for Non-Traditional Students and Families***

Marcus Wells, Director of Financial Aid and Student Transition, Episcopal School of Jacksonville

Independent schools are tasked to create diverse campus environments. The admission of qualified non-traditional students contributes to campus diversity, but many of these students and families are unprepared to meet the challenges and reap the benefits of the independent school world. The unique independent school experiences of the presenter—as an independent school alum, teacher, coach, and parent—led his school to charge him with creating a transition program to help these non-traditional students and families after admission. He will share his successes and lessons learned as he developed his program. He will also invite participants to share their experiences so all can benefit from hearing multiple perspectives. This workshop will be a collaborative journey to identify and quantify challenges at your school, allowing you to create or enhance your own student transition program for the non-traditional student.

• **Division Directors, Enrollment Management Directors**

Regency Ballroom D ***Financial Implications of Security at Private Schools***

Dan Stephens, President, Invictus Consulting

In this presentation, we will discuss security and risk management for independent schools. Attendees will explore the concepts of security, risk management, and risk assessment. Attendees will consider the role headmasters, facilities directors, and operations directors play and will leave with practical tips for cost-effective ways to improve school security,

• **Heads, Trustees, Business Officers, Administrators**

Regency Ballroom E ***Annual Fund Panel Discussion***

Sarah Evans, Senior Consultant, Winkler Group; Jay Goulart, Vice President for Institutional Advancement, Gulliver School; Eric Zaytzeff, Director of Advancement, Trinity Preparatory School

This session will consist of a panel discussion. We will invite the audience to ask questions related to the Annual Fund and will also have pre-selected topics to discuss.

• **Advancement Directors, Business Officers**

Regency Ballroom F ***Creating a Volunteer Service Culture***

Diane O'Dell, Vice President, Community & Diversity Relations, Universal Orlando Resort; Executive Director, Universal Orlando Foundation

This presentation will focus on how to create a work culture that embraces the value of volunteering, aligns efforts with the mission, and demonstrates the important role volunteerism can play in Team Member recruitment, retention, morale and pride.

• **Heads, Trustees, Prospective Heads, Administrators, Business Officers, Advancement Directors, Enrollment Management Directors**

Thursday Program – Session I, cont.

November 7 | 10:00 - 10:55 AM

Briefing
Room

Driving K-12 Innovation: Accelerators, Hurdles & Enablers

Susan Bearden, CETL, Chief Innovation Officer, Consortium for School Networking (COSN)

Join this session to hear from a former FCIS member school technology leader turned award winning technologist and certified educational technology leader. Participants will learn insights and strategies that will develop and broaden their technology leadership skills to help them tap into the accelerators, tackle the inevitable hurdles, and leverage the enabling factors in support of innovative teaching and learning.

• **Heads, Trustees, Administrators, Division Directors, Technology Directors**

Only

Diversity, Equity and Inclusion Work of an Independent School in Florida

Roderick Avery Fludd, Director of Diversity and Inclusion, Shorecrest Preparatory School

Get the perspective of a current Director of Diversity and Inclusion on the work from the Northeast, Southern California and Florida regions. This presentation will engage participants in the practices and procedures taken by one school's first Director of Diversity and Inclusion to work within the school's community to further its equity and inclusion efforts. Participants will discuss ways to approach the diversity within its local communities and ways to provide access and support for faculty, staff and underrepresented members of the community. A question and answer portion will be provided with honest and open dialogue.

• **All**

Mirabel

Learn to Start: Entrepreneurship as a Solution for 21st Century Education

Gary Conroy, Founder and CEO, The Startup Studio

In this session, participants will explore a solution for bringing about real and sustainable change in education. Participants will learn how the model works and why through this program they can bring a highly effective culture shift into their schools.

• **Heads, Division Directors**

Kai Tak

Cultural Development of an Athletic Department

Chris Lavoie, Director of Athletics, Tampa Preparatory School

In this session, the presenter will outline a plan to develop cultural alignment and norms in an athletic department. Specifically, we will discuss going through the MVP Process, which is the development of a mission, vision and core principles. Participants will learn ways to share terminology and increase school spirit through this process.

• **Division Directors, Athletic Directors**

Thursday Program – Session I, cont.

November 7 | 10:00 - 10:55 AM

Shannon

Reasonable Accommodations

Lori W. Smith, Attorney, Zimmerman Kiser Sutcliffe P.A.

