- You can search by title, author, keyword or subject

Student google logon -
- Many students have messages on their student google K12 account that says the password has been changed. These students MUST have a password reset. Send me an email with student's name and ID number. It should be changed within 24 hours.

Google classroom
- Some of you may not be able to create a class in google classroom. Let me know and I will work on a fix. We support all the google products if you have issues.

Web page
- Carolyn Leach is in charge of the school webpage.
- I can help with your google site. (You may wish to look at the library google site to see what is possible.)

Printing and Laminating
- Unfortunately, the library does not support copying and laminating. See Mr. Richins for paper and sending documents to the print shop. Jill Vise in the collegiate center has a laminator.
