

Intuit QuickBooks Certified User

INDUSTRY-BASED CERTIFICATION DESCRIPTION

The Intuit QuickBooks software is offered as a desktop version or online version. These certification versions are similar, but each certification has its own objective domains. Either version of the certification exam should be reported once obtained.

If completing the Intuit QuickBooks Certified User Online exam, the candidate is tested on the new features including receipt capture from a mobile device; cloud-based app support; work from anywhere on any device; instant file access for accountants; and scheduling and sending invoices automatically.

If completing the Intuit QuickBooks Desktop exam, candidates are being tested on basic accounting knowledge and utilities of the QuickBooks Desktop software that includes pre-built sample companies, multiple company files, annual updates, and data backed-up and restored.