What are reasonable accommodations? We will break down the case law and take a look at what is reasonable and what meets the standard of a fundamental alteration. Learn what type of documentation you need to stand by your determinations.

- **Division Directors, Academic Deans, Learning Specialists, School Counselors**

Gatwick

How Can I Help? Supporting Recruited Athletes through the College Process

Pam Catron, School Guidance and College Planning Counselor, NCAA Liaison, Windermere Preparatory School; Cameron Walker, Senior Associate Athletics Director of Compliance, University of Central Florida

Participants will explore the role of the College Counselor when it comes to athletic recruitment and will consider the following questions: How can we help students and parents manage the stress surrounding athletes? Should my high school coach advocate for me? Who is the appropriate contact at my school for assistance?

- **College Counseling Directors, Athletic Directors, School Counselors**

Schiphol

Your Board's Role in a Successful Campaign

Paula Schwartz, Director of Fundraising Services and Senior Consultant, Independent School Management (ISM)

Stable schools have strategic Boards. When your Board is focused on sustaining financial viability and excellence for future generations of students, every aspect of your operations performs at a highest level, including your advancement efforts. Capital campaigns anchored in your Board's understanding of and commitment to its strategic role inspire confidence and provide a powerful case for motivating donors. Donors are proud to give and get involved. They view their philanthropic gifts as investments in their own children, the school and future generations of students. In this session, participants will learn how four critical elements determine institutional readiness as a board considers embarking on a capital campaign; how to engage Trustees in all areas of the donor cycle to create powerful solicitation teams; and how to empower your development quartet—Board President, Development Chair, Head of School, and Development Director—to lead the way.

- **Heads, Trustees, Prospective Heads, Advancement Directors**

Ben
Gurion

Peace and Justice Principles: Leading the Way

Rudy Darden, Professor of English and Facilitator, Peace and Justice Institute; and Rachel Allen, Director, Peace and Justice Institute, Valencia College

The Peace and Justice Institute (PJI) at Valencia College offers a unique and powerful experience for teachers and school staff working in Pre K – 12 with the goal of creating more inclusive, respectful, compassionate and loving classrooms and citizens. The teacher academy model is based upon a decade of collaboration with leading scholars in the field of peace studies. Find out why schools from throughout the Central Florida region and beyond have come to trust PJI to support them in creating a positive, affirming school culture where “All People. All Voices. All Matter.”

- **Heads, Division Directors, Administrators, Diversity Directors, School Counselors**

Thursday Program – Session I, cont.

November 7 | 10:00 - 10:55 AM

Prestwick

Leading Innovation: The Mastery Transcript

Benjamin Rein, Senior Director of Outreach & Partnerships, Mastery Transcript Consortium (MTC)

The MTC has continued to see expansive growth in membership, but while the broad philosophical strokes around mastery learning resonate, questions remain about “how.” How do you take an innovative idea like the MTC and make it real for students? How does this resonate with colleges? How do you engage with faculty across the spectrum from supporters to skeptics? How do you move families from anxious to enthralled? In short, how do you do this? Join leaders from the Mastery Transcript Consortium to view the working mastery transcript, to ask questions, and to hear perspectives on the work underway to change culture and practice around student assessment and crediting.

• **Heads, Trustees, Administrators, Admission Directors, Advancement Directors, Division Directors, Technology Directors, College Counseling Directors, Learning Specialists, Diversity Directors**

Narita

Cultivating Experimental Learning through Immersion and Interest-Based Experiences

Charity Cox and Paul Cornett Co-Lower School Immersion Coordinator & Lower School Teachers, Saint Andrew's School

Experiential learning can be an effective and motivational way for students to learn practical, real-world skills while exploring a field of personal interest. Learn about one school's three-day experiential “Immersion” experience for all of their students in grades 3-5. Participants will hear about student successes, insights into implementation strategies and lessons learned. The workshop is intended to help brainstorm ideas and provide a potential launching point for an experiential learning experience at your school.

• **Heads, Division Directors, Department Heads, Academic Deans, Athletic Directors**

Tullamarine

New Administrators: Cultivate Their Leadership Capacity and Support Their Transition

Ryan Jordan, Upper Division Director, Berkeley Preparatory School

The most talented teachers and other employees get tapped to take on leadership roles in our institutions. However, being a successful manager and leader of programs and other adults is very different than being a great teacher or individual employee. This session will explore the experience and attributes needed to be successful in various administrative positions, and ways that we can cultivate the leadership capacity of people serving in various roles for the first time.

• **Heads, Division Directors, Department Heads, Academic Deans, Athletic Directors**

Tegel

Transitioning to College: Challenges, Opportunities, and Strategies

Kenneth Miller, Campus Safety Solutions, LLC and Assistant Vice President for Public Safety, Rollins College

This presentation will provide a high level overview for students matriculating into higher education in the following areas: increased diversity, dependency on technology, resiliency, predictors of success, alcohol, drugs, rights and responsibilities in a communal living environment.

• **Heads, Administrators, Division Directors, College Counseling Directors, School Counselors, Diversity Directors, Athletic Directors**

Thursday Program – Session I

November 7 | 11:05 AM - 12:00 PM

Da Vinci

Disrupting School, Making Connections, and Transforming Cities

Laura Deisley, President and CEO, Lab Atlanta, Inc.

A bold endeavor, an assumed problem to solve, and two years of prototyping a disruptive semester-school model bring extraordinary insights—and even more questions!—into the purpose of school. In this session, we will explore how we are challenging the status quo in Atlanta and how we are in turn being challenged to think bigger and bolder—and to climb higher up the mountain—than we could ever have imagined. Come with an open mind to how relationships, networks, and city as a classroom might ignite student engagement, lead to deeper understanding of self and other, and make the world (and, oh by the way, school) a better place for everyone—no matter what zip code.

• **Heads, Trustees, Administrators, Division Directors**

Endeavor

Checking in with Prospective, New and Nearly New Heads

James Milford, Head of School, Maclay School; Dr. Jan Pullen, Head of School, Saint Stephen's Episcopal School

Come join us for a lively discussion with Prospective, New and Nearly New Heads regarding the first year(s) on the job. Please bring your questions, concerns and interesting stories!

Key Planning Considerations for Developing New Campus Facilities

Matt Bleakley, LEED AP+ BD+C, Senior Project Manager, The Whiting-Turner Contracting Company; David Mahler, Head of School, The Out-of-Door Academy; Christopher Wienk, Principal, Wye River Group; and Michael Wiener, Partner, Holland & Knight

Independent school administrators are often tasked with spearheading and coordinating the development of new school facilities including renovations and new construction projects. Effective planning calls for the timely coordination of a wide range of activities including: project scope, design and cost analysis; land use and entitlement review; construction contracting and permitting; capital fundraising and debt financing; and legal and transaction documentation. The session will describe the key issues to consider and some helpful guidance to assure an inclusive, thoughtful and comprehensive planning process. Heads of Schools and Chief Financial Officers of select Florida independent schools will present case studies of capital projects and financings completed by their schools.

Pressures and Fears of Gen Z's; How Educators and Parents Can Help Gen Z's Cope and Build Resilience

Toby Tetenbaum, Ph.D., Professor, Fordham University, Graduate School of Education, Division of Educational Leadership, Administration and Policy

This presentation focuses on the pressures placed on Millennials and Gen Zs and the fears they experience from occurrences in their environment. We will look at the stress created by these pressures and fears, particularly toxic stress, and how it impacts their emotional, physical and psychological lives. Finally, we will discuss how educators and parents can best help these children and young adults to cope with the pressures and stresses and to build resilience.

Getting the Board on Board: Motivating Board Members to both Give and Get During Annual and Capital Campaigns

Joseph W. Seivold, Headmaster, Berkeley Preparatory School

One school's headmaster will share ideas to help school leadership push trustees to eagerly and fully participate in two of their main areas of responsibility – philanthropy and fundraising. Learn how this school has raised more than \$80 million dollars in the last eight years and how getting the Board 'on board' has been critical in that effort. Attendees will leave with a variety of applicable methodologies to try in their own school settings, regardless of size of Board or school.

Diversity: Opening the Door for Meaningful Dialogue

Jan Reeder, Director of Diversity and Inclusion, Riverside Presbyterian Day School

Most people agree that “twenty-first century independent schools must prepare students to be knowledgeable, compassionate citizens and effective leaders within a rapidly transforming world.” We have a commitment to inclusion, equity and justice in teaching and learning. Yet, for some independent schools, advancing diversity in the school community is not as easy as it sounds. It can bring up confusion, misunderstanding and questions that are difficult for faculty to voice. Explore how using learning routines and visible thinking can open honest, meaningful discussion that engages faculty in the value of diversity work.

How to Shift the Needle toward a More Philanthropic Culture in Your School Community

Kathy Hanson, Senior Consultant and Principal, Marts & Lundy, Inc.; and Mike Mersky, Head of School, Saint Edward's School

Raising philanthropic dollars ensures that each school's mission will be achieved, and that students will receive the education they were promised. This is a lofty goal, which requires deliberate thinking, planning and execution. This session will focus on the many ways a school, regardless of size or location, can maximize its philanthropic potential and create a stronger culture of philanthropy; a culture where fundraising is valued for the role it can play in the school fulfilling its mission. Led by a Head of School and a Fundraising Consultant, the session will provide examples of how schools not only approach their constituencies, but engage them in the life of the school. Whether it is a new family, a potential major donor, the Board of Trustees, Millennial Alumni, or dedicated and generous donors, the message and the approach are keys to success.

The State of the Independent School Admission Industry

Christina Dotchin, Director of Business Development, The Enrollment Management Association

The goal of The Enrollment Management Association's biannual survey of independent school admission directors is to determine the industry's current state and future needs and, when applicable, to compare the results across survey years. This trailblazing research has provoked significant national dialogue on the changing conditions of, and expectations for, independent school admission and enrollment professionals. In addition, results have provided illuminating insight into the structure, process, and enrollment operations of the independent school admission office—as well as the significant challenges faced by many schools in their efforts to reach their enrollment goals. This presentation provides enrollment leaders with key findings and themes from our research.

How To Create the Right Strategic Mindset for Your School and Plan that Gets off the Shelf and into Action

Christina Drouin, President, Center for Strategic Planning

Wise strategic leadership can impact the future sustainability of your school in a major way. As a school leader, you have an exceptional opportunity to help your school adopt an ongoing posture of strategic thinking and strategy making. This session for experienced school leaders outlines dominant schools of thought in strategy making, as well as structures, processes, and approaches to help you provide the best leadership possible whether your school is beginning, engaged in, or completing a strategy-making process. Session participants will leave with knowledge and tools to lead a successful strategic planning process and equally importantly to transition to successful plan implementation wherever the school is in its life cycle. Specific takeaways include: why deliberate strategy approaches are common in schools; how to get the most from a deliberate strategy culture; why emergent strategy is desirable but challenging in schools; how to move toward an emergent strategy culture; how to coordinate the complementary roles of governance, head of school, and leadership teams in strategy making; how to select and organize a high performance planning team; details of 13 proven steps to a successful strategic planning process; and why many independent school strategic plans don't get off the shelf and into action and steps to take to avoid this pitfall.

"Making the Case" with Assessment-based Analytics

Thomas Rochon, President, Educational Records Bureau (ERB)

Whether one is preparing a presentation for the Board of Trustees or a self-study for reaccreditation, the most powerful statements of effectiveness in a school's learning environment combine individual stories with insights derived from systematic data. ERB's Comprehensive Testing Program, along with assessments of learning created by other organizations, offer a powerful but under-utilized resource for "making the case" – whether to Boards, accreditors or prospective parents. In this session, we will look at some easy-to-compile dashboards and data templates that can be used for these purposes. Although the bulk of the session will be agnostic with respect to test providers, we will also discuss and gain participant feedback on some possible data templates being developed by ERB that would automate the download of school data in presentation-ready formats that give insight into students as learners and schools as learning environments.

Parents Get Fit at Social Media Bootcamp

Davina Spillmann, Dean of Students and Faculty; and Evelyn McCulloch, Director of Teaching and Learning, Park Maitland School

Is your parent community as knowledgeable as their i-Gen children on Social Media? Our parents reached out to us for support! Our response? Invite recent alumni and teacher experts to share pros and cons and ins and outs of today's most popular social media platforms at a Social Media Boot Camp. It was a transformative event for all who were involved! Check out how this process came to fruition, including planning, implementation, and reflection. Follow our journey and lessons learned to plan an event like this for your school!

• **Heads, Division Directors, Department Heads, Academic Deans, Technology Directors, Diversity Directors, Learning Specialists**

Thursday Program – Session IV, cont.

November 7 | 3:05 - 4:00 PM

- Tullamarine** ***Marketing to Millennials... and Gen Z!***
Lorrie Jackson, Educational Sales Consultant, Finalsite
Discover how you can engage, recruit and retain millennial families with an eye-opening look at how millennials and Gen Z are shaking up the ways schools communicate. We will explore authenticity in messaging, how you can best use social media to reach these demographics, and why personalized content and mobile-first are essential.
• **Heads, Business Officers, Advancement Directors, Marketing/Communications Directors, Enrollment Management Directors, Technology Directors**
- Tegel** ***2019-20 Changes to AP: A Path to Success for All Students***
Ree Zeigler, Director, College Board/Florida Partnership; and Tikini Thompson, Director, College Board State and District Partnerships
Administrators will learn about the new AP processes, tools and resources designed to help more students earn college credit. Teachers and students will have free access to unit guides, personal progress checks, a progress dashboard and an AP question bank, all designed to help strengthen your AP Program and improve student success in AP.
• **Division Directors, Department Heads, College Counseling Directors, Academic Deans, Learning Specialists**
- Da Vinci** ***Building a Student Life Program: Lessons from Ground Zero***
Jason St. Amand, Middle/Upper Head; and Andrew Miranti, Dean of Students/Student Life, The Village School of Naples
Student Life is an integral part of your institution's complete student experience. Co-Curricular events serve as valuable elements that define your reputation among stakeholders. In this session, participants will learn how to start a Student Life program from ground zero or rejuvenate your current efforts, learning from the lessons of a new high school. This session will give you practical advice and resources to help your Student Life program and inspire students!
• **Heads, Division Directors, Diversity Directors, Learning Specialists, School Counselors**
- Endeavor** ***International School Connection (ISC) and You!***
Theodore Richter, Kathryn Smith-Rouse, Jenn Jagdmann, Teachers, Corbett Preparatory School of IDS
As educators in today's world, we need to give our students the opportunity to experience global perspectives, engage in international projects with peers from across the globe, and experience what it means to contribute to a global village. The International School Connection is your resource for these important academic and social experiences. This presentation is designed to introduce administrators to a myriad of ways schools can connect with others around the world!

LAUNCHing a Design Thinking Cycle in Your Classroom

Caylyn Wells and Jill Jaiswal, The Out-of-Door Academy

Inspired by the book LAUNCH, come see how we were able to empower our students to embrace the maker inside them through use of the Design Thinking Cycle. This process allowed students to collaborate and become problem solvers in our community. Inspired by a school-wide focus on sustainability, our students identified a problem which related to them, asked questions, navigated ideas, and finally became advocates and educators for clean beaches in the community. In this session, we will share the specific steps to recreate the Design Thinking Cycle in your own classroom and community.

Playing with a Full Tech: Intentional Integration of Edtech Toys

Sheryl Dwyer, Providence School

It is no surprise that learning and fun are highly compatible. Even Einstein recognized that “play is the greatest form of research.” Yet, all too often edtech toys are limited to technology labs. Why not come out and play in every classroom? Join me to experience how the latest edtech toys have moved beyond the isolation of technology instruction to cultivate atmospheres of excitement, fun, and deep learning in all areas of the curriculum.

Food Waste Sustainability Project

Michelle Ulrich, The Out-of-Door Academy

Dewitt E. & Vera M. Hooker Fellowship Grant Award Winner

According to the U.S. Environmental Protection Agency, food waste is the single largest component of waste sent for disposal, much of which ends up in landfills, where it generates methane, a powerful greenhouse gas. In this session, participants will learn how faculty, staff, and students at one school are working to decrease food waste and increase their sustainability efforts across campus. Some of the strategies they have implemented include: composting, food donation, and a more effective recycling system.

Inclusion: Serving Children with Learning Differences and Developmental Disabilities

Crystal Doyle, Saint Andrew's School

According to the Centers for Disease Control and Prevention, 1 in 6 children have a developmental disability. How can teachers in independent schools support these students and their families? This presentation will explain research-based classroom strategies, such as teaming, embedding learning goals, visual supports, as well as school policies and partnerships with local districts and special educators, to support all children and teachers.

Movin' and Groovin' – Getting MS/US Students to MOVE!

Kristine Walsworth, Montverde Academy

Effective teachers know that no matter our subject area, we are all teaching students. However, as we increase the rigors of academic content, teachers are challenged to be creative AND academically focused. How do we engage our teen learners in meaningful activities while maintaining a high level of rigor? We MOVE! From Post-it Note Stations to Gallery Walks to a Snowball Fight, we will be movin' and groovin' and learning – just like our students!

Meeting the Needs of Introverts in the Collaborative Classroom

Megan Dubee, Academy of the Holy Names

The rise of classroom collaboration turned rows into pods, lecture into cooperative learning, and individuals into teams. Despite the many benefits of collaborative classrooms, some students' needs are not being met. Motivated by *Quiet: The Power of Introverts in a World That Can't Stop Talking*, we will explore strategies to increase classroom inclusivity by creating a space where students feel empowered to participate in ways aligned with their personalities and challenged to take risks in their learning.

Beyond Gamification: Immersive Roleplaying in the Classroom

Robert Boerth and Brandon Burmeister, Trinity Preparatory School

This session will discuss strategies for creating rich, immersive experiences for high school students through roleplaying, story games, and face-to-face simulations. We will explore ways to adapt preexisting games, like Diplomacy and Ben Robbins' Microscope, which can be rescaled and retooled for classroom use. We will also introduce some original roleplaying scenarios and game designs, which we have used in history, English, and humanities classes. We hope to establish a network of teachers interested in exploring innovative game designs that can spark creativity and deep critical thinking.

Practical Ways to Globalize Your Classroom

Catherine Piccini, MA; Cody Jack Cunningham, MA; Donna Olsen, MS, Gulliver Schools

The world is in the midst of vast changes and our classrooms must respond to these changes. This session will offer practical and teacher-approved ideas, examples of student work, and options for educators to globalize and revolutionize their math, English, science, or social studies course. Topics will include the UN Global Goals, the National Geographic Learning Framework, and lesson plan and project ideas for how to connect them to students' everyday lives.

Standard-Based Grading in the World Language Classroom

Elizabeth Arroyo, Oak Hall School; and Grisell Santiago, Spanish and Portuguese Assistant Professor, University of Florida

For this session, attendees will learn different methods to use for Standard Base grading in the World Language classroom. Standard Base Grading is an easy way to help students be more involved with the language acquisition in a faster pace than traditional methodology. For the instructor, the different rubrics used for instruction facilitates the grading time, and students feel more empowered in their own learning. Standard Base grading also help the instructor and the students with Differentiated Instruction. Examples of videos and writing samples will be showcased. Materials, examples and rubrics will be provided for all the attendees.

Friday Program – Session III, cont.

November 8 | 12:00 - 12:50 PM

Tegel ***How to Reimagine Your Library Space and Transform Student Learning***

Diana Rendina, Tampa Preparatory School

A great library is essential in creating future-ready schools, but we need to update our spaces to match our pedagogy. In this session, attendees will get ideas and inspiration for transforming their library spaces. Attendees will learn strategies for brainstorming ideas for their space and coming up with a plan. They will see examples of a variety of transformed library spaces that will include practical strategies to be implemented right away and bigger dreams to aspire to.

Da Vinci ***Serving on an FCIS Evaluation Team***

Melissa Alton, Director of Accreditation, and Julie Johnson, Assistant Director of Accreditation and Member Services, FCIS

FCIS schools experience evaluation every five years, and one of the best ways to prepare for an evaluation is to participate in an evaluation. In addition, team members cite that serving on a team is one of the best forms of professional development. Learn the responsibilities and duties of a team member, and what a visit looks like from the other side. At the conclusion of the session, participants may sign up to be in the evaluation team member database.

Endeavor ***Let's Talk: A Discussion About Diversity***

Jan Reeder and Donette Snyder, Riverside Presbyterian Day School

Join other diversity practitioners for an interactive, engaging, facilitated discussion about diversity, equity, and inclusion in our schools. Using visible thinking routines as a guide, we will examine how to advance diversity in our various schools, discuss what difficulties we are facing, and explore how we move toward meaningful, sustainable change. Together we will discuss ideas and strategies to create inclusive, socially-just organizations that respect and honor everyone.

Continental Ballrooms

Dr. Jeff Duke | Associate Professor, University of Central Florida

Capturing the Heart of the 21st Century Student

In today's culture of data collection & analytics how do you get the student to 'measure up'?
It begins with the strategy to capture their 'heart'.
